EDITORS.

SATURDAY, MARCH 9, 1907.

THE Strother boys, of Virginia, have been declared by a jury not guilty of the murder of Bywaters. The Strother boys are well-known to several gentlemen in this county.

SENATOR CLARENCE W. PERKINS will please accept our thanks for a valuable map of Baltimore city. The map shows the various wards and precincts of the city, and is a valuable adjunct to any newspaper office.

WE ARE informed by Mr. Tilghman Shafer, of the Second District, that he is not nor has he thought of being a candidate for county treasurer or for any other office. The report was circulated last week entirely without his knowledge.

EX-MAYOR WM. T. MALSTER, one of the most widely-known and most popular public men in Baltimore, died at his home in that city on Saturday. Mr. Malster was a native of Cecil county, and had been active in Republican politics since 1893. He had recently served a term as naval officer of the Port of Baltimore. He married a Mrs. Hardcastle, of Chesapeake City, who survives him.

THE FRIENDS of local option have scored a signal victory in Delaware. Much of the good work accomplished has been the result of the influence of the ministers of the gospel, who deserve the greatest credit for creating the sentiment which induced the Delaware Legislature to pass the local option bill. The work of temperance is pushing on by leaps and bounds, and we trust the day is not far distant when every dram shop and speakeasy in the State and nation will be closed forever.

THE Baltimore Sunday Sun gave a very interesting character sketch of Mr. J. Barry Mahool, the Democratic organization candidate for the mayoralty. The most striking feature of the sketch was the statement that summed up Mr. Mahool's character is all that embodies christianity in its truest sense. He is the epitome of the church-going spirit, according to the writer. Such a character should certainly be an exceedingly strong recommendation to the voters of Baltimore city. What the city, State and nation needs in its place of government are just such men as J. Barry Mahool is described to be, and the sooner the good, conscientious people of the country get into politics, the safer will our institutions of government become, and the more certain will the affairs of government be under the control of the people.

People's Column.

☞ The columns of the TRANSCRIPT are open to the proper discussion of all topics of public interest or importance. Whether the editors agree with the sentiment expressed or not, the people should and may be heard through the TRANSCRIPT's columns—the paper will be the People's Forum from which they may be heard on all subjects—purely personal matter excepted. The Editors are not responsible in any manner for articles that appear in this column.

DEAR SIRS:—The people of our town have discussed with interest the communications which have appeared in the local papers in reference to the quality of water furnished in the homes of Chestertown by the Chestertown Water Company. It is a daily occurrence to find coming from our pipes water for drinking of the consistency and color of the horrible refuse from the strawboard mill. All it needs is the odor and one would think instantly he was in the strawboard mill looking at the drain from its pipes. The water will run for hours discolored and filthy. Is there no remedy for it? We have come to look upon the TRANSCRIPT as the paper of the people, and we hope you will not let it die out. What is the use of waiting upon promises? For three hours three pipes ran constantly in my house, hot and cold, and at the end of that time it was a coffee-colored liquid. Cannot our town commissioners do something? Let us at the next election insist that the candidates shall pledge themselves to *act* for better water. Why should not the grand jury investigate the matter? If the water is impure—and who will claim such stuff is pure—let the company be indicted. GOOD WATER.

DEAR SIRS:—It is an interesting fact, and one not generally known, that the highest point of ground in Kent county is situated on the farm of Mrs. Rachel Hill, near Kennedyville, occupied by Mr. Redmile as tenant. The map published by the Geological Survey of Kent county shows that the land in the field where the tenant house stands is 100 feet above sea level. It has generally been thought land around Black's Station showed higher levels than this. To my surprise in examining the map I find that the land there is only some 80 feet. The land on Mrs. Hill's farm is, as stated by the map, 100 feet above the sea;—in other words, if a good tidal wave should sweep in from the ocean into and up the bay this would be the only spot in Kent county which would remain above the water should the wave attain a depth of only 99 feet.

GEOLOGY.

DEAR SIRS:—Why should not the Democratic party nominate Mr. Curtis E. Crane for our next State Senator? This office is being talked of more now, perhaps, than any other office in the county? Chestertown, with all deference to the excellent record of Senator Foxwell, it seems to the writer, is entitled to the Senatorship. By-the-way, when did Chestertown ever have a Democratic State Senator? Is any one alive who can remember? Our able and courteous representative, Mr. Crane, would make an ideal senator in the opinion of many. What is the matter with "Curt"? Could not all factions agree upon him?

DEMOCRAT.

WILMINGTON CONFERENCE.

A Fine Programme Arranged for the Session, Which Meets in Smyrna, Del., on March 20th.—Rumors of Changes.

