Rock Hall Items.

School examinations were finished here Friday, the pupils having had a steady grind of over a week.

Mr. Elmer Leary, wife and daughter, made a short visit to Cambridge last week. Mr. Leary will have another power boat built, which he will use in connection with his up-to-date lumber mill for hauling lumber and rafting logs.

Prof. Davis and F. A. Greenhawk were entertained at the home of Rev. J. T. Richardson last Saturday evening.

There has been some excitement in this community and elsewhere because of a report that scarlet fever was raging here, without stopping to determine the truth of the report or the seriousness of the conditions; some literally jumped to the conclusion that an epidemic was in our midst, reported the same, and wished the school closed. As usual the conditions did not warrant so much alarm or the expression of such a desire, since, to the credit of the physicians of this town be it said, there has been up to this date, only three cases of the disease in as many months. If other towns can report such checking of a usually rapidly spreading disease we should be glad to hear from them.

Billy Clayton says muskrats are very plentiful this season.

A debate will be held in the Jr. O. U. A. M. Hall for the benefit of the order next Monday night.

The members of the Card Club of this town entertained a number of their friends in the K. of P. Hall, last night, Friday.

Last Saturday the steamer from Baltimore broke down after leaving Rock Hall wharf and was for some time seen drifting down by Huntingfield.

The farming implements and stock sold on the hotel green last Saturday was that of George DeFord. Mr. Ford will move to St. Mary's county where he will conduct a farm on a larger scale.

Walter H. Hadaway also sold some of his stock, mules and horses.

The heavy winds from the southwest caused seas to roll in the creeks here, doing considerable damage to the small boats.

Millington Items.

Miss Helen Power died Friday evening in Philadelphia at the home of Mr. Yarnell. She went there shortly before Xmas on a visit, and was taken with a severe illness, from which she never rallied. Everything that skill and love could do was done, but to no avail. Her remains were brought to her home in Millington, Monday, Jan. 24. The funeral took place at her late residence, Wednesday morning at 10.30 A.M., Revs. Moore and Ware officiating. Interment in Millington cemetery.

"None knew her but to love her,
None knew her but to praise."

Miss Addie Vansant is visiting her sister, Mrs. F. Phillips, in Wilmington, Del.

Miss Annie Talbot is spending sometime in Millington.

The young peopl gave a complimentary dance last Friday evening to a party of friends. They held it in Gillespie's Hall.

Mrs. Jones has returned from a visit to Philadelphia, and is with her daughter, Mrs. Disharoon.

Miss Kate Shaffer and Mr. Alonza Porter, both of Millington, were married in Chestertown, Jan. 19th, by the pastor of the M. E. Church.

Mrs. Porter gave a fine dinner to her family last Saturday in honor of Mr. Porter's birthday.

Mr. Wm. Price's newly built houses are now occupied. They are an ornament to the town. We need many such.

Mr. Thos. Britton's family have moved here from New Jersey. They are domiciled in the Jones property on Crane street.

Mr. David Anderson and family are in their new home, it was formerly the Snahan property; it has been thoroughly remodeled and is a beautiful residence.

Mrs. Geo. Jones has gone to a Baltimore hospital for treatment.

Mr. Frank S. Bottomly's store is being built and from all appearances will be completed before spring.

Miss Reynolds spent part of last week in Cecil county.

Grange Notes.

Chestertown Grange held a very interesting meeting on Wednesday afternoon in their hall, and elected the following officers: Master, H. P. Skipper; overseer, A. L. Story; lecturer, T. D. Bowers; steward, B. F. Rash; asst. steward, Wm. F. Wink; gate-keeper, Chas. E. McKee; chaplain, Samuel Vanvort; secretary, Clifton L. Jarrell; treasurer, William Vansant; Ceres, Mrs. William Vansant; flora, Mrs. H. B. Nicholson; pomona, Mrs. Wm. Morris; lady asst. stewart, Miss Bessie Nicholson. There was a good attendance of members, and the question of clover seed was presented. Col. Wm. J. Vannort presented prices and samples of seed, and was made a committee of one to secure orders from the Chestertown Grange and to confer with other granges in reference to an order.

