The Transcript.

Subscription $1.00 Per Year.

SATURDAY, JULY 1, 1905.

LOCAL MATTERS.

Change in Steamboat Captains.—The Md. Del. & Va. Railroad Comprny, (Chester River Division) has made the following change in the captains of their steamers. Capt. Clarke has charge of the Emma A. Ford; Capt. Taylor goes back to the Gratitude and Capt. Jones, of Queen Anne's, takes the B. S. Ford.

Automobile Explodes.—A special dispatch from Betterton at 6 o'clock yesterday evening states that one of the automobiles owned by Mr. Frank Crew exploded at Betterton yesterday evening. The explosion set fire to both automobiles and the house in which they were kept, and all were burned. A party was just getting ready to make the trip to Still Pond. This kills our article on the front page. No one was hurt.

First Shipment of Peaches.—The first shipment of Eastern Shore peaches this season was received in Baltimore on Monday. The shipment, which consisted of one basket, was grown by Mrs. W. M. Wilson, Rock Hall. This shipment is about ten days earlier than the first shipment last year. The fruit was beautifully colored and thoroughly ripe. The Kent county peach crop is reported as being almost a total failure this year. Many of the farmers with orchards of 2000 or 3000 trees will not get enough to can.

Accident to Mr. Webb.—Mr. Jas. S. Webb, a prominent grocer of Locust Grove, met with a painful accident on Wednesday. Mr. Webb was filling the candy dishes when he stuck a piece of glass into his hand about one-half of an inch deep. He paid little attention to it, but later found he was unable to stop the bleeding. He was then taken to Galena by Miss Sussie Hall, to Dr. Scott, where the wound was dressed. The glass was all removed and several stitches taken. He is getting along nicely at this writing.

Fine Variety of Peaches.—The TRANSCRIPT is indebted to Mr. H. L. Crew, of near Betterton, for a sample box of his new variety of peach known as "Onward." The peach is one of the earliest known varities to ripen and Mr. Crew states that the peaches were in eating condition on the 21st of June. The peach is about the size of the "Early Rivers" and has a beautiful flesh. They are of fine flavor and we are told ripen at a time when the markets are most ready to receive them. They are, therefore, ready sellers.

Dr. Simmons in a Runaway.—The fine driving horse of Dr. H. Benge Simmons became frightened at a traction engine yesterday morning near Fairlee and dashed away. The bridle broke, and the horse, which was being led past the engine, became unmanageable. The team collided with a wagon and the doctor was thrown out on his face and stomach. He received some very painful bruises and sustained a severe shock. It was a narrow escape for the doctor as the carriage was torn to pieces. Lorenzo, the colored driver, was not hurt. At the hour of going to press yesterday the doctor was resting quietly though suffering considerable pain. Dr. Geo. W. Simmons will have charge of the doctor's practice during his indisposition.

LITTLE LOCALS.

*†*There are indications of many removals among the farmers of the county next year.

*†*Mr. W. U. Scoone succeeds Mr. Hero Kelley to-day as mail driver of the Rock Hall route.

† Mr. Robert Shalleross has sold his valuable driver, "Black Jack" to Mr. John Newnam, of Galena.

*†*Senator Foxwell, one of Kent's most prominent agriculturalists, says that the wheat crop in Kent this year is the largest and best for many years.

*†*Next Tuesday the Fourth of July, will be a legal holiday. The banks and public offices will be closed. The post-office will observe special hours for the delivery of mail.

*†*The sprinkler man got mad this week because Jupiter Pluvius insisted upon doing his work. Never mind, Mr. Sprikler man, you may find plenty of work in August.

*†*The thirty-eight annual meeting of the Maryland State Teachers' Association will be held at Blue mountain House, Md., on July 11th, 12th, 13th, 14th, 1905.

† Mr. James S. Harris, of near Still Pond, has been appointed a member of the Auditing Committing, vice Mr. J. F. M. Woodall resignedi on account of his numerous business duties.

*†*Mr. Howard Loper, of Millington, has gone to Hartford, Conn., where he has accepted a position with the Aetna Life Insurance Comany. He will have charge of the company's office there.

*†*Linemen of the Diamond State Telephone Company have been at work during the week laying new cable. An additional switch board is being placed in the exchange and all night service will be established about Aug. 1.

*†*Mr. John I. Brock has sold his fine road mare "Allice Brock" to Mr. James W. Walls, of Crumpton, for $300. It is understood that Mr. Walls is acting as agent for Mr. James Austin, of Wilmington, in the purchase.

*†*Mrs. S. A. Ivens has purchased, through J. Waters Russell, real estate, the Reed house on High street opposite Sacred Heart Church for $650. Mrs. Ivens house where she now resides is for sale or rent.

