Diabetes and finally Bright's dieease.

This is the downward course of kidney ills.

Don't take this course.

Michael Murphy, living on Warren st., Havre de Grace, Md., says: "There is no doubt in my mind about Doan's Kidney Pills being good for kidney trouble. I used them some years ago and was cured of kidney complications that had affected me for many years. I gave a statement to this effect in 1902 and I am glad to confirm it at this time, as the cure Doan's Kidney Pills made then is fresh today, April 22, 1907, as it was when first made. There was a dull, aching pain across my loins just over the kidneys, and there was an unnatural condition of the kidney secretions, particularly during the night, as I would have to get up so often to avoid them. I became so sore and lame in bed at night that I would have to change my position every little while on account of the severe pain. Stooping or lifting was bound to bring on sharp, shooting twinges across my loins until I saw Doan's Kidney Pills advertised and got a box. I noticed a marked change in my general condition and I continued their use, taking in all three boxes, when a complete cure was effected. It gives me pleasure to reiterate all I said in my former statement and you are at liberty to continue the publication of my name recommending Doan's Kidney Pills."

IS SURE BRYAN WILL WIN.

Judge Dennis is Confident of the Nebraskan's Election.

HE SAYS HE IS THE BEST MAN.

Around Taft is a Flimsy Mask Which Hides From the Ignorant Roosevelt.

Ocean City, Md., Aug. 8.—While sitting in a rocker here today on the veranda of the Atlantic Hotel, Judge John Upshur Dennis, formerly of the Supreme Bench, who is now broken in health, asserted most emphatically his belief that William Jennings Bryan would be the next president of the United States.

Judge Dennis is constantly talking with friends. While he is practically an invalid his mind is clear and he is as eloquent and as versatile as at any other period of his life. Never does he sit alone, and if no other person is near him Mr. Neilson Poe, Jr., can be found with his old friend.

When he was asked why he thought Mr. Bryan would win he thought for a second and then said:

"Because he is the best man. Bryan will have the laboring vote because he is their friend. Four years ago the laboring classes to some extent thought him radical and would not support him. Now they know he has more brains and is a better man than Taft in many respects.

"Bryan is not radical any more. He has become sobered in his ideas; he has thougnt and studied the conditions of this country more than any other man. He is conscientious, honest and sincere and will make an excellent president. I have herd men talk about him and they all agree that he is just the sort of man we want to take hold the helm of our country and guide us to prosperity.

"Bryan is not narrow-minded in any respect. He has traveled over the world and has studied and stored away ideas which will be of great help to him when he is President. Oh, he's going to be our next President. I do not doubt that for a moment."

"What do you think of Mr. Taft?"

"Taft, in my opinion, is Roosevelt. By that I mean that if Taft should be so fortunate as to win, he would be but a tool in the hands of Roosevelt in guiding the destinies of our great country. Around Taft is a flimsy mask which hides from the ignorant Roosevelt, but that Taft will be like clay in the hands of Roosevelt if he is elected was no more in evidence than when he requested the President to approve his letter of acceptance.

"I am optimistic in this matter. I have discussed and studied the true condition and know what I am talking about. I say again Bryan should be the next President and I am confident he will be. People are tired of seeing Roosevelt this and Roosevelt that. Why, he is like the Emperor of Germany. Why it's Roosevelt and the country is secondary to him. Everybody who reads and keeps up with the world knows this and they will vote against the Roosevelt and Taft conbination."

Look at your wheat and rye—study them well before cutting.

Too much stalk and leaf in proportion to your grain, means *too much* nitrogen in your soil.

Use fertilizers with at least 6 per cent. of Potash. A stronger stalk and heavier head will be the result. But most fertilizers are too low in Potash, and if you cannot get the right brand, then make your brand complete by adding 15 pounds of Muriate of Potash to each 100 pounds of your mixture.

Complete fertilizer (2-8-6) means best crops and biggest profit.

Every agent sells phosphate. Few carry Potash in stock. Arrange for Potash *now*. *Potash is profit.*

Send for our books containing *facts* about soil, crops, manures and fertilizers. Mailed free.
