MORE TESTIMONY.

As to the Practical Workings of the Caroline County Road Law.

The TRANSCIPT has published letters from T. Allan Goldsborough, Esq., State's Attorney for Caroline county, Mr. Wm D. Uhler, Roads Engineer of Caroline county, Mr. J. W. Kerr, one of the most widely known nursery men on the Pennsula, and one of the most careful business men in Caroline county, and this morning we publish below the statement of Mr. J. Boon Dukes, a member of the auditing committee for Caroline county. Each of these letters contains the most convincing proof of the practicability of the law, and by its intelligent operation the saving of the taxpayers' money. It must be remembered that before the passage of this law for Caroline county, the same vicious system of working the county roads was observed as is done in Kent county today, and in answer to all "political critics" of the advisability of adopting such a law for Kent, we call the attention of our readers to that part of Mr. Dukes letter which says "Our New Road Law is backed by all the largest tax-payers, *and no political party dares to nominate candidates now in opposition whereas we were once in a woeful minority.*" This is the most convincing evidence of the popularity of the law, and is also evidence that the Democratic party is always safe when it takes a stand for economy in the administration of the county affairs. We have endeavored to show our representatives in the legislature the necessity for the passage of such a law for Kent. We have shown that the people want the law, and that the politicians are afraid of it, and if our representatives fail to introduce and pass the law, the responsibity will be with them. Such a law is worth more to the people of Kent county than the disfranchisement amendment, a corrupt practices act, or a primary election law, because it removes from the realm of politics one of the most corrupt and wasteful systems in our local body politic, the present vicious system of working the county roads for political purposes. This is what Mr. J. Boon Dukes, one of the auditors for Caroline county says:

Denton, Md., March 13th, 1908.

DEAR SIR:—Your letter came in my absence from home, and I now hasten to answer and give my views about the working of our new road law. It is both effective and economical. The county auditors report for 1904 shows the cost of the roads under the old system to be $13,617.48, and the annual report for 1907 to be $11.654.88 a very creditable showing for the new system considering the very greatly improved condition of the roads at $2000.00 less cost. The foundation of the new system is the Road Engineer's intelligent and systimatic supervision with *politics eliminated.* Our new road law is backed by all the largest tax-payers, and no political party dares to nominate candidates now in opposition, whereas we were once in a woeful minority.

Very truly yours,
J. BOON DUKES.

DEAR SIR:—I am waiting upon the present Democratic Legislature to give us a commendable road law. Only through financial aid from the State can we remedy the present conditions pertaining to our miserable roads. The Caroline Road Law is a very fitting method to apply to our county, provided the right men are selected.

Very truly yours,
F. W. SMITH, M. D.

MRS. MARY MEYER.

MRS. MARY MEYER, Thomson Avenue, near Shell Road, Winfield, L. I., N. Y., writes:

"I have been annoyed with a cough for years. Often it was so bad that I could not sleep half the night. Many people thought I had consumption.

Consumption Was Feared.

"A woman recommended Peruna to me two years ago. I began to take Peruna, and now I am perfectly free from a cough. I am glad to say that Peruna cured me entirely.

"I take Peruna occasionally, when I do not feel well, and I also give it to my children.

"Peruna is the best medicine for coughs and colds. I have told many people how much Peruna has helped me."

Mrs. Hettie Green, R. R. No. 6, Iuka, Ill., writes as follows of the efficacy of Peruna:

"Last November I had catarrh and felt so miserable I thought that I would go into consumption.

"I tried so many doctors and medicines, but nothing did me any good, only Peruna.

"After I began the use of Peruna I began to improve in every way. My head did not hurt so much, my stomach is all right, my bowels are regular, my appetite good, my complexion clear, my eyes are bright and am gaining in flesh and strength.

"I think Peruna has no equal as a catarrh remedy."

Peruna tends to lessen the cough, decreases the expectoration, strengthens the patient, increases the appetite and in many cases procures sound, refreshing sleep.

MISS BEULAH B. BROOME.

Miss Beulah B. Broome, 409 12th St., N. E., Washington, D. C., writes:

"I have suffered from *weak lungs* and catarrhal troubles for four years, brought on by many neglected colds, but on the recommendation of a friend I gave Peruna an honest trial and I am pleased to state that it *restored me to perfect health.* There is not the slightest trace of catarrh in my system and my lungs are perfectly sound.

Weak Lungs For Years.

"I unhesitatingly give this testimonial."

Mrs. William Hohmann, 569 N. Paulina St., Chicago, Ill., writes:

"I suffered with catarrh of the bronchial tubes and had a terrible cough ever since a child. After a while it got so bad I had to cough both winter and summer. Finally, I burst a blood vessel in my throat from the strain of coughing, next a blood vessel in my stomach, so I kept getting worse and doctoring, and even then could get no relief. I thought, and everybody else, that I had consumption.

"Reading the papers about Peruna I decided to try it, without the least bit of hope that it would do me any good. But after taking three bottles I noticed a change. My appetite got better, so I kept on, never got discouraged.

"Finally I seemed not to cough so much, and the pains in my chest got better. I am well now. I cannot tell you how grateful I am, and I cannot thank Peruna enough. It has cured where doctors have failed. People who think they have consumption better give it a trial."

MISS JOSIE SCHAETZEL.

Miss Josie Schaetzel, General Delivery, Appleton, Wisconsin, writes:

"I contracted a severe cold which settled on my lungs in very short order, and it was not long until it developed into a serious case of catarrh. Every morning I would raise a *lot of phlegm,* which was very disagreeable. My digestion was poor and my *lungs sore.*

"After a few doses of Peruna I began to mend, and felt that if I kept on taking it it would not be long until I would be well. I was right, for in four weeks I was *well again.*

Consumption Prevented.

"I think Peruna is a grand medicine, and wish to add my testimony to the many others you have."

The fight against consumption is becoming a national problem.

Everywhere we hear of sanitariums established at the expense of the state for the treatment of the vast army of consumptives.

The open air treatment, fresh air and sunlight, are recognized by the medical profession generally as being the greatest necessities in the treatment of consumption in all its stages.

Dr. Hartman has for many years advocated the fresh air treatment for consumption. At the same time he has recognized Peruna as a useful palliative for the many distressing symptoms which accompany the white plague.

The promptness with which Peruna relieves a fresh cold, and even removes chronic colds, is well-known. This ranks Peruna as a reliable prophylactic against consumption.
