*†*The partial eclipse of the sun was visble in Chestertown on Sunday, and many viewed the phenomenon through smoked glass.

*†*Contractor Copper began this week the erection of Mr. H. Stockton Startt's new home near Fancy School house. This will be one of the most modern homes in the county when finished.

*†*To-day is the fourth of July. It will be variously observed throughout the town and county, and every one will have a fine time we are sure.

*†*Mr. Robert Joiner has sold his property near Gratitude to a Baltimore party for $1500. Mr. Joiner has since purchased the pretty home of Mr. William Penn, near Rock Hall, for $1100.

*†*Mr. John S. Vandegrift is arranging to get the Indians, now touring the country, to play one of their famous games of ball in Chestertown in the near future. The Indians play in the day and at night bringing with them their own electrical device for illuminating the grounds. Should Mr. Vandegrift succeed in getting the team, we shall see a corking game of ball.

*†*A prominent gentleman in Chestertown killed a two-months-old spring pullet on Saturday, in which an egg about the size of a marble was found. Indications were that the pullett would have laid in about one month. This is regared as remarkable, as pullets have scarcely been known to lay under from four to six months old.

Willis' threshing rig broke down on the brow of the hill in front of Mr. Albert Crouch's home, near Fairlee, on Saturday, and Mr. Frank Wheat, the engineer had a narrow escape from serious injury. The damage was repaired on Monday, and Mr. Crouch's wheat crop was threshed in good order.

For Change of Schedule.

The following petition for a change of the schedule of the railroad trains to go into effect on Monday was circulated yesterday, and in a very short time the following signatures were gotten. The hour of leaving of the afternoon train after Monday—1.30 o'clock instead of at 2.30 as here-to-fore—is so inconvenient to all kinds of business and travel that the railroad company is respectfully asked to make the change in the time of the leaving of the afternoon train. If the change is not made it will work a great hardship to our business interests. The following is the petition:

TO THE PENNSYLVANIA RAILROAD:—We the undersinged eitizens and business men of Chestertown, Md., respectfully ask that the present time table which has the train leave Chestertown at 1.30 P. M., be changed. There are only two trains from Chestertown daily. The morning train arrives here at 11 o'clock A. M. Many people come down the road to attend to business in Chestertown and cannot get through by 1.30 o'clock. It is much more convenient for the business and traveling public to have the mail train reach here at 11 o'clock A. M. and leave at 2.30 P. M., as has been done for a number of years past. It is impossible to have much mail matter attended to between 11 A. M. and 1.30 P. M. The community as a whole ask that the change be made.

Respectfully,

Second National Bank of Chestertown, Md., W. B. Copper, cashier; E. F. Perkins, James Dunbracco, W. Robert Huey.

Kent County Savings Bank, Wm. F. Russell, cashier; Thomas W. Perkins, teller; J. R. Simpers, book-keeper.

Miss Mae Nickerson has returned to her home in Galena for the summer, but will come back again in the fall.

Miss Lillias Walter is visiting in Baltimore and Brooklyn, Md.

Last Sunday was a great day at our church. Our beautiful Sunday school room was opened for worship. When Mr. A. J. Hackett, our faithful superintendent, called the Sunday school to order the room was nicely filled with scholars, both young and old. After a very interesting song service our superintendent introduced Mr. J. S. Harris, who was our former superintendent, and has been connected with this school for over 65 years, who gave a very forceful and interesting address on early Methodist history, and we feel proud of the place that Still Pond occupies, being among the first preaching places in America. Rev. T. F. Beauchamp, a former paster, also made a short address to the school. At 10.45 Rev. A. H. Covey, an ex-pastor, preached a powerful sermon on the "Manhood of Jesus." He possesses a charm of manner and a gift of oratory surpassed by few, which combine to make him a most interesting and instructive speaker. He has many admirers here, and will be gladly welcomed any time he can come again. The Epworth League service was led by Miss Mary Capps, who read a splendidly prepared paper and also gave us a splendid musical treat, consisting of solos and duets. The solo by Mrs. Schofield entitled "Rock of Ages," and also the duet by Mrs. Schofield and Mrs. Blanche Young, Miss Bessie Leigh accompanying them on the organ, were beautifully rendered. Master Ben Robinson sang a solo to the delight of the entire audience. It was all right, Ben, prepare another. Rev. T. F. Beauchamp, a former pastor preached an excellent sermon at night (after Bro. Collins got through whipping old Jack) from Rom. 8.32. Bro. Beauchamp is a great favorite with his people, and drew a large crowd for the evening service. He also preached at Betterton in the afternoon, and two men were won to God.

