JEFFERSON.

THE LADIES STORE. CHESTERTOWN, MD.

Clink of Dollars Saved.

START the New Year aright.-purchase economically and note the merry "clink of dollars saved." Savings on purchases made at The Ladies' Store will aid much in swelling your bank account. Now is the time to begin while the year is yet young--opportunities lost are lost forever. This store is offering special inducements on remaining stock of goods--careful readers will respond to these suggestions.

SEEN THE

New Shoes?

This Shoe Store is a great money-saver. It saves its patrons money in two ways.

One way is in quoting prices on nearly every style of shoe it sells a little lower than other stores ask.

The other way is in getting better shoe values for the money, when the price is the same at other stores. If you buy here the result will be you will have money left or you'll not have to buy shoes so often. In either case this is a money-vaving shoe store.

Many shoe buyers have found our statements to be facts, and we believe it will pay you to investigate.

TAILORED SUITS AND COATS

While they last—Children's, Misses' and Ladies' Suits and Coats—at far below the cost. We do not carry these lines over to another season. As the seasons come we give to the public an entire new line of nobby stuff from which to make selection. To do this we must get rid of the odds and ends; hence these awful sacrifices—we are unable to quote prices here as they are broken lots, one or two of a number, but no two coats alike.

DRESS GOODS

Now is the time to purchase Dress Goods when you can get them made up. Just now the dress makers are not rushed to death with work, and, at our mammoth emporium you will always find the choicest patterns, neatest designs and excellent fabrics in either plain or fancy dress goods.

MILLINERY

During the months of January and February we are offering our entire line of Millinery irrespective of cost; they must go and now is the time to buy a good Hat at a cost that will scarcely pay for the making. A call will convince you.

Bring us your Eggs. We pay the Highest Market Prices.

HARRY F. JEFFERSON,

THE LADIE'S STORE,

Opposite Stam's Hall. Chestertown, Md.

ROCK HALL ITEMS.

January 15, *there is no case of small pox in Rock Hall. Further there have been no cases in Rock Hall.* Rock Hall does not include the fifth district. Rock Hall does not include a territory with a radius greater than half a mile, if you draw an air line from Swan Creek bridge to the Willson farm, at the head of Grey's Inn Creek and call all south of that line Rock Hall. *I reiterate the same.* One case in this territory in its first stage, had all the appearance of small pox, but as the case developed was pronounced chicken pox by the health officers. When persons say that there is small pox here they don't know what they are talking about. Drs. Simpers, Merritt, Fulton and Willson will verify the above if interviewed. Haven, Gratitude, Greentown, Greytown and Grey's Inn are towns on the suburbs of Rock Hall, and no cases have been reported in them, except Grey's Inn. Then where is the disease? *In Edesville, Sandy Bottom* and *Fairlee*, pronounced by the *State officials themselves.*

In order to prevent the disease from getting a foothold here, the merchants and citizens have jointly and mutually agreed to take every precautionary step to keep it out. The stores and other places of business are closed at 7 P. M. to keep out persons and children who usually sit about them, and are willing to close up and allow no person to come in, but deliver the goods at the door to customers if necessary. Children are kept from the streets, schools are closed and every one is a unit in trying to keep out this dreaded disease. *This is not mere talk, but facts.*

Grippe, coughs and colds are very prevalent, and but few that are not suffering with one or the other.

Business is conducted among citizens only. Oystering by a few, as the most of our men are fishing.

Mr. James McCann, a waterman residing on the island, died Saturday, Jan. 12, from general debility, aged 79. He leaves two brothers, George, who lives in Annapolis, and Samuel, with whom he resided. His remains were interred at Wesley Chapel on Sunday. Thomas Casey was the undertaker.

Mrs. Laura Downey, wife of Capt. J. B. Downey, died this morning (16) of pneumonia. She was a sister of James P. and Robert Hatcherson and half sister of Capt. Will Middleton. She was 64, and was a member of Rock Hall M. E. Church. She leaves several children. Funeral services at the church, conducted by Bro. Burr, interment at Wesley. Thomas Casey undertaker.

Mr. Charles Wood, Jr., of Edesville, is a great suffer from the rheumatism. The disease has almost rendered him

Mr. B. F. Coburn is convalescent, Mrs. Joseph Kendall, Sr., is a sufferer from rheumatiam and is unable to dress herself. She is surrounded with many good samaritans who administer to her comfort.

GALENA ITEMS.

The Grippe seems to have had a good hold among us, but we are glad to note that quite a number of our citizens who have been ill the past two weeks are again able to be about.

Miss Hettie Hicks, who has been visiting her parents, has again returned to Baltimore.

Mr. William Spry spent a few days with his family.

Mr. and Mrs James Hicks spent several days in Wilmington this week.

Lots of good work is being done at the revival meetings held at the M. E. Church. Quite a number of conversions are reported, the meetings are being largely attended.

Mr. Thomas Pennington who has been ill with the grippe is much improved.

Capt. J. W. Blount has been ill with the grippe the past week.

Mr. Unit R. Horsey has rented and moved on the Casey farm.

Mr. Fogwell who has just finished four years under Shafer, Redmile & Co., of Kennedyville, at the blacksmith and wheelwright work, and who is now employed by Wm. Hyland & Son is pronounced a good mechanic.

Mr. Roland Pennington arrived home from Cambridge, Md., on Wednesday.

Mr. Chas. McKinley's new home, a one story cottage on wheels, is completed and occupied by him.