The grange will install its officers next Wednesday afternoon, when Deputy Organizer Anthony will be present. The grange will meet every Wednesday afternoon at two o'clock, and all members are urged to be present. The question to be discussed will be "The Most Economical Method of Working the County Roads." Let every member be present. The clover seed question will be finally settled.

Fairlee Grange received applications for 14 new members last Wednesday night. They are busy preparing for their famous minstrel show to be given early in February.

Kennedyville Items.

Here we are, still talking about the bad travel and patiently waiting for sunshine and rain to move the snow banks from the roads, which seems to be the only sure way we have of moving them.

Our preacher on Sunday last, certainly preached two fine sermons, especially the one at night, from the text, "For the fashions of this world passeth away," 1st Cor.-7-31. Those who did not hear it surely missed something good. There will be a Presbyterian minister here on Sunday, and an effort is being made to have both congregations worship together.

Rev. Mr. Reynolds was given a liberal donation on Tuesday afternoon by his members and many friends in the community. He was away most of this week conducting a meeting at Harrington, Del.

Rev. Mr. Randall, an ex-pastor of this charge, we are sorry to state, was taken quite ill while conducting the meeting at Harrington last week. We hope he may soon recover.

Mr. Geo. Rasin's bright litttle son, Harry, we understand, has the pneumonia. We hope it is only a light attack.

Mr. Wm. H. King is preparing to move back to Philadelphia, where he has work at Cramp's Shipyard.

Mr. Chas. Smith has returned from a Baltimore hospital after having a tumor taken from his face.

Miss Mabel Hague is spending a few days in Chestertown, this week.

Squire Nickerson spent last week on a business trip to Philadelphia and Wilmington. CITIZEN.

PENNIES WON'T PAY POSTAGE.

Mail Not to be Accepted Unless Stamped by the Sender.

Washington, D. C., Jan. 24—Estimates made by the Post Office Department indicate that approximately 300,000,000 one-cent pieces annually are taken by rural letter carriers from letter-boxes for the payment of postage on mail matter deposited.

Complaints against the practice have become so wide-spread that to-day the department issued instructions to all postmasters at rural delivery offices that after February 15 the practice will be discontinued.

The hen's Winter diet is lacking in egg-making material. More of her food must be used in keeping her body warm. Egg production, naturally falls off. Fairfield's Egg Producer supplies the egg-making material, increases egg production and prevents disease.

Fairfield's Blood Tonic for Horses Only neutralizes poisons produced by undigested foods fermenting in the intestines. It strengthens digestion, purifies the blood, perfecting the health and increasing the animal's working ability.

When hay, grain and fodder are "cured," the nutritive and digestive elements in the Saps are lost. Fairfield's Blood Tonic, added to the ration, restores the lost elements, makes food digestible, purifies the blood and perfects the health.

The extra vitality required to digest the Cow's winter foods is drawn from her milk secreting organs, weakening them and cutting down the milk supply. Fairfield's Milk Producer makes winter foods digestible, strengthens all organs and increases milk in quantity and quality.

Make your hens lay their eggs while you can get good prices. Fairfield's Egg-Producer makes the hen keep up her summer average in the winter by supplying egg-making material and stimulating the egg-producing organs.

To rid a horse of worms without putting him out of commission, use Fairfield's Blood Tonic for Horses Only. It acts in Nature's way, perfecting digestion and nutrition, purifying the blood and expelling all poisons and impurities.

Undigested and fermenting foods interfere with the hen's production of eggs, and often cause cholera and other poultry diseases. Fairfield's Egg Producer stops fermentation, strengthens digestion, eliminates waste and increases egg production.

Roup is prevented and cured by the regular use of Fairfield's Roup Remedy in fowls drinking water. It purifies and cleanses the parts affected and destroys the germ. Four oz. bottle, 25 cents.

FOR TOWN COMMISSIONER.

To the Tax-Payers of Chestertown:

I hereby announce myself a candidate for Commissioner of Chestertown at the next town election. I am the candidate of no faction and ask the votes of all citizens having the welfare of the town at heart.
