THE SECOND NATIONAL BANK

OF CHESTERTOWN, MD.

Only National Bank in Kent County

Capital	$50,000
Surplus and Profits	46,000
Stockholders' Liability of	50,000
Total Security to Depositors	$146,000

THE only monetary security an incorporated bank can honorably and truthfully offer its Depositors is the margin of security which the Capital, Surplus, Undivided Profits and Stockholders' Liability of the Bank affords. In our case this margin exceeds double that of any bank in this vicinity. Thus from a security view-point our patrons have more than double the amount in security than those have who patronize other institutions. Together with the above we have taken the following precautions in the bank's management: Four examinations each year, two by the National Bank Examiner, two by the Board of Directors. Each officer giving a substantial bond in the strongest surety company, Burglary Insurance on [illegible] contents of the vault. Cash Reserve of 15 per cent. of its deposits. Our Conservative Policy—all for your protection. Let us have your business.

A CARD OF APPRECIATION.

In retiring from business, which my failing sight compels, I wish to return my grateful thanks to the many friends and patrons who have stood by me so faithfully and some of them by my father before me. It is with much feeling and great regret that I have faced the inevitable and given up the business I have been engaged in so long, and in which I have achieved a reputation that any one may well envy.

Again thanking all my friends, I desire to recommend my successor, MR. CHARLES L. DODD, to their liberal patronage, feeling sure of his ability to coduct the business in the most acceptable manner.

Respectfully,
JOHN N. DODD,

WHEAT YIELDS.

Notwithstanding the Destruction by the Scab the Yield in Kent is Fair.

Notwithstanding the blight to wheat during the season of blossoming, the yield of wheat in the county is a fair one, if we are to judge by reports from those who have threshed during the week. Here are a few yields:

Mr. J. N. Bennett, of near Still Pond, got 2100 bushels from 110 acres. An average of nearly 20 bushels per acre.

Mr. Wm. G. Smyth, of near Fairlee, got an average of 20 bushels.

Mr. Jesse H. Usilton, of near Fairlee, got about 18 bushels.

Mr. James T. DeCorse, near Fancy school house, threshed 1500 bushels from 90 acres.

Mr. Robert Kennedy, on the Vickers farm, near Worton Station, got an average of about 15 bushels per acre.

Mr. William Jewell, on Mr. Harry Price's farm, near Betterton, got 650 bushels from 50 acres.

Mr. Harvey Moore, on Turner's Creek, threshed 680 bushels from fifty acres.

Mr. Paul Massey, in Quaker Neck, is reported to have threshed 1200 bushels from 80 acres.

Mr. Kennard Aldridge, on the Ringgold farm, threshed 19 bushels to the acre from his entire crop.

Mr. Charles Norris, of near Lynch, got an average of seventeen and one-tenth bushels per acre.

Reports from the Fifth District indicate a poor yield owing to the great damage done by the scab.

The average yield throughout the county this year will be 15 bushels per acre according to careful estimates.

Mr. Edgar J. Watson got 15 bushels per acre from fallow, and 12 bushels per acre from corn ground. This is an extremely poor yield for this fine farm.

Mr. Frank Crow got 1300 bushels from 98 acres—a poor yield for that farm.

Mr. Charles Willis on the Klinefelter-Chambers wharf farm, in Queen Annes threshed 20 bushels per acre from his entire crop. A good yield.

Mr. Joseph Everett on the Skirven-Lusby farm got about 19 bushels per acre.

Perry Rasin on the Isaac Parsons farm got an average of 12 bushels to the acre. On the Solloway farm he got an average of 15 bushel per acre.

Mr. Harry C. Willis got an average of 15 bushels per acre, a very poor yield for this farm.

Mr. Earle Nicholson threshed 1200 bushels from 78 acres, another poor yield.

What the Transcript Did.

Mr. William M. Knight, one of our esteemed patrons in Baltimore, sold on Saturday the "Moffett farm," in the First District, containing 330 acres, to Mr. Anthony H. Johnson, one of the county's most successful and enterprising farmers. Mr. Johnson stated that he saw the advertisement of the farm in the first issue of the TRANSCRIPT in which it appeared and immediately began negotiations with Mr. Knight for its purchase at $20,000 cash. Three other gentlemen of the First District, all subscribers to the TRANSCRIPT, were in correspondence with Mr. Knight relative to its purchase at a cash price, but Mr. Johnson was the early bird and he caught the worm. Each of these gentlemen, Messrs. Adam F. Huey, James E. Woodall and another gentleman whose name is not mentioned, stated that he first saw the advertisement in the TRANSGRIPT, and they were there with the money in their pockets to purchase the desirable farm. We have always maintained that the TRANSCRIPT is the best advertising medium in Kent county because it circulates among that class of people who "pay as they go," and if the farmers who expect to have personal property sales want to get cash bidders, it will be greatly to their advantage to advertise in the TRANSCRIPT. It is the paper that does things; it brings results.