BETTERTON BRIEFS.

Owing to the repairs of the Chesapeake and Delaware Canal, we are without an Ericsson boat. Only one boat, steamer Susquehanna, touches our wharves at present, and Betterton is indeed a lonesome place.

The first heavy snow fall of the season fell on Wednesday, and was greeted with pleasure by all lovers of sleighing and coasting, but on account of rough roads very little of either was enjoyed.

Mrs. Tull has returned from a pleasant visit to Baltimore.

Mr. George Vandyke, an officer of the Ericsson Line Company, is with his sister, Mrs. M. V. Turner, on Ericsson avenue.

Miss Edna Downey spent Saturday and Sunday with Miss Hannah Gooding.

Mrs. John Faulkner, of Baltimore, visited friends here on Tuesday last.

The young folks are rehearsing for their drama which will be given some time during the winter.

MILLINGTON MATTERS.

The small pox scare caught Millington during the early part of the week and all kinds of rumors were in circulation for a day. The commissioners got busy at once and made a thorough investigation, finding that the whole thing was pure moonshine. There is less than the usual amount of sickness here and nothing contagious.

N. A. Wallen has been elected commissioner and made secretary of the Board, to fill the unexpired term of Frank L. Smith, removed.

Prof. Henry Tonkin who has been secretary of the Building and Loan Association for nearly twenty-five years, acting upon his physician's advice, has resigned this position and John C. Turner has been elected to fill the vacancy.

Misses Victorine and Helen Power are in Philadelphia for the winter.

Miss Helen Rasin will remain in Baltimore until spring.

Many of our farmers who have seen the rail freight slowly descend from 7½c to 3c per bushel to Baltimore while the Chester river was being dredged out, are wondering whether the present session of Congress will make an appropriation for the purpose of continuing the work. A saving of 4½c per bushel on the 100,000 bushels of grain shipped from Millington station alone would pay the entire cost in a few years and leave the shipments from the remaining territory as clear profit to the farmers.

The tomato growers of this section want $9 per ton or nothing this year.

Miss Vic Power has accepted a position with Johnson's Seed Co.

The revival services of Asbury M. E. Church begin next Sunday night, Jan. 20, and will continue through the week.

Miss Clare Bryan was sick several days this week of which she lost two days from school.

Mr. Wm. Weist, of Millington, has a fine position in Philadelphia.

Miss Fannie Hurtt and Master Solomon Pippin spent several days this week with friends in the city.

Mr. Edward Baxter, of near Millington, spent Saturday and Sunday with friends in Barclay.

We are very glad to state at this writing that Mr. Henry Tonkin, of Millington, is improving from his sickness. His many friends hope to see him out again soon.

Miss Lucy Spear, of Millington, spent a few days with relatives in Baltimore.

The rural free delivery wagons were delayed to-day by the roads being so very bad. Something very unusual.

Dangerous for Wheat.

Grain men, in common with other interests, deplore the decisive weather changes to which wheat has been subjected this winter. So far as growing wheat is concerned, it is said, it makes no material difference when the weather is wholly "open" or warm or when it is continuously cold. It is the alternate freezing and thawing which causes the damage. This condition has not yet occurred to such an extent as to cause much injury.

The warm weather forces the wheat to a vigorous growth naturally. Should it be followed by a cold spell and by a snow fall, which would remain on the ground for any considerable period, the crop would be benefitted. If a cold spell should follow it and the ground be filled with frost and then a warm spell should again come to dissolve it, the germinating grain might be harmed.

To Buy C. & D. Canal.

The Chesapeake and Delaware Canal Commission recommends the route of the present Chesapeake and Delaware Canal, places its value at $2,514,289.70, and suggests the early purchase of the present canal by the Federal Government. The estimated cost of constructing a 35-foot canal then is $20,621,323.70. The opinion of the commission is unanimous, and declares that the Sassafras route would be much more expensive and would require the removal of the defences of the Delaware. The report of the commission was submitted to secretary of War Taft on Saturday and was immediately mailed by him to both branches of Congress. The commission was composed of Gen. Felix Agnus, of Baltimore, Chairman, Major C. A. F. Flagler, of the army, and Civil Engineer Frank Taylor Chambers, of the navy.

STILL POND ITEMS.

Miss Sallie Gears, of Worton, is visiting her sister, Mrs. A. J. Hackett, Jr.

Mrs. Mary J. Plummer, of Philadelphia, is visiting at the home of Mrs. John Robinson, Jr.

Mr. and Mrs. Price Stanley, of Delaware are visiting his parents, Mr. and Mrs. Wm. Stanley.

Mr. Samuel L. Coleman, of Baltimore, is visiting his mother, Mrs. Amanda Coleman.

Miss Alice E. Hackett spent Wednesday with Mrs. John Atwell.

Miss Daisy E. Severson has returned from a pleasant visit with relatives and friends in Philadelphia.

Miss Jennie Coleman is visiting her sister, Mrs. John Atwell.

ABOUT 20,000 PEACH TREES

TO BE DISPOSED OF.

The buds were selected from the best strains of each variety, which were sent out from the Nicholson nurseries 25 to 30 years ago, and many of these orchards were more healthy and vigorous the past season than quite a few orchards 5 and 6 years old. These trees have been inspected by authority from the State Entomologist, Prof. Symons, and found entirely free from any root disease, San Jose Scale, or other insects. Orders will be promptly attended to.
