LOCAL MATTERS.

Sells Milk Route.—Mr. James T. Anthony has sold his milk route to Mr. Albert Story, of Queen Anne's, who takes charge June 1—Monday. Mr. Anthony will continue to conduct the cream business alone.

Counsel to Town Commissioners.—Hope H. Barroll, Esq., has been elected counsel to the Boards of Town Commissioners of Rock Hall and Galena. Mr. Barroll states that unless a legal question arises for settlement he will charge nothing for his services.

With Owens & Co.—Mr. John Schofield, formerly with F. H. Harper & Son, Still Pond, has accepted a position as salesman with Owens & Co., Betterton, where he will be pleased to see his many friends and show them the bargains to be found in the big store. Mr. Schofield is a fine salesman, and Owens & Co. are fortunate to secure his services.

Farmers Keep Bulletins.—Messrs. Samuel J. and Lucian Messey, two progressive young farmers residing near Sudlersville, Queen Annes county, have placed a "bulletin board" at their road gate upon which they register their desire for a sale or purchase. At a glance one can tell what is doing at "Friendship." The friends of Samuel were much surprised recently to find on the bulletin—"Wanted. A wife for Samuel Massey. Apply at the farm house." The rush to "Friendship" is on.

Children in a Runaway.—Mr. John Clendaniel's two little girls, Cynthia and Ruth, of near Kennedyville, came near having a serious accident on Thursday morning. When they drove into the village their pony became unmanageable and threw them out, but did not hurt them seriously. It shook them up and bruised them somewhat, however. The pony was caught, after a little skirmish, by Mr. Howard Clendaniel, it being uninjured. The cart was damaged to some extent.

Land Sells for $100 Per Acre.—"Beverly," the homestead of the Harper family near St. Michael's, Talbot county, bas been sold by the owners to Dr. J. A. Bovine, of New York city, for $20,000. The tract contains 200 acres, is beautifully located on Broad River, and is one of the finest estates in Talbot county. The sale was made by Dr. George F. Nickerson and Colonel Oswald Tilghman, who have recently formed a partnership for the real estate business.

Child Nearly Drowned.—The little 18 months old daughter of Mr. and Mrs. Chas. Kelley, of Skinners Neck, nearly drowned last Saturday evening. The little child left the house and went to the creek, which is but a short distance, and it is supposed it was playing in the water when it fell and was unable to gain its feet again. The mother soon missed it and when found, the baby was floating on the water, with one arm out and the child had turned blue, and was supposed to be dead. Dr. Selby was hurriedly sent for, running his horse all the way, and soon brought the child back to normal condition again.

In a Runaway.—A bad runaway occurred on Queen street last Saturday eveing about nine o'clock, when a young horse belonging to Mr. Lloyd, living in Queen Anne near Chester bridge, took fright, upset the carriage in front of Mr. J. D. Welch's home, and threw the occupants, including Mr. Lloyd's wife and child and his sister on the pavement. None of the occupants were seriously injured. Mrs. Lloyd's wrist was sprained, and she was somewhat shaken up. She held on to her baby and kept it from harm in the fall. Mr. and Mrs. John D. Welch received them into their home and rendered valuable assistance. Reports from their home in Queen Anne states that all those in the runaway are doing well. The carriage, a small york carriage, was badly damaged. The horse tore himself loose from the carriage and was caught on High St.

St. Johns vs. Washington.

