DEMOCRATIC PRIMARIES.

The Democratic voters of Kent county are hereby requested to assemble in the several Election Districts at the usual places of holding primary elections, on SATURDAY, THE 7TH DAY OF JULY, 1906, at 2 o'clock P. M., for the purpose of selecting six delegates from their respective districts to meet in Convention to be held at the Court House in Chestertown, on TUESDAY, the 10th day of JULY, 1906, at 12 o'clock noon, TO SELECT DELEGATES from Kent county to the First District Congressional Convention which will be held at Ocean City, Maryland, on Thursday, the 12th day of July, 1906, for the the purpose of nominating one candidate for Congress.

Where there are two precincts, each precinct will be entitled to three delegates.

LEWIN W. WICKES,
JAMES W. IVENS,
JOHN C. REDMILE,

Democratic State Central Committee for Kent County.

CONGRESSMAN Jackson has "cooked his goose" in Somerset by turning down A. Lincoln Dryden. He'll be licked out of his boots for Congress by Thomas A. Smith next fall.

COMMENCEMENT WEEK in Chestertown has demonstrated that we have just as good educational facilities here as can be found anywhere in the State. Chestertown is distinctively a college town and Washington College is one of the best educational institutions in the State.

IF THE Baltimose Sun can succeed in bringing about the election of United States Senators by the people instead of by members of the Legislature, as at present provides, the TRANSCRIPT will say "amen," for whatever it may cost the candidate to secure the nomination and election, it will cost the people less in the long run, and will give the people the chance to send men of brains to the Upper House of Congress.

THE PLUMS which fell from the Republican plum tree this week at the "shaking" by Secretary Bonaparte will cause the defeat of the Republican party in the future in the State. The Democratic party will need no leader so long as Bonaparte continues to "run things" in the Republican camp. It was a shame to turn Malster out, and the aristocratic frenchman should have had more gratitude and respect for old age. And he had very little respect for civil service regulations either.

IT IS MUCH to be regretted that Gov. Warfield was unable to keep his engagement at the corner stone laying of the new Washington College administration building on Tuesday afternoon. The first corner stone of the college was laid by a distinguished Governor of the State, and it would have been no small honor for Gov. Warfield to have been present on the second auspicious occasion in a similar capacity. We believe the Governor was just as much disappointed as the people here were, and it is hoped that he may find an opportunity to visit Kent in the near futore.

Tolchester Fair.

Great preparations are being made for the Kent, Queen Anne's and Cecil Fair, to be held at Tolchester Aug. 28, 29, 30 and 31. Secretary Geo. E. Noland is busy looking up entries for the various races and as there are no races elsewhere for that week, a fine list of horses is expected to compete for the purses. Special efforts are also being made to have a creditable display in Exhibition Hall and in the Childrens' department, and from present prospects the fair will be a great one this year. THE ALUMNI BALL GAME.

It is safe to say that the game of base ball on Wednesday afternoon, on the athletic field between Washington College and the Alumni Association was the finest game of ball seen on the college diamond in years. It was of the really professional article, and both teams played the game in a most scientific manner. Zearfoss and Burris, the finest battery that Washington College has ever produced, were in the points for the alumni, and it was a treat to the great crowd present to see the work of these two favorites again. The catching of Zearfoss was as usual gilt edge, and his throwing to bases was such as to cause the boys of W. C. to "hug the sacks for fear of that right arm." It must be remarked however that the battery of W. C., Wilson and Knotts, was none the less effective, and the catching of Knotts was fine in every respect. Wilson demonstrated his great ability as a pitcher, by keeping the hits of his opponents well scattered, and his great effectiveness with men on bases. The game was brim full of features from start to finish. Some of them were:

The catch of a foul fly by Knotts, when he fell head long over the players' bench, but retained the ball.

The beautiful left hand catch by McGinnes of a long drive to deep center. It was the most beautiful catch seen on the diamond in years.

The long drives by Knotts, White and Zearfoss.

The throwing of Zearfoss to bases.

The double plays executed by both teams.

It required eleven innings to finish the game, and every inning was contested in truly professional style. The final score was 6 to 5 in favor of the Alumni, which presented the strongest team since its organization. The playing of the college team was a revelation to those who had not witnessed any of the games this year, and emphasized the fact that this year's college team was the strongest the college has had in years.

The lineup of the two teams was as follows:

W. C.		ALUMNI.
Wilson	pitch	Burris
Knotts	catch	Zearfoss
White	1st base	Massey
Dixon	2nd base	Charles
Moore	short stop	Crew
Siak	3rd base	Hitch
Truitt	left field	Cameron
McGinnes	center field	E. Eliason
Garrison	right field	Brice

Umpire Mr. Wallen, of Millington.

COMMENCEMENT NOTES.

It was a great disappointment to the people of the town, as well as to the authorities of the college, that Governor Warfield was unable to be present at the laying of the corner stone because of sickness. The Governor would have considered it an honor to be present on such an occasion, and a royal Eastern Shore welcome was in store for him. Chief Judge James Alfred Pearce made a most excellent substitute for the Governor, however, and delivered a most beautiful historical address. He proved himself a wielder of the trowel as well as a dispenser of justice, and very gracefully applied the mortar and laid the stone. Dr. M. Bates Stephens, State Superintendent of Education, was an honored guest of the occasion, and delivered the address on the program assigned to Governor Warfield.