*†*Hail accompanied the thunder storm in Kent on Monday afternoon, and a change of about 20 degrees in temperature resulted. The wind was heavy in Broad Neck locality, and in places the wheat was badly blown down.

*†*A large canopy-top touring car, owned by New York parties, and which had been quartered at the home of Mr. J. Biddle Hossinger, near Lynch's, came to town on Monday evening, as did also a six-passenger car from Betterton. Mrs. Biddie Hossinger accompanied the one from her home.

*†*Mr. William Shinn now tenanting the Mr. Thomas Hill farm in Morgnec, will tenant Mr. J. Biddle Hossinger's farm in Quaker Neck, now tenanted by Mr. Robert Ford, next year. The report that Mr. Percy Hendrickson has rented the farm is a mistake. Mr. Wm. Moffett, of Lynch's, will tenant the Lambert farm.

† Mr. J. F. Cochran, of near Galena, sent a bunch of five stalks of asparagus to Baltimore a few days ago, which weighed forty-two ounces. Capt. Geo. J. Tarbutton, of Georgetown, had one stalk of the monster growth which measured six inches in circumference. Mr. Cochran is one of the most successful asparagus growers on the Eastern Shore.

† A young horse driven by Mr. Lusby Nicholson, near town, took fright at the steamboat wharf on Thursday morning. He dashed up High street and in his efforts to stop the horse Mr. Nicholson pulled him into a telephone pole in front of the Second National Bank. The wagon was demolished.

*†*Mr. T. E. W. Crew will tenant the Janvier farm in Shrewsbury Neck next year. Mr. Crew has been tenanting the farm near Tolchester for several years past. Both he and his estimable wife are active members of Wesley Chapel M. P. Church, and they will be a great loss to that church. Wesley Chapel's loss will be Kennedyville's gain, we are quite sure.

*†*Mr. Joel T. McGinnis left at the store of Mr. D. A. Bacchus, on High street on Tuesday morning a sample box of *white* blackberries. Mr. McGinnes is experimenting with this new fruit, and believes he has struck something fine. The berries are very rich in flavor and of a good size, and are a real curiousity in this locality.

† Dr. Charles P. Gilpin showed us a curiosity this week in the shape of a part of a pine tree trunk. From one point in the trunk a limb had grown out, out it made an upward circular growth directly into the trunk of the tree about a foot and a half from the point of shooting. The formation is a perfect loop. The growth is perfect. The doctor will have the wood thoroughly polished and finished and will place it among his interesting curios.

*†*Farmers are very much elated over the prospect for a large yield of wheat this year. Mr. Wm. Ford, Supt. of County Almshouse walked out into Mr. Greenwood's field on Monday and examined several heads. In most all of them he found 35 grains, which idicates a splendid yield. One farmer living near town wanted to borrow his neighbor's lawn on which to place some of his shocks, claiming that he did not have place to put them all on his own field. This farmer lives near the strawboard mill and has an excellent field of wheat.

Contract Awarded for Bridge.

The Board of County Commissioners on Tuesday awarded a contract for building a bridge over Fannel's branch to contractors W. S. & A. M. Culp, of Chestertown, whose bid, $2,100, was the lowest. The bidders and their bids were as follows, all very close: W. S. & A. M. Culp, Chestertown, $2,100; Old Dominion Bridge Construction Co., of New York, $2,225; Berlin Construction Company, Berlin, Conn., $2,295. The York Bridge Company, which has constructed many of the bridges in the county, failed to put in a bid. Mr. Drury, their genial representative, who had been here looking after the interests of his company, got married and went west on a wedding tour, and overlooked the date for filing bids. That's a good one on Mr. Drury. It's a clear case of getting married before "crossing the bridge."

OBITUARY.

WILLIAM R. MILLER.

William R. Miller, of Baltimore, formerly of Galena, this county, died at his home in Baltimore on Sunday last in the 60th year of his age. The deceased was the son of the late Alexander Miller, formerly a prosperous citizen of Galena. The remains were brought to Galena from Baltimore, where funeral services were held on Wednesday in the Methodist Episcopal Church. Interment made in Galena cemetery. Undertaker Wm. T. Hicks had charge of the funeral arrangements.

(Continued from First Page.)

PERSONAL MENTION.

Mr. Norris, and daughter, of Pittsburg, Pa., have been the guests of Mr. and Mrs. Wm. G. Evans on Front street, during the week.

Prof. S. Walter Sparks, wife and child, of Baltimore, and Mr. Emerson Sparks, of Crumpton, have been the guests of Mr. and Mrs. Arlington L. Sparks, on Park Row, during the week.

