THE TALE OF PERFECT TIME

—IN A—

WATCH.

—FROM—

Mainspring to Hairspring

between them lies the secret. The mainspring is the power which it transmits to the active parts of the watch. The hairspring has the control and regulates the motion. The fitting is most delicate. Imagine 100th part of a hair (impossible isn't it?) Yet it is enough to interfere in its performance, so wonderful is the adjustment. The friction from accumulating dirt, lack of oil, etc., destroys these perfect fittings. Do not let your watch run to ruin from neglect. Remember our business is the care of watches, and our opinion costs nothing.

ACT QUICKLY.

Delay Has Been Dangerous in Chestertown.

Do the right thing at the right time.
Act quickly in times of danger.
Backache is kidney danger.
Doan's Kidney Pills act quickly.
Cures all distressing, dangerous kidney ills.

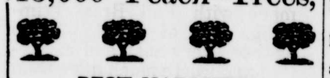

Plenty of evidence to prove this.

Mrs. E. A. Riley, living on Stokes street, Havre de Grace, Md., says: "I have the highest regard for Doan's Kidney Pills as they cured me of a severe case of kidney complaint and backache in 1903, from which I had suffered a long time and for which there seemed to be no cure. My trouble was across the small of my back and up between my shoulders a continuous, and an all gone weakness so severe at times as to interfere with my household duties. I used a number of remedies but none helped me until I procured a box of Doan's Kidney Pills and began taking them. They gave me relief immediately and the benefit received was permanent being apparently as fresh today, April 23d, 1907 as the day it was made. It gives me pleasure to reiterate all I said in my former statement."

For sale by all dealers. Price 50 Cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

IT IS NOW TIME

to begin to think about spraying your orchards. Begin by buying an

Empire King Sprayer

which is the most satisfactory spray pump made.

After we have supplied you with a spray pump then the next is something to use in it. We have **Scalescide** which has been tried and found very satisfactory by such farmers as Mr. John Bell, Mr. James Bell, Mr. J. Thos. Smith, Mr. James Newnam, Mr. John Newnam, Mr. James A. Lee and many others. Mr. James A. Lee, of Sudlersville, Md., tells us that the inspector from the Maryland Experiment Station tells him that he never saw a better job done by anything or anybody, as he could absolutely find no live scale in his orchard after the use of SCALESCIDE. What better recommendation can you want than that?

We Also Have the SUCCESS MANURE SPREADER

which is a thorough roller bearing machine, the only manure spreader yet using roller bearings which is a much lighter draft spreader. It is undoubtedly best manure spreader made. See us before buying. We are also prepared to furnish you with

Anything That You May Need on the Farm

Oliver Plows, Farm Wagons, Hames, Traces, Lines, Collars, Brides, Halters, Backbands, Etc.

If You Need a Gasoline Engine

either stationary or marine we are prepared to take care of you, for the stationary we have the McVICKER which is simplicity in itself, for the marine we have the FERRO which is too well-known here to need anything further said. Let us figure with you on your wants.

Johnston FARM TOOLS

NOT IN THE TRUST

When you put your money into a **Johnston** farm implement you can rest assured you will get the very best value you ever obtained in farm machinery.

The reason why they stand so high with the thousands of farmers in this and foreign countries is because they give that **real, genuine satisfaction in the field** which every buyer of farm tools hopes to get. They fulfill the highest expectations; are so positively **dependable**, so thoroughly **practical** and do the work so much better, quicker and easier that when compared by **actual service** with others, their superiority is at once apparent.

Here we show some of them. We cannot tell you all their special strong features here; their exclusive advantages—the points that make them superior to others, or show you by illustrations just why they do their work better, quicker and easier, just why they last longer, why the breakage is so rare, why they are the cheapest; but our 1908 Catalog gives full description of our full line. You should not buy a single tool until you read it. It will help you to avoid making a mistake and post you on latest improvements. A postal brings it. Write today.