The improvements made to our Sunday school and church amount to $1227,85 which amount, with the aid of the money received from the insurance companies, were all covered in cash and subscriptions on Sunday, which praise is due to Sunday school and Epworth League for their heroic efforts to cancel all the indebtedness. Our pastor and official board desire to thank every one who in any way helped to make the occasion such a success, and they extend a hearty welcome to every one to come and worship with us. Just come and take a peep at our Sunday school room, one of the finest in Kent. The Sacrament of the Lord's Supper will be administered at our church Sunday morning. Let no one fail to be present.

Beginning with Sunday evening the Epworth League will have full charge of the evening services during the months of July and August. These services will only last one hour, from 8 to 9 o'clock, and those who attended these services last summer will remember how bright and how cheering they were. Just sixty minutes of real sunshine. Our pastor will speak Sunday evening on, "A Glance at our National Beginning and Some Lessons From Them." Good congregational singing is desired led by a splendid choir of young people. You are cordially invited to these services and all services.

Little Boy Drowned.

A very sad accident occurred at Rock Hall on Wednesday afternoon at four o'clock when little William Samuel Joiner, the oldest son of Mr. and Mrs. John E. Joiner, fell overboard while crabbing and was drowned. The little boy was 12 years old. He was alone in the boat about one-half mile from shore, and about an eighth of a mile from his grandfather, Mr. J. J. Davis, who first noticed the boat drifting about with the wind and tide. Mr. Davis gave the alarm and eight boats quickly responded to the call to search for the body. When found the little fellow had his crab line wrapped abont him. The little boy usually went out with his father to crab, but on Wednesday the father could not go, and the little fellow went out alone with his grandfather, setting his crabbing line some distance from his grandfather's. The body was in the water about a half hour. The little boy was one of the best boys in Rock Hall, and was a favorite with all who knew him. When last seen he was in high glee, for he had a good catch to carry home. His death is a great blow to his parents, who have the sympathy of the entire community.

Outlook for Peaches.

The outlook for a crop of peaches on the Maryland-Delaware peninsula is reported to be better this season than for any year since the San Jose Scale and the yellows played such havoc with the fruit trees. Delaware growers are anxiously awaiting the estimate of the Pennsylvania Railroad Company as to the size of the crop, so as to arrive at some general idea as to the prices likely to prevail. It is claimed that the great influx of southern fruit to city markets will not affect the prices of peninsula fruit and orchardists throughout the peninsula are expecting profitable prices for their fruit. So far as Kent county is concerned there is a good crop on all orchards, and the fruit is in a healthy condition. The price of peaches depends very materially upon the manner in which they are packed for market, and it is invariably the carefully selected and best packed fruit that brings the highest price. We advise all our growers to exercise care in the gathering of the crop, for by so doing they will reap the best profits.

Will Stop Illegial Fishing.

Governor Crothers said Saturday that he had notified the commander of the State fishery force to take steps to enforce the law relating to purse-net fishing.

"We intend," said the Governor, "that all persons having purse nets must take out the necessary licence and that none shall fish above the line which the law fixes. I am determined that this law shall be enforced."

The fact that purse-net fishing without license, in territory where it is prohibited by law, is destroying the fishing with alarming rapidity was called to the attention of the Governor last Friday by Mr. George Dobbin Peniman, president of the Game Protective Association. The Governor promised to investigate and has done so.
