THE TALE OF PERFECT TIME

—IN A—

WATCH.

—FROM—

Mainspring to Hairspring

between them lies the secret. The mainspring is the power which it transmits to the active parts of the watch. The hairspring has the control and regulates the motion. The fitting is most delicate. Imagine 100th part of a hair (impossible isn't it?) Yet it is enough to interfere in its performance, so wonderful is the adjustment. The friction from accumulating dirt, lack of oil, etc., destroys these perfect fittings. Do not let your watch run to ruin from neglect. Remember our business is the care of watches, and our opinion costs nothing.

DANGER IN DELAY.

Kidney Diseases Are too Dangerous for Chestertown People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes, and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills.

John G. Wagnerm 543 Hamburg, street. Baltimore, Md., says: "I suffered with kidney disease for sometime, the most severe symptoms being a weak back and pains across my loins and hips which would cause me untold agony when lifting or stooping. A constant dull pain through my back kept me awake at night and I would arise in the morning feeling tired and worn out and not in condition to attend to my work. I learned of Doan's Kidney Pills and procuring a box began using them and one box completely cured me. Doan's Kidney Pills seem to go right to the root of kidney trouble and effect a complete cure in a remarkably short time."

For sale by all dealers. Price 50 Cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

FARM TOOLS

NOT IN THE TRUST

When you put your money into a **Johnston** farm implement you can rest assured you will get the very best value you ever obtained in farm machinery.

The reason why they stand so high with the thousands of farmers in this and foreign countries is because they give that **real, genuine satisfaction in the field** which every buyer of farm tools hopes to get. They fulfill the highest expectations; are so positively **dependable**, so thoroughly **practical** and do the work so much better, quicker and easier that when compared by **actual service** with others, their superiority is at once apparent.

Here we show some of them. We cannot tell you all their special strong features here; their exclusive advantages—the points that make them superior to others, or show you by illustrations just why they do their work better, quicker and easier, just why they last longer, why the breakage is so rare, why they are the cheapest; but our 1908 Catalog gives full description of our full line. You should not buy a single tool until you read it. It will help you to avoid making a mistake and post you as latest improvements. A postal brings it. Write today.
