COMMEND THE BILL.

Many Tax-payers of the County Endorse the Proposed Road Law for Kent, and Urge its Passage.

We have heard any number of favorable comments upon the Road Bill, published in full in the TRANSCRIPT last week, and from all parts of the county come requests urging its passage.

Mr. Richard B. Willson, of the Fifth District, says—I believe the proposed bill would be a most excellent thing for the tax-payers of Kent county. Every one knows that there is entirely too much money spent on the county roads now, and there ought to be something done to stop it. I believe the law is an excellent one, and will be a great saving to the people of the county.

Mr. Harry R. Graham, of the well-known firm of H. R. Graham & Bro., of Chestertown, says—I believe that entirely too much money is being spent upon the roads of the county at present, and something should be done to relieve the situation. The roads of Caroline county are the best roads to be found on the Eastern Shore, and if such a law can give Caroline county such excellent roads at small cost, there is no reason why the same law would not prove beneficial to the tax-payers of Kent and give our county far better roads. I believe the bill should be passed.

Mr. Walter T. Morris, one of our most prominent farmers, says—The bill is a fine one, and I believe it should be passed. The roads of Kent county are in a terrible condition, and if the money were properly expended, the roads could be kept in far better condition at one-half the cost. The bill should be passed.

Others who have expressed themselves in favor of the bill in our office this week are: Messrs. Jesse R. Copper, George Hudson, Wm. T. Nicholson, D. A. Bacchus, George D. Lofland and others. Below is what the people of the lower part of the county say:

Navigation is open and the boats are making their regular trips, but while we can travel by water it is not so easy to do so by land. The roads are in such condition that few travel upon them unless they are compelled to do so. All are frank to admit that the roads are far from the condition which they ought to be, considering the money spent upon them every year. The proposed road bill is being discussed and the general opinion is, that the Caroline Road Bill or the Worchester Bill would be superior to our methods. Several of our prominent tax-payers are outspoken in the matter, among them Mr. R. S. Crew, who is enthusiastic for the adoption of the bill says: "I was in favor of making it an issue in the last campaign and desired so to do, but was frustrated in my efforts in this direction. By all means let us have it as it is claimed that with the expenditure of $1200 or $1500 a saving of perhaps $15,000 will be realized."

Mr. Benj. Coburn, heartily endorses the bill, but thinks too much power is placed in the Engineer's hands, but "if it will reduce my taxes I say pass it!"

T. B. Durding thinks it a good bill, is in favor of it and thinks by it, money will be saved to the tax-payers.

Joseph Downey approves of it and says, if not used as a political factor, will reduce taxes.

Ex. Sheriff Casey, says, I am in favor of the law if administered strictly on a business basis, but if used for political preferment of a partisan character we'd just as well continue the present. He further says, that he has been compelled to suspend business owing to the condition of the roads.

Dr. Erdman Schwatka says, anything to better road conditions, even to the increase of taxes, I am in favor of it. He thinks any effort looking to the permanancy of good roads is desirable.

The greatest objection to the bill comes from those who are usually employed to cultivate them.

OBITUARY.

RICHARD T. TURNER, JR.

Mr. Richard T. Turner, Jr., one of Kent county's most highly esteemed citizens and progressive business men died in Florida, Wednesday evening, February 19, 1908, aged 63 years. Mr. Turner has not enjoyed the best of health for several years and had for the past few years spent a part of each winter in Florida, which proved a great benefit to his health and added much to his enjoyment. Betterton, his home, has lost a good friend and has sustained a heavy business loss in his death. He has been closely connected with most of the business enterprises of that section for many years. He was associated in business with his late father, at whose death about fifteen years ago, Mr. Turner formed a partnership with his son, Mr. Howard Turner, who has given material assistance to his father in building up one of the most extensive lumber, fertilizer and grain businesses on the peninsula. He was a director of the Kent County Savings Bank, at Chestertown, and had given much of his time and energies in the interest of local option and the general betterment of the morals and religious influences of the county. A widow and six sons, Messrs. Howard, Henry C., James R., R. St. Clair, W. W., and W. Archer Turner survive him.

