Hubbard's Fertilizers!

The leading farmers and canners through Pennsylvania, New Jersey, Delaware and Maryland speak in their praise, declaring them to be positively the cheapest, the safest, the best to use. Once a trial, always a patron. Wouldn't it be a good idea for you to try them?

For Hay—

Top dress your grass this month. We have a goods that works wonders for this purpose. Try it and the cost per acre will cost less than you imagine.

Asparagus—

Are you going to do anything to it this spring? If so, we have the goods. It has Nitrate of Soda and Fish as the source of ammonia, and runs high in Potash and Phosphoric Acid. Some of the finest Asparagus grown in the country is with this goods.

For Corn—

You fertilize your wheat, why not your Corn? It will pay. We have many customers who use it year after year. We have one man in Delaware already ordered 70 tons. We have two more in Maryland who have their orders booked now for 20 tons each, and so on we could give them to you by the score.

Peach Trees—

Many orchards have been taken up the last few years, and peaches brought a good price last year, and don't you think it would be a good idea for you to feed your trees with our FRUIT GROWER, as it has given universal satisfaction. One patron last year claims to have gotten 30 cents per basket more for the same variety where it had been used. We have scores of testimonials concerning it.

Potatoes—

Well, you should use our High Grade Potato Fertilizer if you are going to plant, for this goods has been used for years in four States with the greatest success. It costs $30 per ton, but Mapes and some of the other goods costs $10 more, but we have never come in competition with other high grade Potato goods that ours has not been equal to any and superior to many. There is hardly a day in the last few weeks that some one from Kent or Queen Anne's has not dropped in our office and said: "That Potato goods of yours is the best ever used, and will want more this spring."

For Tomatoes—

Well, you have heard about our Peerless. Mr. Jacob Shriley says it is the best goods h ever saw for tomatoes. Mr. Stewart Graham writes where Peerless went alongside another goods one looked like manured and the other as if it had none and that Peerless yielded over one third more tomatoes.

Mr. B. H. Moore writes: "I used Peerless on 2 acres, sold 27½ tons at 12 cents per basket; netted me $198.40." D. F. Loose says one ton netted him $96.00 more than another ton of $18.00 goods alongside. C. R. Dashiel says he would have it if it cost $50.00 per ton. Smith, Rouse & Webster, the great canners, say they never heard of goods spoken of more highly. We can furnish hundreds of testimonials. Many have told us their yield from it was four and five tons more per acre.

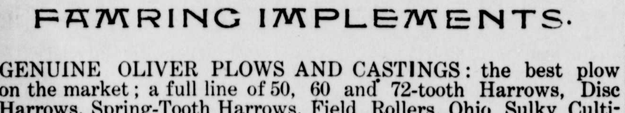

☞Now, if you want to sow OATS or top dress your STRAWBERRIES, plant SWEET POTATOES or need a goods for TRUCK, or want anything in the FERTILIZER line, please call on or correspond with us before making your purchases.

THE RUSSIAN-JAPANESE WAR.

Intense Suffering Among the Sick and Wounded, and the Families of Deceased Soldiers.

Relief Committee Composed of Many Promiuet Citizens, With the Franklin Trust Company as Treasurer, Appeals for Aid.

Touching appeals from Christian workers in the Far East have come to prominent citizens of the United States imploring aid for the sick and wounded soldiers of both armies aud the multitude of destitute widows and orphans of soldiers killed in the war.

Rev. Y. Honda, principal of the Aoyama Theological School at Tokio, Japan, in a recent letter says: "How long this distressing condition of things will last we cannot say. The people are doing their best and every charitable agency is taxed to the utmost, but so numerous have the impoverished families become that our means of immediate relief are utterly inadequate. Could some general fund be raised for this noble purpose, and missionaries on the ground be furnished with the means of distributingand alleviating the distress of these famlies, it would indeed be a precious gift, and I assure you never be forgotten."

We may not help beligerents, but we may help the suffering and distressec. the red cross of Pity is neutral in every clime, and the claims of helpless chidren are a challenge to Christan lose and beneficence the world over.

In response to the moving appeals thus coming from Christian workers in Japan, the Japanese Relief Fund has been organized to obtain the help needed, and all funds contributed will be distributed through the Evangelical Alliance of Japan, under the oversight of Bishop Harris, who is now in that country.

The Executive committee composed of Hon. Seth Low, Bishop Greer, Bishop Harris, Chas. Cuthbert Hall, D.D. W. R. Huntington, D. D. Dr. Newell Dwight Hillis, Geo. H. Southard, Dr. Wm. Elliott Griffis, and B. F. Buck, secretary, request contributions, large or small, be sent to the Franklin Trust Company, Treasure, No. 140 Broadway, New York City.

☞About $18,000.00 has already been contributed for this purpose, $10.000.00 of which has been forwarded to Japan for distribution.

A Good Common Whitewash.—To make this white wash, suitable for all disinfecting, purifying and sweetening, especially for outhouses and cellars, take three gallons of hot water. handful each of sifted wood ashes and clean bar rel salt, with a pint of soft soap well stirred in, and add slacked lime until thick as good buttermilk, apply plentifully with a brush. For inside walls take one bushel of unslacked lime, 3 pounds of sugar, five pounds of salt. Slack the lime in cold water, add the salt and sugar strain through a sieve, and reduce to the proper consistency with cold water, applying with a brush. This is recommended for brick or rough board walls.

If a Cow gave Butter

mankind would have to invent milk. Milk is Nature's emulsion—butter put in shape for digestion. Cod liver oil is extremely nourishing, but it has to be emulsified before we can digest it.

Scott's Emulsion

combines the best oil with the valuable hypophosphites so that it is easy to digest and does far more good than the oil alone could. That makes Scott's Emulsion the most strengthening, nourishing food-medicine in the world.

No Such Thing as Overwork.

Do we suffer from overwork? A practical method of determining the measure of fatigue is to trace the tired feeling to its source. We may learn that what we have been calling overwork is nothing more nor less than worry or boredom. The human machine was built to work.—Dr. Cater.

Very Senseless.

He—Do you really think it hurts a man to be hit with one of Cupid's arrows? She—No. As a rule, he merely becomes senseless for a time.—Chicago Record-Herald.
