LOCAL MATTERS.

Fire at Fairlee.—A stable belonging to Mr. Walter Barnes, the popular blacksmith and wheelwright of Fairlee, caught fire on Sunday from some unknown cause and was destroyed. Mr. Barnes recovered his horse with difficulty, as well as the carriage and harness.

Shod Pair of Oxen.—Oxen are just as rare in Kent as they are in Cecil county, but Cecil beats us in another respect. She has a pair of shod oxen. Mr. T. W. Chalmers, Newark, Del., blacksmith, shod a pair for W. J. Barnard one day last week. They were placed in a set of swinging harness and suspended above the ground while the work was in progress.

Struck it Rich.—Mr. Alfred C. Jones, of Kent Island, who a few years ago bought two lots of land in California through a Real Estate Agency, at a cost of about $150, has sold part of one lot for $12,000. It is furthermore stated that Mr. Jones refused an offer of $50,000 for his other lot, gold in considerable abundance having been found upon his property. Mr. Jones is well-known throughout Queen Anne's county and has many friends who are pleased to hear of his good fortune.

Killed in Her Doorway.—Miss Katie Startt, of Earleville, Cecil county, the sixteem year-old daughter of Mrs. Lydia Startt, was killed in her doorway on Monday morning by George Harris, who claims the shooting to be accidential. Coroner Ricketts Nelson, of Elkton, and State's Attorney Squier summoned a Coroner's Jury to investigate the case, and the testimony all showed that the shooting was accidental. Miss Startt was a bright young girl and was popular.

Fire on Mr. Wilmer's Farm.—The barn and stable on Mr. Philip G. Wilmer's farm in Morgnec, tenanted by Mr. William Lee, were destroyed by fire at 7 o'clock on Sunday evening together with 350 bushels of corn, some hay and some farming implements. The cause of the fire is unknown. There was an insurance of $750 on the buildings carried by the Kent Mutual, and $125 insurance on the produce in the barn, in companies represented by Jos. N. Wheatley & Co. The corn belonged to the tenant.

Young Lady's Sad Fate.—According to the Elkton Appeal, on Wednesday, word reached Mr. and Mrs. Richard Draper, of Elkton, on Thursday of last week, of the fatal burning of their daughter, Miss Agnes, aged 17 years, for sometime past an inmate of a sanitariun in Baltimore county. She was passing the janitor who was carrying hot ashes from the building and her clothing caught fire. The flames were extinguished but not before she was fatally burned. Her remains were taken to Elkton for interment.

Broke His Leg.—While fox hunting on Monday last near Fancy farm, Mr. William French, brother of Mr. George French, of the Prudential Insurance Company, was thrown from his horse sustaining a bad fracture of one of his limbs. The horse which Mr. French was riding slipped on a bridge, throwing the rider violently to the ground. Dr. H. Benge Simmons set the fracture and the patient is doing well. Mr. George French went to the assistance of his brother, and while rendering aid he was taken sick, fell out the door and bruised his face considerably.

CHURCH NOTES.

Rev. Oliver H. Murphy, of Oquasco, Md., who, last fall, was invited to become rector of St. Mary Ann Parish at North East, Cecil county, has notified the vestry that he accepts the invitation and will remove to North East. Dr. Murphy succeeds Rev. J. Gibson Gannt.

Rev. Dr. Thos. H. Lewis and wife, who went to Jamaica some weeks ago to spend the winter, are causing their many friends much anxiety on account of the recent terrible earthquake. Dr. and Mrs. Lewis are stoppiug in a suburb of Kingston, the ruined city, and though Mr. Daniel Baker, of Baltimore, has sent a cablegram to Dr. Lewis, nothing has been heard from him. Fate seems to be following Dr. Lewis. The steamship upon which he sailed to Jamaica was wrecked just outside the harbor of Kingston, and now the Doctor is experiencing the horrors of a terrible earthquake shock. It is hoped that he and his wife are safe.

Mr. Fred G. Usilton, who was elected superintendent of Christ M. P. Sunday school two weeks ago, has declined to serve. A superintendent will be elected by the teachers and officers tomorrow (Sunday) afternoon after Sunday school. Mr. Charles N. Satterfield the assistant superintendent had charge on Sunday, and conducted the services splendidly.

Last Sunday morning, Rev. Edwin Gardner, pastor at the M. E. Church, Millington, announced that, in compliance with numerous requests, he would repeat the series of sermons on "The Four Last Things" which attracted so much attention when he delivered them sometime ago. Under the power of these discourses men and women trembled, and went from the church resolved to live better. The programme as he announced it is as follows: Jan. 20 subj. "Death;" Jan. 27, "The Judgement;" Feb. 3, "Hell;" Feb. 10, "Heaven." Every one who heard these great sermons is anxious to hear them again. Dr. Gardner is closing his third year here in a splendid manner. His sermons display great ability and are highly appreciated by all who hear them.

DR. ATKINSON'S REPORT.

State Comptroller Congratulates the Governor.

Dr. Gordon T. Atkinson, Comptroller of Maryland, has submitted to Governor Warfield his report for the fiscal year ended September 30, 1906. In concluding his summary of the finances of the State, he says:

"When we consider that the revenues of the State are increasing; that the Legislature last assembled not only enacted wise laws for increasing the revenues of the State, and that by reason of the proper management of the financial affairs of the State by the Treasury officials the State debt is virtually canceled, with a surplus of $1,500,000, with the repealing of all laws imposing State taxes for loans and sinking funds, leaving the reduced State tax at 16 cents, and that for school purposes alone, the result must certainly be satisfactory."

The tax receipts for the year are given at $4,529,460, the largest ever received by the State, but some of the revenue is derived from sources that will not hereafter be avilable. There is an increase of $120,000 on the gross receipts tax from corporations passed at the last session of the General Assembly. The Maryland Penitentiary is congratulated by Dr. Atkinson for the showing made by it.

The New Laundry.

The new steam laundry company, Col. Wm. J. Vannort, president, and Sidney P. Townshend, Esq., secretary, has leased from Mr. Chas. S. Smith the old school building formerly occupied as an overall plant, and new laundry machinery will be placed within in the next few days. The equipment will be first-class in every particular, and we are sure that the company will have the co-operation of the entire town and surrounding county. The laundry will supply a long-felt need in Chestertown, and if it is patronized as it should be, it will make labor conditions far better than they have been, and will insure cheaper prices for laundry work. Mr. Wm. H. McKee, who has been conducting the Chestertown laundry, will be the manager, and will no doubt make it a success.

THE EYES

Constantly in use while awake—subjected to the most exacting work and the most delicate of any of the organs of the body, is it any wonder that they sometimes rebel?

If you suspect that your eyes are rebelling, you should have them attended to at once.

Only a graduated optician with every needful appliance should be permitted to examine your eyes. A little mistake may mean a big mistake in time.

If they are not as good as they should be, well make them as good as they can be made.

Don't be misled or "taken in"