Miss Ada Stephens, of Crumpton, is the guest of Mrs. Washington Woodall, on Cannon street.

Mrs. Wm. F. Russell spent several days in Baltimore this week.

Mr. Kent Lambert, of Baltimore, has been the guest of his parents, Mr. and Mrs. George E. Lambert, at Hotel Voshel during the week.

Mr. Earle Duyer, of King Bros., publishers, Baltimore, is enjoying a short vacation at home. Mr. Duyer was formerly employed with the TRANSCRIPT.

Miss Bessie Ball returned from Baltimore, where she has been under the treatment of a specialist for some months, Wednesday evening. We are glad to state that Miss Bessie is somewhat improved in health.

Mr. Hildt, representative of the Western Maryland Railroad, has been in Chestertown during the week on business.

Misses Ada and Hallie Middleton, of Rock Hall, have been the guests of their aunt, Mrs. Capt. J. W. Blount, on Mill street.

Mr. Philip Easley, son of Rev. J. W. Easley, of Kentucky, is the guest of Master Thomas Eliason, on Spring avenue.

Mr. and Mrs. T. B. Elliott were called to Baltimore last Tuesday to the bedside of their daughter, Mrs. C. H Wise, who at this time is still very ill.

Mrs. Rachel B. Taggart has returned to Hawthorne Place, Betterton, Md., from Gardiner, New Mexico. She made the trip via Chicago, was entirely unaccompanied, and reached Philadelphia in perfect health after a journey of three days and three nights en route. An extra day and night was also caused by a washout on the Santa Fe railroad, near Kansas City, Mo., which caused a delay but no accident. Mrs. Taggart is the grand-daughter of Samuel Ringgold, Esq., late of Mt. Pleasant, homestead near Chestertown, Md.

Miss Henrietta Merritt, who has been attending school in Baltimore, is the guest of her aunt, Mrs. Judge James Alfred Pearce.

Miss Emma McFeely, of Pennsylvania, is spending some time with her father, Mr. William J. McFeely, at the college.

Mr. Louis Kaplan, of Baltimore, has been the guest of his father, Mr. Harris Kaplan, during the week.

Mrs. Percy Skirven and children, of Baltimore, have been the guests of her mother-in-law, Mrs. Angeline Skirven, near Fairlee.

Miss Adelaide Howard, of Baltimore, spent Sunday with her grandfather, Mr. Lewin S. Fowler, on High street.

PUBLIC SCHOOL NOTES.

The tax-payers of Rock Hall presented a largely signed petition to the School Board at its meeting on Tuesday asking for the erection of a $10,000 school building in that town. The Board replied that the only way the money could be furnished is through the county commissioners, and they can only issue bonds by legislative enactment. The people of Rock Hall are vitally interested in the welfare of their school, and it is likely that steps will be take to secure proper legislative enactment that will lead to the providing of funds necessary for the erection of a fine building. In the meantime the School Board has provided for the erection of additional rooms to the building, which will greatly increase the accommodations.

Mr. D. A. Bacchus, representing the Board of Trustees, and principal J. L. Smyth, of the Chestertown High School, appeared before the Board on Tuesday and asked permission to install electric lights in the Assembly room and hall ways at the expense of the school. The request was granted. These gentlemen also asked for the erection of fire escapes to the building. The Board asked to be put in communicaton with parties who erect such apparatus.

Examinations for teachers' certificates were held in the Chestertown High School building Thursday and Friday. Quite a number of applicants took the examinations, including a high school graduate of Baltimore.

THE BEST FRIENDS OF PE-RU-NA ARE THE MOTHERS AND CHILDREN

When Sickness Comes to the Little Ones

It Is the Mother Who Chiefly Suffers.

She suffers even more than the child who happens to be sick.

Her sympathy is deeper than that of any other member of the family.

The mothers look forward with dread to the torrid heat of summer, thinking of their children and the many liabilities to disease that are before them.

Spring and summer are sure to bring ailments, especially among the little folks.

It does not take a mother very long to discover that Peruna is the best friend she has in times of illness among the children.

The doctors may come and go with their different theories and constant change of remedies.

The doctor of years ago gave entirely different remedies than he does today.

Each year finds some change in his prescriptions and in the drugs he relies upon.

A Multitude of Mothers

Have discovered that Peruna is the stand-by, and that in all the ailments of spring and summer to which the children are subjected, Peruna is the remedy that will most quickly relieve.

Whether it is spring fever or stomach derangement, whether it is indigestion or bowel disease, a catarrhal congestion of the mucous surfaces is the cause.

Peruna quickly relieves this condition of the mucous membranes. Its operation is prompt, the children do not dislike to take the medicine, it has no deleterious effects in any part of the body.

