RECIPE FOR RHEUMATISM.

Directions To Prepare Simple Yet Remarkable Home Mixture.

There is so much Rheumatism here in our neighborhood now that the following advice by an eniment authority, who writes for readers of a large Eastern daily paper, will be highly appreciated by those who suffer:

Get from any good pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces of Compound Syrup Sarsaparilla. Shake these well in a bottle and take in teaspoonful doses after each meal and at bedtime; also drink plenty of good water.

It is claimed that there are few victims of this dread and torturous disease who will fail to find ready relief in this simple home-made mixture, and in most cases a permanent cure is the result.

This simple recipe is said to strengthen and cleanse the eliminative tissues of the Kidneys, so that they can filter and strain from the blood and system the poisons, acids and waste matter, which cause not only Rheumatism but numerous other diseases. Every man or woman here who feels that their kidneys are not healthy and active, or who suffers from any urinary trouble whatever, should not hestitate to make up this mixture, as it is certain to do much good, and may save you from much misery and suffering after while.

Our home druggists say they will either supply the ingredients or mix the prescription ready to take if our readers ask them.

When we dissect your watch--

When we get all the tiny little wheels and pinions and things separated—then clean them all up as bright as new, then put them all together again—that watch of yours is going to run as good as ever.

It can't help it. It is practically a new watch once more.

Of course it will need our attention again in about a year—as it is always better to be too soon than too late.

Maybe you knew all this before, but somehow people have a habit of attending to everything else in the world but their watches.

If you think a cleaning would do your watch good, don't wait until it stops. Bring it to our repair department.

We have the finest equipped repair shop in this part of the country and can do all your repairing promptly, and in the best manner possible.
