CAN'T BE SEPARATED.

Some Chestertown People Have Learned How to Get Rid of Both.

Backache and kidney ache are twin brothers.

You can't separate them.

And you can't get rid of the backache until you cure the kidney ache.

If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys.

Mrs. John S. Barnes, 106 North Stokes street, Havre de Grace, Md., says: "We certainly can recommend Doan's Kidney Pills as a sure cure for kidney complaint. My husband recommended them just after he had been relieved of kidney complaint and backache from which he had suffered for years. He suffered from a lingering backache, and a continued lameness and soreness over the kidneys and the slightest over-exertion caused acute twinges to dart through him, leaving him exhausted with dull pains through his back. I got Doan's Kidney Pills for him and they seemed to fit his case exactly relieving the pains and he has not had a backache since. We keep Doan's Kidney Pills in the house, and he never fails to take a few doses, and they keep his kidneys in good condition. Since making the above statement four years ago, my husband has enjoyed the best of health."

For sale by all dealers. Price 50 Cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

South American Animals.

Many curious animals haunt the marshy parts of South America north of the pampas. Frogs big and ferocious (the ceratophyrs), given to making vicious springs when closely approached; the capybara, a cavy "contented with the bulk of the sheep;" the huge coypu rat and the swarthy tapir are frequently seen. Along the forest margins troops of peccaries are often met with, occasionally the jaguar, sometimes the puma; likewise that toothless curiosity the great ant bear, long in claw, long nosed and remarkably long tongued. Very plentiful, too, are those "little knights in scaly armor," the quaint, waddling armadilloes. Long toed jacanas pace about upon the floating leaves. A familiar object is the great jabiru, a stork with a preference for the desolate lagoons, where it may often be observed statuesque on one leg and wrapped in prospection.

Big Tips For Little Favors.

"It is surprising," said a veteran Pullman porter, "how big a tip a porter sometimes gets for doing a very little thing." He added:

"A passenger once tipped me extra because he said I did not leave his shoestrings coiled up inside his shoes after I had blacked them. He said nothing made him madder than to slip on his shoes in a hurry in a sleeper only to find that he had to take them off again because the shoestrings were inside. Ever since that time I have been careful not to leave shoestrings inside of the shoes I black, and more than one passenger has thanked me for being thoughtful. But it wasn't me that did the thinking. The tip did that for me, and I never forgot it."—Leslie's Weekly.

In the Right Direction.

Bishop Blomfield was one of the many witty Englishmen whose good things have found their way into a volume of reminiscences, "Leaves From the Notebooks of Lady Dorothy Nevill."

Bishop Blomfield was led into a controversy one time with a learned man as to the mental superiority of the east over the west, and his opponent as a parting shot said:

"Well, at any rate, you can't dispute that the wise men came from the east."

"Surely that was the wisest thing they could do!" retorted the bishop.

A Futile Boast.

"Love me and the world is mine," he said.

"What's the use of saying that?" she replied. "I've been loving you for weeks and you haven't even succeeded in getting a good job."—Chicago Record-Herald.

POTASH

Look at your wheat and rye—study them well before cutting.

Too much stalk and leaf in proportion to your grain, means *too much* nitrogen in your soil.

Use fertilizers with at least 6 per cent. of Potash. A stronger stalk and heavier head will be the result. But most fertilizers are too low in Potash, and if you cannot get the right brand, then make your brand complete by adding 15 pounds of Muriate of Potash to each 100 pounds of your mixture.

Complete fertilizer (2-8-6) means best crops and biggest profit.

Every agent sells phosphate. Few carry Potash in stock. Arrange for Potash *now*. *Potash is profit.*

Send for our books containing *facts* about soil, crops, manures and fertilizers. Mailed free.