The commencement exercises, notwithstanding the inclement weather were the most largely attended within the history of the college. Many relatives and friends of the graduates were present, and many alumni were here to renew old associations and to enjoy commencement. Nearly two hundred people were compelled to leave the hall on Wednesday morning because of the impossibility to secure even standing room.

A splendid luncheon was served on the State steamer Gov. McLane on the trip from Baltimore on Tuesday. Those who enjoyed the trip over were Secretary of State Oswald Tilghman, Gen. A. Leo Knott, A. S. Goldsborough, Esq., Jas. W. Chapman, Jr., Esq., John Morris, Esq., Senator Clarence W. Perkins, Hyland P. Stewart, Nathaniel McGinnis, Dr. M. Bates Stephens and Harry J. Hopkins. They were safely piloted by Commander Thos. B. Howard, of the State Fishery Force, and all were guests of President Cain and the Board of Visitors and Governors at a splendid luncheon served in the gymnasium after the arrival of the steamer. They were also guests at the alumni banquet on Tuesday night.

The distinguished visitors from Baltimore and elsewhere remarked upon the beauty of the campus and the entire college surroundings. It is, indeed, a most beautiful spot, and every one interested in the college should feel proud of the superb location of his alma mater. Janitor Frazier surely knows his business.

State Senator Clarence W. Perkins made a most admirable toastmaster and president of the alumni association. He, too, did much for the college during his administration and his efforts are greatly appreciated. His successor, Jas. W. Chapman, Jr., will no doubt prove a most valuable and efficient officer, as he has a member of the association.

Weber's Band discoursed splendid music for the several events. They have been furnishing music for commencement for the past twenty years and each year the strains grow sweeter and more soul stirring. We look upon them as old friends.

President James W. Cain proved himself a master executive by the splendid manner in which he handled all the intricate details incident to a big commencement. He is the right man in the right place.

The Alumni Banquet Committee, Messrs. Wilbur W. Hubbard, Fred G. Usilton and Prof. E. J. Clarke, are to be congratulated upon the excellent management of the arrangements for the banquet. It was served in excellent style by Caterer Fiedderman, of Baltimore, and enjoyed by about 70 guests. The toasts were excellent.

Miss America Virginia Reich, who awarded the diplomas at the class day exercises on Monday morning, prepared them with pen and ink. Her talent as an artist, especially in pen and ink, was splendidly displayed by the execution of the diplomas. They were considered as rare prizes by the graduates.

Such a game of ball as that on Wednesday afternoon would have done credit to any professional diamond.

Thursday was "packing-up" and "getaway" day on college hill, and every boy and girl got busy with trunks and grips. They are all at home now thinking of what might have been.

Master Roberts Greenfield, son of Dr. and Mrs. D. L. Greenfield, led his class at college with the splendid average of 94.6. This is Master Roberts' first year in college, and he is destined to make his mark in the educational world.

The graduates received numerous and handsome presents. One young lady received 50 presents, among them being a handsome gold watch and chain from her parents. Another graduate received a gold watch and chain, while still another was the recipient of a handsome diamand stick pin.

CHESTERTOWN HIGH SCHOOL.

The commencement exercises of the Chestertown High School were held in the Assembly Hall of the School on Wednesday evening at 8 o'clock. The annual exhibition of the work of the pupils in drawing and manual training was held on Tuesday afternoon. The various specimens in drawing, woodwork, pyrography, and iron work, were certainly a great credit to the students, as well as to the instructors, Prof. Blades and Miss Brooks, and many of the patrons of the school examined the work during the day. There were two graduates at the commencement—Misses Pearl Woodall and Eunice Lambert. Miss Woodall selected as the subject of a well-written and splendidly delivered essay, "The Influence of Chrisianity Upon the World." Miss Eunice Lambert's subject was "The Influence of Woman," and she not only ascribed to the nobler sex the high honor and sweet influence which belong peculiarly to them, but she delivered her speech in a most pleasing manner. The address of the evening was delivered by Rev. Albert Jamison, of Kennedyville, and Supt. Melvin delivered the diplomas.

ROCK HALL HIGH SCHOOL.

The commencement exercises of the Rock Hall High School were held on Tuesday evening in Knights of Pythias Hall. Prof. Greenwood, the efficient principal of the school writes us that it was a great success, of which we have not the slightest doubt. We wish we could give the event the "write up" that it justly merits, but space forbids and we will be compelled to carry the school averages over to our next issue. The graduates with their subjects were:—Salutatory, "Blessings of Liberty," Rosa B. Ayres; Essay, "Service," M. Nealie Willson; selection, "The Graduate," Edna Durding; valedictory, "Happiness," Marguerite Hersch. The full program was as follows:—

PINEY NECK SCHOOL.

Interesting commencement exercises in connection with the closing of Piney Neck School, Miss Lula Thomas, principal, were held on Monday afternoon in Piney Neck M. E. Church. There were no graduates, but a very interesting and enjoyable programme was rendered. The church was filled with patrons and friends of the school, which is in a flourishing condition under the guidance and supervision of Miss Thomas, assisted by Mr. Arthur Greenwood and Miss Louise Carroll.
