W. C. Loses.

Washington College and Delaware College played to a standstill on the college campus last Saturday morning in the first half, but Delaware succeeded in the second half in making a touchdown and a goal from a place kick, after a fair catch from a punt, making the score 9 to 0 at the close of the game. W. C. claimed that the touchdown was made after four downs, but the claim was not allowed. The game was played in a driving rain, making the ball slippery. The touch-down was made on straight foot ball, but previous to that all Delaware's gains were made by good end runs. Washington was stronger on the line and Delaware in the backs. The teams on the whole, though, were evenly matched. The officials of the game were Dr. Cain, W. C. referee; umpires, W. C., Biddle; D. C., Green; time keepers, W.C., Bordley; D. C., Stevens; linesmen, W. C., Wilson and Spedden; D. C., Robin; touchdown, Taylor; goal from field, Wright.

The game in the afternoon, under better weather condition than that which marked the morning's game, neither Polytechnic or the second team of Washington College were able to score. The game was one of the fastest seen on the local gridiron this season, and rivaled the morning's game in every particular. The features of the game were undoubtedly the playing of Latham, Butler and Huey, for Washington. W. C. advanced the ball to within a few yards of Polytechnic's goal in the first half, but a "forward pass," which fell into the ready arms of one of the latter's men spoiled a possible touchdown. W. C. in the second half, weakened by several substitutes, were outplayed and swept off their feet repeatedly. Big holes were torn in the home team's line and through these Polytechnic's backs would rush for good gains. From one of these plays, a Polytechnic player emerged with a clear field before him, and a moment later Polytechnic's runner lay stretched on the trampled turf. Time, only, saved W. C. from defeat. Mr. Thomas W. Perkins was the referee.

Washington College team goes to Chester, Pa., to-day to play the Penn Military College team.

Letter to M. A. Toulson.

Chestertown, Md.

Dear Sir: Here's a tale with three or four tails to it.

Professor Irvine has an Academy, Mercersburg, Penn. He paints the floors in summer vacation. It used to take 90 gallons of paint. There were two paint-stores there, and he used to buy (one year of one, next year of the other) 90 gallons year after year.

Now he paints Devoe; 60 gallons; and the difference is a saving of $150 a year.

H. C. Fallon was on of those dealers, good man; but he wouldn't take-up Devoe; so we turned to the other, J. A. Boyd. But Fallon has found it necessary to get a good paint to compete with Devoe. He got one of the eight honest paints. He has a big hardware store and is doing an excellent hardware business; but Boyd, of course, has the run on paint—he's a little hardware man.

We don't care how little or big a man is, if he wants good paint and is active and sound.

Yours truly

10 F. W. DEVOE & CO.

P. S.—John Bartley sells our paint.
