LOCAL MATTERS.

Grant to Tolchester Company.—The Harbor Board, of Baltimore, has granted the Tolchester Steamboat Company a permit to extend its Light street piers 14, 15 and 16 from 10 to 15 feet out into the harbor. The improvement became necessary because of the company's increasing business.

To Succeed Supt. Beatty.—Among those mentioned to succeed the late Louis L. Beatty as Supt. of the Queen Anne county schools are W. S. Bittle, B. J. Grimes, Dr. W. D. Troy, Graham Watson, Joseph M. Parvis, C. W. Clements, William Purnell Brown, W. B. Dowes and W. J. Boyer. There will likely be others before the appointment is made.

Change of Schedule.—There will be no morning train on Sunday beginning with to-morrow, Nov. 25th. The Sunday afternoon train will leave as usual at 4.04 and return at 7.07. During week days the morning train will leave at 7.50 A. M. instead of at 7.40 o'clock. No change in the week-day afternoon trains. No freight will be received on Thanksgiving Day.

Mrs. Knott Retires from Regency.—At the annual meeting of the Baltimore Chapter, Daughters of the American Revolution, held on Thursday afternoon, the chapter regent, Mrs. A. Leo Knott resigned the office. Her term of office has expired and she has declined renomination. Mrs. Wilbur W. Hubbard, of Chestertown, is a member of the Baltimore chapter.

Good Price for Good Hay.—No. 1 timothy has advanced to $20 per ton in the Baltimore market, an advance, it is said, of $4 above its usual price at this time of year. The price in Philadelphia is 50 cents, and in New York $1 above the Baltimore figure. The best grade article will naturally go to the best market. The stock is said to be limited the country over and higher prices are expected.

Big Dividend on Hotel.—The board of directors of the new Howard Hotel Company, Baltimore, on Tuesday declared a dividend of ten per cent. for the six months the hotel has been under the management of Mr. Harry Busick. Mr. Busick is a native of Kent county, and is a most successful and popular hotel man. The hotel will shortly be enlarged to accommodate the constantly increasing trade.

New Iceboat Captain.—Pilot Alexander Wilkinson, who has been in the service of the Baltimore Harbor Board since its organization has been appointed Captain of the iceboat Annapolis. He succeeds the venerable Capt. James E. Griggs, resigned and who has been in the service for 25 years. Capt. Griggs was a pilot for 50 years, and is well known to every bay captain and sailor, as well as to numerous private citizens.

County Commissioners Sued.—Mr. Wm. R. Clough, through his attorney, Wm. W. Beck, Esq., sued the Board of County Commissioners before Justice Calder on Tuesday for $99 damage to his horse in August last. It was alleged that Mr. Clough's horse took fright at a pile of piping lying along the public road near Hibernia School, whereby it sustained injuries that materially depreciated its value. Justice Calder rendered his decision in favor of Mr. Clough for $80.

Chestertown Steam Laundry.—The Chestertown Steam Laundry is now assuming definite shape. Representatives from two steam laundry machine companies will be in Chestertown and will meet the directors of the Chestertown Steam Laundry Company at the office of Sidney P. Townshend, Esq., on Tuesday evening next at 7 o'clock to submit bids on machinery for the equipment of the Chestertown laundry. The directors, stockholders and all others interested in the establishment of the steam laundry are asked to be present on the above date.

Hick's Forecast for Remainder of November.—A reactionary storm period is central on 25, 26 and 27. The moon is on the celestial equator on the 26th, and this fact will insure more or less rise in temperature, with decided fall of the barometer, cloudiness and return of rain and snow. The disturbance of this period will culminate on the 26th and 27th, by which dates storms will have passed well to the east with high barometer and colder, clearing weather following in the immediate rear of storm areas.

A regular storm period begins on the 29th and runs at least four days into December, being central December the second.

have you been asking yourself questions?

Have you been saying over and over to yourself—"What shall it be?" Day after day hundreds of people ask themselves that question, and day after day it goes unanswered.

For no amount of at home imagining will recall to mind even a small portion of the articles that enter into the consideration—and until you have seen **OUR** stock you will fall far short of knowing the pleasure of choosing from heaped-up values.

our stock answers all questions

A visit here will reveal "sutiables" to make choosing easy for you. And though Xmas is still four weeks away—it's a pleasurable time to shop—no crowds, ample time, and stocks without a dent in them.

our Xmas jewelry will be "it"

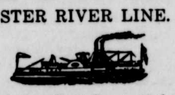

again as usual. Each succeeding Christmas makes greater demands upon us. This year we are ready for the "biggest yet." Have more of everything. And while the variety is just about endless, there is also that daintiness, that charm that is a part of every well-chosen jewelry stock.

As we hinted—be ahead of the crowd. Glad to give you all the time you ask. Glad to lay aside your selections until the eventful day.

ABOUT 20,000 PEACH TREES

TO BE DISPOSED OF.

The buds were selected from the best strains of each variety, which were sent out from the Nicholson nurseries 25 to 30 years ago, and many of these orchards were more healthy and vigorous the past season than quite a few orchards 5 and 6 years old. These trees have been inspected by authority from the State Entomologist, Prof. Symons, and found entirely free from any root disease, San Jose Scale, or other insects. Orders will be promptly attended to.
