SHARPLES
Dairy Tubular Cream Separator.

Here are five separators—the largest Sharples Dairy Tubular in the middle and two "back breakers" on each side. The machines are all set so the crank axles are level. Which kind for you? The girl is 5 feet 4 inches tall. We handle Tubulars exclusively. Tubulars have waist-low supply cans and other advantages over all other separators. Call and examine Tubular.

Slow Mental Ripening.

Not infrequently those mentalities that ripen the slowest last the longest, and often the history of these great men has been persistent neglect and worldly coldness until forty or more years have passed before their greatness has been conceded by their contemporaries. Truly "the life history of a great genius is almost invariably one of a sad and somber tone, a walk apart from the beaten path." Such are the words of one who should know what the "doers of deeds" must endure. Be this as it may, it is now recognized that many of the finest achievements in business, statesmanship, literature and in all activities have been wrought by men long past sixty. Writes one, "No strong man will accept sixty as the arbitrary limit of his ambition and working ability."—W. A. Newman Dorland in Century.

The Silkworm.

Upon attaining full growth the silkworm becomes restless, stops feeding and throws out silken threads. The silk is formed in a fluid condition and issues from the body of the worm in a glutinous state, apparently in a single thread. From this silk the worm constructs its cocoon, an interval of from three to five days being required to complete its imprisonment in the envelope. In order that the silken strands may not be subjected to the danger of breakage by the moth emerging from the cocoon, the cocoons are steamed till the inclosed insects are dead. After this the silk may be wound off.—New York American.

Exasperating, Truly.

Mrs. Higsley—Clara, I must insist that you send young Mr. Granley away earlier. It was long after 11 o'clock last night when you closed the front door after him. Clara—I know, mamma, and I have made up my mind a dozen different times to make him leave early, but he has a way somehow of always giving the impression long after the shank of the evening has passed that he is just about to say something one has been waiting for. It's awful exasperating!—St. Louis Republic.

Idle Curiosity.

"Why are you calling up the various hospitals?"

"My friend Sniggiebat assured me he'd pay me that $5 today or break a leg, and I want to find out which leg he broke."—Kansas City Journal.

Easy.

Lady (on street)—Do you know where Johnny Tucker lives, my little boy? Little Boy—He ain't home, but if you give me a nickel I'll find him for you. Lady—All right. Now, where is he? Little Boy—Thanks. I'm him.—Judge.