THE RECENT CONTEST between St. Johns and Washington on Washington field was one of the cleanest games witnessed by lovers of good base ball for some time. The policy of Washington has always been "purity in athletics rather than victory," and never was this ideal more nearly reached than in last Saturday's game. So strongly did the deportment of the student body and the gentlemanly conduct of the players contrast with the rough and tumble games sometimes seen, that Lieut. Iglehart, commandant of cadets at St. Johns, was constrained to exclaim: "It was the best conducted athletic event I have ever witnessed in Maryland." It is useless to explain the position of Lieut. Iglehart relative to athletics. He is so well-known as a promoter of athletics at St. Johns and as an advocate of pure sport that his remarks must carry weight. This instance may be taken as an example of the rising prominence of Washington as a leader in Maryland athletics. To no one is due more credit for this increased prestige than to Mr. M. J. Thompson, director of athletics at the college. His object has been to raise the moral standard of college sport and to imbue the students with the idea that a game, played fairly and lost is preferred above a victory dishonestly won. With this motto, Washington cannot help but be recognized as an exponent of fairness and gentility, and that through his influence the ethics of athletic sports in Maryland will be raised, there can be no doubt. St. Johns won the game by the score of 4 to 1.

Queen Anne's Delegates.

Queen Anne's has a candidate for Congress in the person of J. H. C. Legg, of the Centreville bar, and he was accorded the privilege of naming the delegates to the Congressional Convention at the county convention held in Centreville on Tuesday. Mr. Legg named Messrs. Benton, Thos. H. Dodd, Capt. C. W. Butler, R. Heston Hicks and Geo. L. Harrison. A resolution was offered by Mr. H. Clay Hendrix, of the Seventh district, instructing the delegates for Bryan for the Presidency, but the convention did not deem it advisable to send an instructed delegation. Mr. Hendrix withdrew his resolution.

Subscription to the Transcript $1.00 per annum.

Experimenting in Alfalfa.

Messrs. Piper, Smith and Brodie, of the Government Agricultural Experiment Station, were in Kent and Queen Anne's this week examining some alfalfa fields in which experiments in growing the hay have been tried. Accompanied by Mr. Harry T. Skipper, they visited the beautiful fields of Messrs. H. P. Skipper, J. T. Anthony, W. Irving Walker, Wm. T. Nicholson, Harry C. Willis and others, and in every instance they found the experiments remarkably successful. Sprays of the grass pulled from the field of Mr. Nicholson measured three feet in length. The gentlemen were much pleased with their observations, and they believe Kent and Queen Anne's to be specially adapted to the growing of alfalfa.

Stock Killed.

During a heavy storm which passed over Galena on Thursday afternoon, a horse, two cows, a colt and two hogs, belonging to Mr. Frank P. Cochran, were killed by lightning. Hail stones as large as hickory nuts fell. The rain did not reach Chestertown. There was one terrific crash which startled a great many people. Many electric light fuses were burned out by the flash of lightning. They were quickly repaired. The crash came when the sun was shining bright and there was not the slightest warning of its coming. Some of our citizens declared they could smell the odor of brimstone just after the flash.

Never Without Pe-ru-na in My House

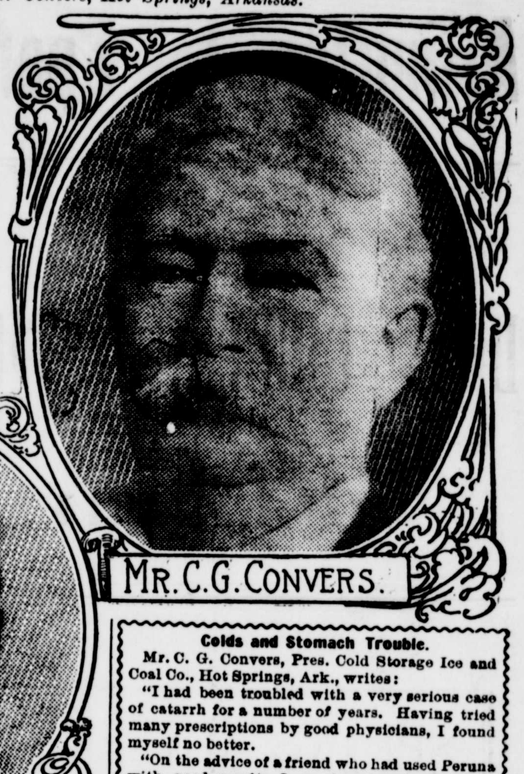

So Writes Mr. C. G. Convers, Hot Springs, Arkansas.

