THE TALE OF PERFECT TIME

—IN A—

# WATCH.

—FROM—

## Mainspring to Hairspring

between them lies the secret. The mainspring is the power which it transmits to the active parts of the watch. The hairspring has the control and regulates the motion. The fitting is most delicate. Imagine 100th part of a hair (impossible isn't it?) Yet it is enough to interfere in its performance, so wonderful is the adjustment. The friction from accumulating dirt, lack of oil, etc., destroys these perfect fittings. Do not let your watch run to ruin from neglect. Remember our business is the care of watches, and our opinion costs nothing.

## CAN'T BE SEPARATED

### Some Chestertown People Have Learned How to Get Rid of Both.

Backache and kidney ache are twin brothers.

You can't separate them.

And you can't get rid of the backache until you cure the kidney ache.

If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong healthy kidneys.

Mrs. John S. Barnes, 106 North Stokes street, Havre de Grace, Md., says: "We certainly can recommend Doan's Kidney Pills as a sure cure for kidney complaint. My husband recommended them just after he had suffered for years. He suffered from a lingering backache, and a continued lameness and soreness over the kidneys and the slightest over-exertion caused acute twinges to dart through him, leaving him exhausted with dull pains through his back. I got Doan's Kidney Pills for him and they seemed to fit his case exactly relieving the pains and he has not had a backache since. We keep Doan's Kidney Pills in the house, and he never fails to take a few doses, and the keep his kidneys in good condition. Since making the above statement four years ago, my husband has enjoyed the best of health."

For sale by all dealers. Price 50 Cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## FARMERS, ATTENTION.

### Sears Roebuck & Co., the Great Chicago Firm Have Been Enjoined by the United States Court on their Cream Separator.

The firm of Sears, Roebuck and Co. have been enjoined by the United States Court from either selling, disposing of, or furnishing repairs to their "economy" Cream Separator. The Merchants Trade Journal, published in Des Moines, Ia., has this to say: "The ruling of the United States Court on this patent was broad indeed, and not only makes Sears, Roebuck & Co. liable for infringement, but also holds that each and every user of these infringing separators are equally liable. In other words, every farmer in the United States who bought and uses one of these 'Economy' Cream Separators, is liable for infringement and the only way for them to avoid being implicated in this case and laying themselves liable to violation of the United States Court injunction is to at once discontinue the use of these infringing separators."

No user of these machines need think that he can escape being found out for the Court required Sears, Roebuck & Co. and the manufacturers of the machine to furnish them a list of every machine or part of a machine that they had sold and to whom and at what price.

NOT IN THE TRUST

FARM TOOLS

When you put your money into a **Johnston** farm implement you can rest assured you will get the very best value you ever obtained in farm machinery.

The reason why they stand so high with the thousands of farmers in this and foreign countries is because they give that **real, genuine satisfaction in the field** which every buyer of farm tools hopes to get. They fulfill the highest expectations; are so positively **dependable,** so thoroughly **practical** and do the work so much better, quicker and easier that when compared by **actual service** with others, their superlority is at once apparent.

Here we show some of them. We cannot tell you all their special strong features here; their exclusive advantages—the points that make them superior to others, or show you by illustrations just why they do their work better, quicker and easier, just why they last longer, why the breakage is so rare, why they are the cheapest; but our 1908 Catalog gives full description of our full line. You should not buy a single tool until you read it. It will help you to avoid making a mistake and post you on latest improvements. A postal brings it. Write today.