One Week from Tuesday next, March 19th, the thirty-ninth annual session of the Wilmington M. E. Conference, will assemble in Asbury Church, Smyrna, Del. The church has recently been repaired at a cost of $2500, and Dr Watt, the pastor, and his congregation have made great efforts to entertain the conference in fine style. Bishop Joseph E. Berry, of Buffalo, will preside. Rev. Dr. Watt, with the presiding elders of the various districts has prepared the following programme:

Tuesday, March 19th.—7.30 P. M. Missionary sermon, Rev. S. P. Shipman; chairman, Rev. T. E. Terry.

Wednesday, 20th.—9.15 A. M. Pentecostal service, in charge of Rev. Dr. H. C. Morrison.
9 A. M. Conference session.
10 A. M. Statistical session.
2 P. M. Quiet hour, in charge of Bishop Berry.
7.30 P. M. Pentecostal service, in charge of Dr. Morrison.

Tuesday, 21st.—8.15 A. M. Pentecostal service, in charge of Dr. Morrison.
9 A. M. Conference session.
2 P. M. Anniversary of the Woman's Home Missionary Society, Mrs. C. Clintonia Browne presiding; speaker, Miss Bertha Fowler.
7.30 P. M. Anniversary of the Conference Epworth League, Rev. F. F. Carpenter presiding; address by Rev. F. Watson Hannan, of Brooklyn, N. Y., on "Soul Winning, a Specialty," to be followed by a Pentecostal service in charge of Dr. Morrison.

Friday, 22nd.—8.15 A. M. Pentecostal service, in charge of Dr. Morrison.
9 A. M. Conference session.
2 P. M. Missionary Anniversay, Dr. A. E. Sudler presiding; speaker, Bishop Edward G. Andrews.
7.30 P. M. Pentecostal service, in charge of Dr. Morrison.

Saturday, 23rd.—8.15 A. M. Pentecostal service, in charge of Dr. Morrison.
9 A. M. Conference session.
2 P. M. Anniversary of the consolidated benevolent societies, Education, Freedman's Aid, Sunday-school Union and Tract; speaker, Rev. Dr. W. F. Anderson, secretary of the Board of Education. Hon. Walter O. Hoffecker, chairman.
3.30 P. M. Temperence anniversary, Rev. William Faries, will preside; speaker, William H. Anderson, associate Superintendent of the New York Anti-Saloon League.
7.30 P. M. Pentecostal service in charge of Dr. Morrison.

Sunday 24th.—8.15 A. M. Love feast, in charge of Rev. Dr. W. L. S. Murray.
10 A. M. Sermon by Bishop Berry followed by the ordination of deacons and elders.
3.00 P. M. Anniversary of the Board of Home Missions and Church Extension Society, Rev. C. W. Prettyman, chairman; speaker, Dr. Forbes, assistant secretary.
7.30 P. M. Pentecostal service, in charge of Dr. Morrison.

Monday, 25th.—8.15 A. M. Pentecostal service, in charge of Dr. Morrison.
9 A. M. Conferecne session.
2 P. M. Anniversary of the Woman's Foriegn Missionary Society, Miss Dora McLeod presiding; speaker, Dr. Samuel Gurney.

Dr. Morrison will give an exposition of Scripture each morning and preach each evening. He is said to be one of the mightiest preachers in the Methodist Episcopal Church.

It has been 12 years since the conference met in Smyrna, 1865, with the late Bishop Hurst presiding. Bishop Berry, who is to preside this year is said to be one of the most popular men in the Episcopal college. He is comparatively a young man. The programme indicates several changes from the usual session of the conference.

PROBABLE CHANGES.

The Wilmington Every Evening forecasts the following important changes:

Rev. J. P. Jones from Milford to Middletown.

Rev. E. C. MacNichol from Cambridge to Milford, probable, although Dr. MacNichol has been asked to return to Cambridge for the 10th year.

Rev. L. E. Barrett from Dover to Cambridge.

Rev. W. R. Mobray from Bridgeville to Lewes.

Rev. T. A. H. O'Brien from Lewes to St. Michael's.

Rev. George Bounds from St. Michael's to Harrington.

Rev. J. H. Beauchamp may leave Harrington.

Rev. H. L. Quigg from Georgetown to the Philadelphia conference.

Rev. J. M. Arters from Madeley Church, Wilmington, to either Crisfield or Epworth Church, Wilmington.

Rev. L. P. Corkron from Epworth to an appointment on the Salisbury District.

The Every Evening states that there will be many other changes, and some of them will raise a breeze, for they will be entirely unexpected and may cause other unexpected changes. There will probably be no changes in the presiding elders.

ABOUT 20,000 PEACH TREES

TO BE DISPOSED OF.

