ABOUT 20,000 PEACH TREES

TO BE DISPOSED OF.

The buds were selected from the best strains of each variety, which were sent out from the Nicholson nurseries 25 to 30 years ago, and many of these orchards were more healthy and vigorous the past season than quite a few orchards 5 and 6 years old. These trees have been inspected by authority from the State Entomologist, Prof. Symons, and found entirely free from any root disease, San Jose Scale, or other insects. Orders will be promptly attended to.

SELECTING PEACH TREES.

Mr. S. G. Bilyeu, the Famous Grower, Has Been Buying Grade Stock From Mr. R. G. Nicholson's Fine Nurseries.

Mr. S. G. Bilyeu is here to select trees to bud from, from old trees. He sent out as aluded to above and is much gratified to find that R. G. Nicholson, Esq., has been budding largely from them the past two seasons, from whom he has purchased select grades of stock to place in his new orchards, the ground work of which he has thoroughly prepared at the White House farm and nursery in Cumberland county, Pennsylvania. It is hoped and confidently expected that this orchard will prove Bilyeu's ability to perpetuate the peach and largely banish yellows and crown gall. Selection he believes, will be one of the most saving elements. For example, the seed must command the most diligent and careful attention, and a special soil for nurseries and the tree when grown ready for planting, he says, can be judged with somewhat certainty. The low prices of trees, Mr. Bilyeu regrets to say, that have ruled for many years has proven the greatest damage to the peach industry of the country. He advocates that growers should not plant anything but the highest grade nursery stock in the future, which he says should not in peach be offered below $100.00 per thousand. Any tree that will not grade up to that should be discarded.

Mr. S. G. Bilyeu, the nurseryman and horticulturist, is the man who furnished the late Col. E. Wilkins with 60,000 peach trees for his great orchards about 1865, and later the trees for the Chambers farm, that proved so very profitable and other large lots of peach that were planted in Kent county from Mr. Bilyeu's nurseries. The high character of the fruit no doubt is well remembered. That 60,000 trees proved to be the most famous orchard in America, as all the fruit packers in Baltimore to-day can testify to the adaptibility of the varities then chosen for Col. Wilkins orchards, and the trees lived to be very old and furnished Baltimore packers and shippers much desirable fruit. The words of high praise ever accorded Col. Wilkins down to his death for brevity and fullness of meaning, no doubt many now living will remember. Bilyeu, since those days when the peach, his specialty, thrived, everywhere has been carrying on a multitudious experiment for increasing and maintaining the vitality of the peach which is so badly affected with yellows and crown gall in many sections of the country. He thinks the scale is not so much to be dreaded as these.

His advanced ideas will be carried out here in a commercial orchard which is planned to cover the entire catalogue of fruit. Although he says he expects to be a large shipper, this may be regarded as the experimental orchard of the country, where posterity may look for healthy buds and methods to preserve forever the vitality of the peach.

To Prevent Explosions.

Mr. Frank B. Hooper, of the Non-explosive Oil Company, of Columbia avenue, Baltimore, has invented a powder that will prevent the explosion of the rankest kinds of gasoline. The treatment is in the form of a fine powder, which, when placed in a bag and dropped into a quantity of gasoline will cause a chemical change to take place, which change renders the gasoline absolutely non-explosive. A tablespoonful renders harmless ten gallons of gasoline. The treatment can be made by any one, and quantities of the powder are being sold to dealers in gasoline, who treat the fluid in their own can or tank. Gasoline, after being treated, is just as satisfactory for motive power for launches, autos and other machinery as before the rapid volatilization was checked. It is claimed to be a great and most useful discovery.

Ex-Marshal M'Afee Dead.

Ex-Fire Marshal Wm. M'Afee died at the Union Protestant Infirmery, Baltimore, on Sunday evening at six o'clock after a long illness of bright's disease. The trouble which caused the brave fire chief's death was caused while responding to a fire in the district.

Mr. M'Afee was appointed State Fire Marshall by Governor Warfield Feb. 17, 1904, and his term was characterized by strict attention to business and great success in determining the cause of mysterious fires. He was succeeded by Fire Marshall MacGill about one year ago, after his health was such that he could not attend to business. He leaves a widow and two daughters.

Wedding Bells.

WADDINGTON—SPRIGG.