There Are a Multitude of People in the United States Who Have Been Restored to Health By the Use of Pe-ru-na.

There are a multitude of people in the United States who have been restored to health by the use of Peruna. There is no use trying to deny this fact.

As a rule, doctors dislike to admit it. There is now and then a courageous doctor who does admit it, however. In such cases Peruna is prescribed by the doctor himself. Even though the doctor suffers pecuniary loss by such a transaction his patient is benefited, which ought to be the doctor's chief concern.

We do not claim that doctors generally prescribe Peruna. But we do claim whenever Peruna is intelligently prescribed it rarely disappoints either the doctor or patient.

MR. C. G. CONVERS.

MR. JAMES P. BRACKEN.

Nasal Catarrh and Indigestion.

Mr. James P. Bracken, 610 Tenth Ave., New York City, N. Y., has occupied the office of Water Inspector of New York City for the past fifteen years. He carries on an extensive plumbing business at 610 10th Ave. He is Post Deputy of Grand Knights of Reigna Celia Council Knights of Columbus, N. Y. He writes as follows:

"For nearly a dozen years catarrh has bothered me in one form or another. I was troubled with *nasal catarrh* that had affected my stomach, which troubled me most in the morning. *My appetite was poor*, and I did not seem to relish my food. *Indigestion* bothered me at times, also. I was advised to take Peruna, and I took it as prescribed for a month when my cure was almost complete. Today there is not a trace of catarrh in my system, and I can say without hesitation that Peruna cured me."

Kidney Disease.

Mr. Samuel A. Paxton, 1118 Troost Ave., Kansas City, Mo., member I. O. O. F. and National Annuity Association, writes:

"I am a *well man today*, thanks to your splendid medicine, Peruna. "I was troubled with catarrh and kidney disease of long standing when I first began using Peruna. I soon found I was getting better, and continued taking it for four months. It cleaned out the system, leaving me well and strong and feeling better than I have in years."

Colds and Stomach Trouble.

Mr. C. G. Convers, Pres. Cold Storage Ice and Coal Co., Hot Springs, Ark., writes:

"I had been troubled with a very serious case of catarrh for a number of years. Having tried many prescriptions by good physicians, I found myself no better.

"On the advice of a friend who had used Peruna with good results I purchased a bottle. The results were so good that I continued using it. Have, perhaps, in the last three years used a dozen bottles, which have kept me from the trying troubles of catarrh. I am never without a bottle of Peruna in my house.

"One always gets *relief from colds and indigestion* if you have Peruna."

Catarrh of Bladder.

Mr. Michael Rooney, 26 Fifth St., Watervliet, N. Y., writes:

"If I had known of Peruna years ago I should have been saved much suffering. Under carelessness and exposure in my younger years my system got into a very bad condition before I was aware of it.

"My doctor thought that I had *catarrh of the bladder* and duly prescribed for me, but nothing did me any good.

"My friends advised me to try Peruna, for which I am very thankful, as it has cured me in two months, and I am in *perfect health*."

Catarrh of the Head and Stomach.

Mr. Frank Richter, of 809 East 2nd St., Winona, Minn., writes: "I take pleasure in recommending Peruna for catarrh of the stomach. Peruna cured me, and I know it will cure any one else who suffers from this disease. My catarrh was principally located in my head and stomach. I tried many remedies without success. I read of Peruna in the papers, and five bottles cured me."

That Postal Card.—Last Saturday the TRANSCRIPT called editorial attention to the fact that some observant person had stated that nearly all the men living on Washington avenue are bald-headed. Well, sir, the fame of the place reached Baltimore as soon as the TRANSCRIPT was opened, and on Wednesday one of the prominent residents on the avenue received a souvenir post card displaying a bald-headed man polishing his head with a cloth and polish a sample of each being neatly attached to the card. This is the inscription—"A Polish for Bald Heads." It's a daisy, and to appreciate it, you will have to ask the gentleman to show you the card.