The buds were selected from the best strains of each variety, which were sent out from the Nicholson nurseries 25 to 30 years ago, and many of these orchards were more healthy and vigorous the past season than quite a few orchards 5 and 6 years old. These trees have been inspected by authority from the State Entomologist, Prof. Symons, and found entirely free from any root disease, San Jose Scale, or other insects. Orders will be promptly attended to.

Trustees' Sale
—OF VERY—
Valuable Country Estate
known as
"BLAKEFORD,"

Orginally containing 567¼ acres, more or less, subject to changes by accretion and washing away. Situate on the East side of the Chester River, at the mouth of Queenstown Creek, about one mile by land and water from Queenstown, in Queen Anne's County, Maryland, about seven miles by land. Improved by large Manor House, Barn, Stable, Small Cottages and other buildins.

BY VIRTUE of a decree of the Circuit Court of Queen Annes County, in the case of Martha B. Orrick, et al, vs. DeCourcy W. Thom, et al, the undersigned Trustees, will sell at public auction, on the premises, on

Saturday, March 23, 1907,

at 12 o'clock noon, the following described real estate in fee, situate near Queenstown, in Queen Annes County, Maryland, comprising

TWO LOTS OF GROUND

which are severally described as follows: Beginning at the extremity of a fence running due east and west and in the line of which a stone is placed as a boundary between the Hermitage, belonging to Richard C. Tilghman, and the said land called Blakeford, and at the east end of that fence the nearest point to the creek thence running west, by that said stone (the boundary) one hundred and forty perches to the corner of another fence where a stone is placed likewise; then running from that stone (and outside of the fence) north one hundred and twelve perches to a third boundary stone; then west again ninety-eight perches to the corner of a fence; thence south, ten degrees west, twenty-eight perches and six-tenths to a cove or creek; then by and with the meandering of the waters of the said cove or creek and of Chester river and Queenstown creek the following courses and distance; south, seventy-six degrees west, fourteen perches and eight-tenths of a perch; then south, twenty degrees west, fourteen perches; then north, fity degrees west, six perches and eight-tenths of a perch: then South, thirty-five degrees west, six perches and eight-tenths of a perch; then north. twenty-seven degrees west, six perches; then south. seventy-seven degrees, west, thirty-four perches and eight-tenths of a perch; then north, twenty-four degrees east, ten perches and two-tenths of a perch; then north, eighty degrees west, nineteen perches and two-tenths of a perch; then south, thirteen degrees east, thirty perches; then south, seventy-eight degrees east, five perches and two-tenths of a perch; then south, fifty-two perches; then south, twenty-five degrees east, ten perches and eight-tenths of a perch; then north, fifty-eight degrees east, twenty perches and four-tenths of a perch; then south, twenty-five degrees east, seventy-two perches; then south, fifteen degrees east, thirty-four perches; then south, ten degrees east, twenty-three perches and six-tenths of a perch: then south, seven degrees east, sixteen perches; then south, twelve perches west, one hundred and fourteen perches; then north, eighty-nine degrees east, four perches and eighth-tenths of a perch: then south, twelve degrees west, ten perches; then south, fourth-eight degrees west, twenty-four perches; then south, seventy degrees west, eleven perches and two-tenths of a perch: then south, sixty-eight degrees east, one hundred and fifty perches; then north, two perches: then north, eighty degrees east, twenty-two perches; then north, fifteen dergees east, forty-seven perches and two-tenths of a perch; then south, eighty degrees east, eighteen perches; then east, nine perches and two-tenths of a perch; then north, fifteen degrees east, forty-one perches; then north, twenty-five degrees west, twenty-seven perches and two-tenths of a perch: then north, forty-eight degrees east, sixteen perches and six-tenths of a perch: then south, eighty degrees east, eight perches; then north, twenty-five degrees east, twenty-eight perches; then north, thirty-seven degrees west, ten perches: then south, eighty-one degrees west, nine perches and two-tenths of a perch: then north, twenty degrees west, seventeen perches and eight-tenths of a perch; then north, twenty degrees west, eighteen perches; then north, thirty-eight degrees west, thirteen perches; then north, thirty-five degrees west, ten perches; then twenty degrees east, twenty-nine perches and six-tenths of a perch, then south, fifty-two degrees east, twenty-five perches; then north, thirty-two degree east' twenty-five perches; then north; eighty degrees east, twelve perches; then south, twenty-five degrees east, twenty-two perches; then north, forty-seven degrees east, forty-nine perches; then north, thirty-six degrees east, twenty-seven perches; then north, sixty-six degrees west, nineteen perches; then north, fifteen degrees east-twenty-four perches; then south, fiftv-two degrees east, ten perches; then north, twenty-two degree east, twenty-nine perches; then north, forty-three degrees west, twenty-five perches; then north, eighty-six degrees east, forty-two perches, and from thence in a straight line to the place of beginning, containing

491 ACRES OF LAND,
More or Less,

subject to changes by accretion and washing away.