It simple removes the cause of the disagreeable symptoms and restores the health.

Peruna is not a physic. Peruna is not a nervine nor a narcotic. Peruna does not produce any drug habit, however long it may be taken. Peruna is not a stimulant.

Peruna is a specific remedy for all catarrhal ailments of winter and summer, acute or chronic.

The mothers all over the United States are the best friends that Peruna has.

The Mothers Hold Pe-ru-na in High Esteem,

Not only because it has cured them of their various ailments, but because it always rescues the children from the throes and grasp of catarrhal diseases.

We have in our files bushels of testimonials from mothers whose children have been cured by Peruna. However, the large majority of mothers who use Peruna, we never hear from.

But we do hear from a great number of mothers who are so overjoyed at some special good they have received from Peruna that they cannot restrain their enthusiasm. They are anxious to share these benefits with other mothers.

The Benefit Which the Children of the United States Have Received From Pe-ru-na Can Never Be Put Into Words.

The chronic ailments it has prevented, the suffering it has mitigated, will never be fully recorded.

But at least this much can be said that the coming generation owes a great debt to Peruna, for it is in the tender years of youth that slight ailments are liable to develop into lasting disease, thus blasting the whole career of the individual.

The mothers who are bringing up their children to-day to believe in Peruna are doing a great work for humanity.

These children brought up to believe in Peruna from the start, will, when they become heads of families themselves, use Peruna with unquestioning faith.

Pe-ru-na Protects the Entire Household.

As soon as the value of Peruna is appreciated by every household, both as a preventive and cure, tens of thousands of lives will be saved, and hundreds of thousands of chronic, lingering cases of catarrh will be prevented.

Mrs. Thresa Rooke, 258 N. Ashland Ave., Chicago, Ill., Treasurer Ladies' of the Maccabees, writes:

"In our home Peruna is the only medicine we have. Grandmother, mother, father and child, all have used Peruna. It is our great remedy for catarrh of the stomach and head, colds, and female complaints of which it has cured me.

"We find it of great value when my husband becomes worn out or catches cold. A couple of doses cure him.

"If the baby has colic, or any stomach disorders, a dose or two cures her. "I consider Peruna finer than any doctor's medicine that I have ever tried, and I know that as long as we have it in the house, we will all be able to keep in good health."—Thresa Rooke.

No Doctor Required.

Mr. Edward Otto, 927 De Soto street, St. Paul, Minn., writes:

"I cannot say enough for Peruna. It has done great work in my family, especially for my oldest boy. We had doctored with three or four different doctors and they did not seem to do him any good.

"We gave up hopes of cure, and so did they, but we pulled him through on Peruna.

"We had several doctors and they said they could do no more for him so we tried Peruna as a last resort, and that did the work. Since then we keep it in the house all the time, and no doctor is required."—Edward Otto.

Pe-ru-na Contains No Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotic of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh.

There are a multitude of homes where Peruna has been used off and on for twenty years.

Such a thing could not be possible if Peruna contained any drugs of a narcotic nature.

Mr. G. H. Farmer, New Martinsville, W. Va., writes:

"Our little son, Harry, is well and healthy now and we think if we do as you directed us, he will keep his health and grow strong.

"We know that our little son's life was saved by your wonderful medicine, Peruna, and we shall always praise Peruna and use it in our family when needed.

"Should we have any more catarrhal trouble in our family, we shall always write to you for treatment."—G. H. Farmer.

Mr. Howard Andrew Sterner, Muddy Creek, Pa., writes:

"I have Peruna in my house all the time and won't be without it. It is good for children when they take a cold or croup. It cured my baby boy of croup.

"I have introduced Peruna into six families since I received your last letter, and four have seen relief already."—Howard Andrew Sterner.

Pe-ru-na Should Be Kept In Every Household

Where There Are Little Children.

Peruna should be kept in the house all the time. Don't wait until the child is sick, then send to a drug store. But, have Peruna on hand—accept no substitute.

Children are especially liable to acute catarrh. Indeed, most of the affections of childhood are catarrh.

All forms of sore throat, quinsy, croup hoarseness, laryngitis, etc., are but different phases of catarrh.

Mrs. Amelia Sailer, Menasha, Wis., writes:

"I have used Peruna for a number of years." It cured me of chronic catarrh which I suffered with from infancy.

"When my three children were born they all had catarrh, but I have given them Peruna and find it very effective in ridding them of this horrible trouble. I find that it is also good to give them as a tonic and a preventative of colds and colic.

"In fact, I consider it a household blessing. I would not know how to raise my children without it. I am pleased to give it my recommendation."—Amelia Sailer.
