Kennedyville W. C. T. U.

The Home Mission service of the Kennedyville W. C. T. U., which was to have been held June 9, was unavoidably postponed and was held on Wednesday evening of last week, the 14th inst, in the M. P. Church. After a short song service, with Mrs. Annie S. Redmile at the organ, the meeting opened with singing, "Trust and Obey;" prayer by Mr. W. J. Hurlock, and a very instructive scripture reading by Mrs. M. J. Othoson. As each one entered the church a little boy at the door presented them with a card bearing a quotation from Miss Willard which each one was requested to read aloud. Quite a number responded. Minutes of the last meeting were read by the secretary. A very interesting sketch of Jennie Cassidy and the object of Flower Mission was given by Mrs. Emma Shafer. Little Miss Bertha Price sang very sweetly a beautiful solo, "Roses Blooming Everywhere."

The president, Mrs. Othoson, introduced as the speaker of the evening Rev. Albert Chandler, of Smyrna, who gave a most excellent temperance talk. He spoke of the serpent that crawls over our land and that lurks in the social wine glass to tempt boys and girls to ruination and destruction; some times the very best and brightest, those who hold high positions in life, fall victims to his wily schemes. He said he had great sympathy for the drunkard, his wife and his children, and spoke of the disgrace of being a drunkard's child; how they are shunned and avoided even though they themselves may be worthy of better treatment. Some claim liquor is a necessity in cases of illness, but this has been clearly proven to be a mistake. Whiskey is more destructive than war. Pensions are provided for the soldier's widow, but there is no pension for the drunkard's wife. He spoke of the indifference of christian people who manifest their consent by their silence and wait for the W. C. T. U. to take the lead. He asked the pertinent question: "Where do you stand in this matter and what are you doing to rid our fair land of this terrible curse and to bring prosperity and happiness to the homes of those that are blighted with misery and woe through this great evil? What are you doing to stop all this crime and close the door of the iniquitous saloon?" Echo, "What are you doing?"

The floral offerings were profuse and beautiful. Three large boxes was sent to the hospital in Philadelphia of which Mrs. Maggie Long is an inmate, she having been seriously injured by the falling of a bill-board while hurrying to reach her home during a terrible windstorm which visited Philadelphia some weeks since. Mrs. Long was before marriage Supt. of Flower Mission for our Union, and we wish to do for her what she took so much pride in doing for others, and to show our appreciation of her former service and our sympathy for her in her affliction.

STATE PHARMACISTS.

Maryland Association Closes its Session—A Successful Meeting at Betterton.

The Maryland Pharmaceutical Association closed its twenty-third annual meeting at Betterton last Friday morning. Everyone present and those who had attended the sessions seemed more hopeful for its future usefulness, since much had been accomplished and perfect harmony had prevailed during all the sessions. The fact that the Maryland Board of Pharmacy has always expressed its willingness to be guided by the instructions of the State Association, makes this body an influence of great importance to all classes of citizens. The installation of officers took place on Thursday evening at a special session held in connection with the banquet held at charming Hotel Rigbie. There was a pleasant and profitable mixture of gravity and levity prevailing. All the new officers present pledged themselves to work industriously for the Association and welfare of the commonwealth.

In the absence of President M. A. Toulson, First Vice-President Howard, presided, during the morning session, which was largely given up to unfinished business and the reading of papers. All those connected with the convention excepting Mr. Henry Howard, Vice-President, and family, left on the afternoon boat. The members of the convention and the visitors in general were loud in their praise of the hospitality of the good people of Betterton and the splendid accommodations furnished by the proprietors of the hotels and cottages. They found Betterton a most ideal spot for holding a convention, and they were loathe to leave the shrine of cool breezes and splendid conveniences. The following is a full list of those who have attended the meeting and taken part in the business and social sessions:

Mr. and Mrs. J. E. Henry, Charles Schmidt, Henry F. Baker, A. R. L. Dohme, M. A. Toulson, Henry Howard, C. S. Smith, Charles Morgan, H. A. R. Dunning and A. B. Ellis.

Mrs. A. H. Stam and Mrs. Lottie Roberts.

Misses Hallie Toulson, Mabel Toulson, Annie Stam, Janie Cooper, Lillie Hancock, Anna Leary, Natalie Hynson, Clara Dohme and S. J. Torsch.

A pair of Carroll's tan, oxford or canvas shoes would be just the thing to wear on the Fourth. Every foot he dresses for the Fourth will be good looking and comfortable. Go to Carroll's, next door to postoffice, for your shoes, slippers and Oxfords.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent. of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by M. A. Toulson, Druggist.

LAW AS TO FISHING.

The Season Opened Friday and the Game Wardens are Watching.

Fresh water fishing began in Maryland waters Friday. Assistant State Game Warden Oregon Milton Dennis has had copies of an abstract of the laws posted near the popular fishing waters, and deputy game wardens are looking carefully to the enforcement of the laws, which are as follows:

"No person shall catch or in any manner take or kill in any waters of this State, above where the tide ebbs and flows, any black bass, pickerel or pike perch, otherwise known as wall-eyed pike, and California salmon, between the first day of April and the fifteenth day of June, both inclusive, in each and every year, in any manner whatsoever, nor at any time, save only with rod, line and single hook, baited with natural bait, or tied with the artificial fly, or with a spoon or spinner, each equipped with a single hook, or of any size less than 8 inches, measuring in the case of each fish from the tip of the nose to the end of the caudal fin or tail, under a penalty of $5 for each fish so unlawfully caught, taken or killed.

"No person shall catch or in any manner take or kill in said waters, at any time, any white perch of any size less than 7 inches in length, or any yellow perch of any size less than 8 inches in length, or any pike less than 14 inches in length, or any rock, otherwise known as striped bass, or any tailor of any size less than 10 inches in length, measuring, in the case of each fish, from the tip of the nose to the end of the caudal fin or tail."

Fine Wheat.—"The Smyrna Call Says: "There's a sample of wheat at the Call office that measures five feet ten inches and the heads are unusally large and full. It is from the farm of E. W. Lapham, near Clayton, and it is a fair specimen from a splendid field over which Mr. Lapham feels justly proud. Wilbur W. Hubbard's Phosphate was used on this field."