And beginning at a stone planted in the woods at the end of the third line of a lot of land which was purchased by Richard Tilghman in his lifetime from Henry Costin, late the sheriff of Queen Annes county, aforesaid, and running thence north eight degrees thirty minutes, east one hundred and eight perches and five-tenths of a perch to a stone marked R. T.; thence north eighty-eight degrees thirty minutes, east one hundred and twenty-three perches and two-tenths of a perch to the fence enclosing the lands belonging to heirs of John Lloyd Tilghman, deceased; thence by and with the same fence south twenty-one degrees forty-five minutes, west forty perches; thence south thirty-two degrees forty-five minutes, west twenty perches; thence south nine degrees thirty minutes, east four perches and six-tenths of a perch to the gut leading into the creek; thence by and with said gut or creek south fifty-seven degrees thirty minutos, west six perches; thence south fifteen degrees, east forty-seven perches to a fence running from the beginning; thence by and with said fence to the beginning, containing

76¼ Acres of Land,

more or less, subject to changes by accretion and washing away.

The property constitutes the FINE COLONIAL MANOR HOUSE AND COUNTRY SEAT known as

BLAKEFORD.

The property has a water frontage of about two miles on the Chester river and its tributaries.
In addition to the manor house, said property is improved by

One Three-Story Brick House,

3 Frame Cottages, 3 Small Cabins, 1 Stone Stable, 1 Stone Barn and 1 Frame Barn, with stone foundations, also a Brick Dairy and Farm Implement Shed, Hog Pen, Sheep Cote and Wharf on Queenstown Creek.
It contains about

400 Acres Cleared Land

in a good state of cultivation, including one orchard covering about 6 acres planted with fruit trees (apple and peach). The residue is chiefly well timbered woodland.
Further information with regard to the property and opportunity to examine the property will be giveu upon application to the undersigned.

TERMS OF SAEE:—One-third cash and the balance in six and twelve months with security to the satisfaction of the trustees, or more cash and less time, or all cash, at the option of the purchaser. Credit payments to bear interest from date of sale and to be secured to the satisfaction of the trustees. A cash deposit of $1,000 will be required of the purchaser at the time of the sale.

CLOVER SEED

Orders are coming in from all parts of the county for seeds.
Our prices are from 50c to 75c per bushel under the closest dealers.
We quote for immediate acceptance and spot cash.
Fancy Red Clover.....$8.35 bu.
Fancy Alsyke..... 7.75 bu.
Our seed is free from dodder, in fact every bag of seed we sell is under a registered trade stamp recorded at Washington.
You run no risk of buying one thing and getting another.
We sell for spot cash, hence our low prices.
Write for samples.

SULPHUR CAR HAS ARRIVED.

A carload of the Hanover New Burnt Lime will arrive to-day.
We quote Best Flour Sulphur at $2.40 per 100 lbs.
Hanover New Burnt Lime solid headed barrels $1.00. This is the best lime known for spraying.
Perfection salt 224 lb. sack $1.00

SPRAY OIL.

Target Brand Scale destroyer ready for quick delivery.
50 Gallon Barrels.....$25.00
25 Gallon ½ Barrels..... 13.75
Open stock.....75c per Gallon
If you use oil, be sure that you get "TARGET BRAND" and run no risk of killing your trees. It is the safest and most economical spray known.
Use one gallon of oil to twenty gallons water.
No boiling required.
Use any cold water.
Mix quick ready for use.

We have a personal letter from the great Delaware fruit growers, F. M. Soper & Son, in which they state:

"Our people are abandoning the use of Lime, Sulphur Wash and are using the "Target Brand" Scale Destroyer generally. They consider it less expensive and disagreeable than the Lime-Sulphur Wash. We most liberally recommend its use for both peach and apple trees and you will find it will kill the scale.
[Signed] F. M. SOPER,
Magnolia, Del.

Another letter from J. W. Killen, Felton, Del.

In which he states: "Target Brand" Scale Destroyer gave us as good results as lime-sulpur wash and at much less cost everything considered. I could tell to the row where it was used the first of October. Trees were so much greener. I think it a preventive for leaf curl. The "Target Brand" forms a perfect emulsion, no loss time in mixing—no clogging of nozzles. A perfect spray.
[Signed] J. W. KILLEN,

The Horticultural Experimental Stations are advocating the Oil Sprays for San Jose Scale. The best known in this line is the "TARGET BRAND" Scale destroyer, manufactured by the American Horticultural Distributing Company, and has been tried and proven a wonderful success.

We have a sample on exhibit, besides many testimonials of the best fruit growers.

Next Wednesday's
SPECIAL SALE ON
ARTIC POTATO PRESSES
