WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the the body once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

George H. Gardner, living on Front street, Chestertown, Md., says: "Doan's Kidney Pills have proven very beneficial to me and I heartily recommend them to other sufferers of kidney complaints. For several years I endured a great deal of misery from a distressing aching across my back and had pains through my loins, so severe that it really felt as if a knife were being thrust into my back. Noticing that the secretions were disordered, and deciding to try a kidney remedy, I procured a box of Doan's Kidney Pills at M. A. Toulson's drug store. I began using them as directed. They gave me relief from the first, and at last affected a complete cure. I do not hesitate to recommend them as a good medicine for the kidneys."

For sale by all dealers. Price 50 Cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

—THE—

Mutual Fire Insurance Co.

OF KENT COUNTY,

during the past nine years has returned to the holders of its policies, where the policies have been cancelled, $39,000.00.

The accounts of its policy holders show that for the same period the actual cost of insurance has not been more than 66 per cent. of the premium paid, d that policies only nine year old have now standing to their credit 33 per cent. of the amonts paid it.

If you wish to diminish the estimate cost of your insurance, insure your property in the

HISTORY OF CHESTERTOWN.

(Continued from page 2.)

BEFORE THE REVOLUTION.

Kent county, which originally comprised all of Maryland that lies on the Eastern Shore, has had but two county seats. The first was New Yarmouth, founded in 1680. This settlement was superseded by Chestertown as the county capital in 1707. Chestertown was at first named New Town, by which name it was distinguished during the earliest years of its existence.

During the days of the Revolution and those immediately preceding and succeeding the War of Independence, the Kent county settlement was much in prominence. Reference has already been made to the Chestertown "tea party" of 1774. When the people of Maryland undertook to establish an institution for higher education this town was selected as the seat of the first college founded in the State.

Washington College was established in 1782, having been erected upon the foundation of a successful educational institution of less pretension, but whose history dates back to 1723

General Washington, in camp at Newburg in 1782, consented that the institution should bear his name, and he contributed liberally of his own means to the enterprise. The cornerstone of the college was laid in 1783 by Governor Paca, of Maryland.

WASHINGTON COLLEGE TODAY.

In the early half of the nineteenth century the institution suffered from a season of financial depression. The buildings were burned in 1827.

The classes were of nearly twenty years conducted in inadequate quarters in Chestertown, bnt in 1844 the college took on new life. And since then—except during the years of the Civil War—it has progressed steadily.

Although Washington College throughout the century and more that it has been established has been an important public institution in the county seat of Kent, it is by no means the whole of Chestertown. Indeed, the visitor might go into the city and out again without seeing the college, or knowing that it was there, for there are many other things of interest to be seen in the town, and the college occupies a site well on the outskirts.

The people of Chestertown have always been progressive—in their pleasures as well as their business. One of the earliest theatrical companies to perform in Maryland—if not the first one to come to the province—gave several performances in Chestertown, and thereafter dramatic and operatic attractions were offered more or less frequently to the people of the county seat.

THE PEOPLE LOVE HORSES.

Chestertown has also been an important center for racing and the breeding of race horses. Away back in the middle of the eighteenth century the county seat had its regular races every spring and fall, and this love for fast horses is still nourished by the people, for when there is no more important racing event to be enjoyed then the residents of Kent will invite their neighbors of Queen Anne's to bring their horses over the bridge and determine whether the people of Kent or those of Queen Anne's know better how to breed and train and drive thoroughbreds.

H. E. EUCHHOLZ.

**Mr. Simon Westcott represented the Chesteetown Tennis Club in a spirited contest at Clifton Park, Baltimore, early in the week. Simon was well up in the scores.

Order Nisi.

In the Orphans' Court for Kent County, Maryland.

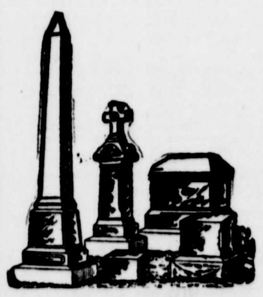

ORDERED by the Orphans' Court of Kent county, on this 21st day of July, in the year nineteen hundred and eight, that the sale of the real estate of Hannah P. Merritt, deceased, made and reported by Lida P. Hepburn, executrix of said deceased, under the power and authority contained in the last will and testament of the said Hannah P. Merritt, deceased, to make sale of same, be ratified and confirmed, unless cause to the contrary be shown on or before the 29th day of September, next; provided a copy of this order be inserted in some newspaper printed and published in Kent county, aforesaid, once in each of four successive weeks before the 25th day of August next.

The report states the amount of sale to be twelve thousand dollars ($12,600).

Potash

Makes Two Bundles of Wheat Grow Where but One Bundle Grew Before

Getting a full crop from a fertilizer with too little Potash, is like getting well by the doctor's prescription with its most important drug left out.

Most commercial fertilizers need *more* Potash to get all the crop profit you are entitled to.

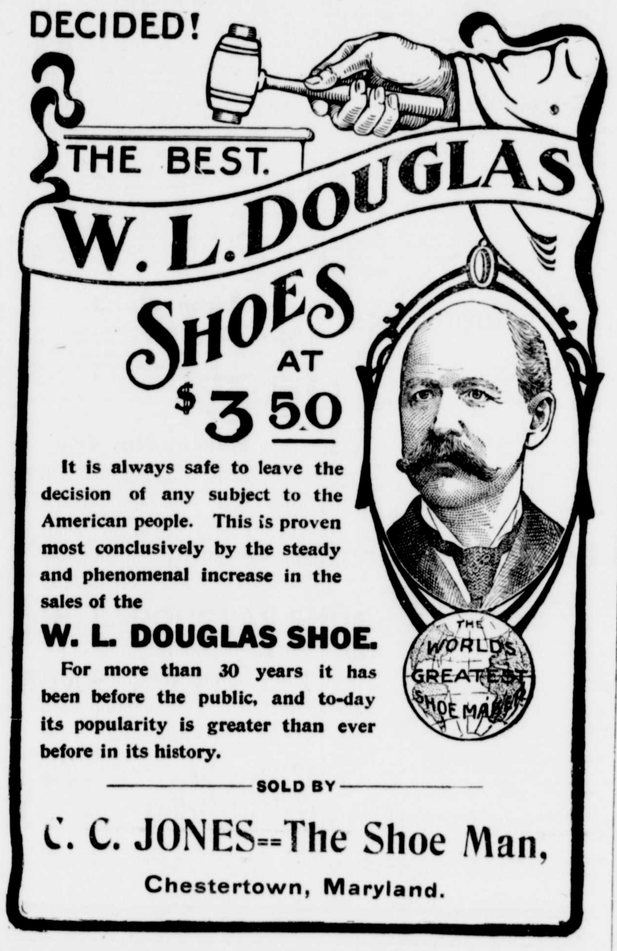

Use a brand with at least 6 per cent. of Potash, but if your dealer does not keep it, then mix 15 pounds of Muriate of Potash with each 100 pounds of your fertilizer. That will *raise wheat!* Set clover, too!

The proof will come *next* year in bigger crop, more profit. *Potash is profit.* Buy the Potash first.

Send for pamphlets containing *facts* about soil, crops, manures and fertilizers. Mailed *free.*