His remains will be brought to Betterton by his widow and son, Howard, who were with him at the time of his death, and his funeral held from his late residence at one P. M. Monday, Feb. 24, to which his relatives and friends are invited. The interment will be private.

THEODORE JARRELL.

Theodore, the youngest child of Mr. and Mrs. Joshua R. Jarrell, of near Kennedyville, died suddenly on Sunday morning, February 16th, aged fourteen years, seven months. The circumstances connected with his death were peculiarly sad. During the morning the lad had left the house. Not having returned by afternoon the family became somewhat anxious, and by evening the anxiety had increased. Inquiries were made at the homes of neighbors without avail, and a search was instituted. Early Monday morning the body was found about five hundred yards from the home. A revolver was lying beside the boy, a bullet had pierced his heart. Members of the family and others feel convinced that the death was purely accidental. There were three indentations upon the cartridge. It is thought that having made two attempts to explode the cartridge he turned the weapon toward himself for the purpose of making an examination, holding it in his left hand as was his custom, and accidentally discharging it.

Theodore was a bright, affectionate, warm-hearted boy, healthy and sturdy, full of animation and fond of sport. He had a cheerful, sunny disposition and was a favorite with teacher and schoolmates. Their love was attested by the eagerness with which they contributed to the floral offerings for his casket. Since his death the school flag has been flying at half mast.

The entire community is deeply distressed over the sad occurrence, and many expressions of sympathy have been tendered the grief-stricken family.

The funeral services were held at his late home on Thursday morning conducted by Rev. E. H. Collins, of Still Pond. Prayer was offered by Mr. Wm. J. Hurlock. The Kennedyville choir sang "Abide With Me," "Sometime We'll Understand" and "Thy Will Be Done." The pall-bearers were Messrs. Charles Hague, George Webb, Charles Nickerson, Heighe Hill, Charles Bedwell and George Whiteley. Interment took place at Still Pond cemetery. Undertaker Wm. H. Krusen had charge of funeral arrangements.

BENJAMIN R. DURDING.

Mr. Benjamin R. Durding, one of the oldest and most prominent residents of the lower part of the county, died at the home of his daughter, Mrs. Samuel Burgess, Edesville, on Wednesday evening at six o'clock of the infirmities of old age. The deceased was prominent for a long number of years in the affairs of Rock Hall, where he was a trustee of the high school for sometime. During the last administration of President Cleveland he was postmaster at Rock Hall. He leaves the following children: Mrs. Samuel Burgess, Messrs. T. Benjamin Durding, a prominent druggist at Rock Hall, and a director in the Second National Bank of Chestertown, Wm. P. and James M. Durding, two prominent citizens of Rock Hall.

MRS. ANNIE M. LEARY.

Mrs. Annie M. Leary, wife of Mr. Columbus A. Leary, and daughter of the late Thomas and Maria E. Viekers, of this county, died at her home in Baltimore, on Friday last, in the 72d year of her age. The deceased was well-known in the lower part of this county, where she and her husband lived near Edesville until last fall. Funeral services were held from her late residence, No. 1604 Rankin avenue, Baltimore, on Monday morning at 10 o'clock. Interment was private.

Chester Bridge Damaged by Ice.—The bridge over Chester river at Chestertown was considerably damaged by floating ice last Saturday morning. The strong wind which prevailed at that time drove massive floes of ice with great force against the piling of the bridge, many of which were swept away. Travel, except by foot has been suspended. The commissioners of the two counties, Kent and Queen Annes, have given orders to have the damage repaired in a temporary but safe manner until spring, when the entire span will be thoroughly inspected and repaired.

*†*Messrs. Davis & Satterfield have erected an addition to their shops. They will install a gasoline engine to furnish power for sawing lumber, turning drills, etc.
