FOR PRESIDENT:

WILLIAM JENNINGS BRYAN,

OF NEBRASKA.

FOR VICE-PRESIDENT:

JOHN WORTH KERN,

OF INDIANA.

FOR CONGRESS:

J. HARRY COVINGTON,

OF TALBOT COUNTY.

CANDIDATE TAFT had to take his piece to Boss Roosevelt to read before he could say it. The idea of a Presidential candidate doing a thing like that! Reminds us of a school boy taking his piece to a teacher before reciting it.

THERE IS more *Republican* prosperity in the air now than you can throw a stick at, but where is the real thing? Ask all those who have been idle for months, and who are feeling the sting of the actual business depression which exists all over the country.

WE ARE indebted to former Senator Clarence W. Perkins, of Baltimore, for the suggestion which led to the securing of the large cut of Washington College which appeared in our last issue. Senator Perkins is one of the College's most aggressive allumni, and is deeply interested in its welfare.

THE REVERSAL of the decision of Judge Landis by the Chicago United States Court of Appeals, is an evidence of the baneful influence of the power of corporations, even upon the courts of justice. It only proves how powerful a great corporation like the Standard Oil Company is. The reversal of Judge Landis' decision will furnish good campaign material for the Democrats.

CHAIRMAN MURRAY VANDIVER, of the Democratic State Central Committee, said Tuesday that he will call the committee together next month to consider plans for the conduct of the presidential and congressional campaign in Maryland. General Vandiver said that Mr. Bryan, Mr. Kern, candidate for vice-president, Governor Johnson, of Minnesota, who was the original choice of a majority of the Maryland delegates to the Denver Convention for president, and Congressman Towne, of New York, will be invited to speak in Maryland.

Before leaving Denver Generel Vandiver received assurances that Mr. Bryan and Governor Johnson will accept invitations to speak in Maryland. It is not intended to rush Mr. Bryan through Maryland and have him make speeches from the rear platform of a special train, as in 1900, when he headed the ticket. Mr. Bryan, according to present plans, will content himself with one speech in Maryland. It will be delivered in the Lyric, Baltimore.

WE CALL THE ATTENTION of the taxpayers of the county to the fact that on August 4th, the Good Roads Commissioner will hear arguments concerning the roads to be improved in Kent county. The hearings will be open to the public and be held in the Commissioner's office in Baltimore. It is extremely important that the tax-payers give their earnest attention to the matter, and come to some agreement as to the roads to be improved. We do not think it justice to the whole people of the county to use the entire appropriation upon any one stretch of road. Such a plan would benefit only a very few of the tax-payers who will eventually have to pay the $5,000,000 loan provided for road improvement by the last legislature. The people of the county are taxed exorbitantly now to waste money on our county roads, and the thing to do with Kent's apportionment of the State appropriation, is to take the whole $108,000, distribute it proportionately upon all roads most used by our farmers and traveling public, leading to our shipping points, and improve these roads in a more economical, and less expensive method to keep in repair than such a road which costs $5,000 or $8,000 a mile to build, would cost. Such a road is the most expensive kind of a road to keep in repair, especially where heavy loads are constantly being pulled over them, and the people of the county, especially the farmers, want the most serviceable roads at the least cost to make and the least exspensive to repair. It will be the greatest mistake in the world to expend all the State appropriation upon any one road, and if this entire $108,000 were put into the hands of a competent road engineer or expended under the supervision of the State in such a manner as to cover the entire system of roads it would be much more beneficial to the people at large. The greatest bane of the tax-payers of the county is the public roads, and the sooner they are taken out of the political machinery of the county the lower will be our tax rate, the better our roads will be, and the higher will be the moral standard of our political life. We hope the tax-payers of the county will attend any meeting that may be called for the purpose of discussing this subject, and we trust that they will combat any other plan than a distribution of the fund among the principal roads in the county. **The people here have a right to demand how their money shall be spent. They have got to pay Kent's proportion back in the future, if not in one way, in another, and it is their right to say how it shall be expended. Let the tax-payers give heed to this important hearing on August 4th.**

J. HARRY COVINGTON.

On Thursday the Democrats of the First Congressional District, in convention assembled, nominated J. Harry Covington, State's Attorney for Talbot, for Congress. Mr. Covington is one of the best known and most popular young men in the District, as is shown by the fact that his nomination was unanimous. He is a young man of fine moral habits, clean in politics, and possesses in a marked degree the qualifications for a most successful career in the lower branch of Congress. Mr. Covington is not a factionalist. He is and always has been a Democrat, but is one of the kind who believes in honest and pure methods to secure results. We have the pleasure to know Mr. Covington intimately and it will be a pleasure for us to give him our honest support because we know him to be pure politically, honest in all his transactions and distinctly a man of the people. He is by no means a rich man, and his election will not be purchased, but it will be won by honest and clean methods, and when he gets to Congress, you may bank on it that he will take good care of the people's interests. The nomination is a splendid one, and one that Uncle Bill and his "bar'l" cannot defeat.