Miss Edith Montandon Sprigg, daughter of Mr. and Mrs. Thomas F. Sprigg, 1010 Edmondson avenue, Baltimore, was married to Mr. Ernst Antone Waddington, Jr., at the home of the bride's parents, on Wednesday evening by Rev. Dr. John Y. Dobbins. To the strains of "Lohengrin," rendered by Miss Nellie Jones, the bride entered the parlor on the arm of her father, by whom she was given in marriage, and was met at an improvised altar of palms by the groom and his best man, Dr. Harry Janney Walton. The bride wore a handsome gown of white chiffon cloth over satin, trimmed with lace and pearl ornaments. Her tulle veil was caught with lilies of the valley, held by a heart of pearls and diamonds, the gift of the groom. Miss Ella Louise Sprigg, the sister of the bride, was maid of honor. She wore an attractive gown of blue chiffon over taffeta and carried roses. The wedding was followed by a reception to quite a large company of friends. Many beautiful gifts were received.

Mr. and Mrs. Waddington left for a wedding trip north, and upon their return will be at home to their friends at the Terrace Apartments on the first and third Tuesdays in December. The bride is well-known in Kent having frequently been the guest of Mr. and Mrs. Joseph Watson and other friends in Worton, several of whom attended the wedding.

BASTAIN—M'COLLISTER.

One of the prettiest weddings of the present fall took place at 6 o'clock Saturday morning, Nov. 3, when Miss Evalyn McCollister, daughter of Mr. and Mrs. Samuel T. McCollister, was married to Dr. J. A. Bastain, of Wilmington, Del. The ceremony took place at River View, the old Gould estate, on South East River. The bride wore a handsome gown of steel chiffon broad cloth, tailor made, with hat and gloves to match, and carried bride roses. Miss Dorell McCollister, a sister of the bride, was maid of honor. She wore a pearl tailor-made gown and carried pink carnations and ferns. Mr. William Marston, of Wilmington, was best man. Mr. L. Harris Crew, of Betterton, presided at the piano, and played wedding marches from Mendelssohn and Lohengrin as the bridal party entered and left the parlors. "Oh, Promise Me," was rendered during the ceremony. A wedding breakfast followed the ceremony.

Dr. and Mrs. Bastain took a morning train for a wedding journey south. Upon their return they will be at home at 511 West Fourth street, Wilmington, Del.

TURNER—STEVENS.

Mr. Howard Turner, a well-known young farmer, of near Kennedyville, and Miss Sarah Augusta, daughter of Mr. and Mrs. J. C. Stevens, of near Barclay, Queen Annes county, were married on Thursday afternoon at one o'clock at the home of the bride. A wedding breakfast followed the ceremony, after which Mr. and Mrs. Turner left on the afternoon train for a wedding tour. They will reside near Kennedyville.

POST—SCOTT.

Mr. John Morton Post, editor of the Elkton Appeal, and Miss Helen Scott, daughter of Mrs. A. E. Scott, of Elkton, were married on Friday afternoon last at the Colonade Hotel in Philadelphia, the ceremony being performed by Magistrate Eisenbrown. The bride and groom were attended by Miss Florence Talimage, of Philadelphia, and Mr. H. Edwin Vinsinger, of Elkton.

Ice Plant Changes Hands.

The Chestertown Ice Plant, reference to which deal was made in last week's TRANSCRIPT, was sold by the owner, Mr. Robert G. Nicholson, on Wednesday, to Mr. Arthur Bradley, son of Mr. James S. Bradley, of this town. The price paid was $15,000. The transfer includes the buildings and machinery, tenant's dwelling, wagon and good will, and is one of the big deals of the year. Mr. Nicholson established the ice plant some years ago, and has given the town and community a superior quality of ice at reasonable rates. He has also built up a large trade outside the county, and the business was becoming larger every year. Mr. Nicholson is also an agriculturalist. Born on a farm, his tastes naturally run in that direction, and he sold the plant in order to devote his entire attention to his fine farm and nursery near town. Mr. Bradley is one of our young business men, thoroughly capable to manage the business of the plant, and we are sure that he will give the town and community excellent service.

SHOOTING AT HOUSE PARTY.

Seven People Shot by Buck Scott Who Had a Fracas With Spencer Gray.

Spencer Gray, colored, stabbed Buck Scott, colored, at a house party held at John Wesley Johnson's home, near Chesterville, last Saturday night. Scott went to his home and procured a double barrel shot gun. He returned to the scene of mirth, and with little warning shot into the crowd, wounding seven guests more or less seriously, three of whom have been confined to their beds since. Deputy Sheriff Startt and Constable E. F. Lockerman went to Chesterville on Monday afternoon and arrested Scott and two others implicated in the affair. Scott was given a hearing before Magistrate Townsend at Millington on Tuesday, who held him for the action of the grand jury. He and two others are now in jail.

Another fracas also occurred at Butlertown on Saturday night among the colored people at a festival. Several of them were taken into custody and given trials before Magistrate Calder yesterday afternoon at 3 o'clock.

Sheriff Medders reached town on Wednesday evening with his prisoner and he will have a hearing as soon as the witnesses can be secured. Myers' wife is also held in jail as an accessary.
