HARRY F. JEFFERSON,

THE LADIES' STORE,

Opposite Stam's Hall Chestertown Md.

Betterton Briefs.

Business has begun to boom, everybody seems to be on the move. Both steamboat lines are running on schedule time. Capt. Riggins has landed a cargo of lumber for Mr. Turner, Mr. Chas. E. Wright, Supt. of the Ericcson Line was here Wednesday looking over the companys property, the ice having done some damage to their property at Harris wharf, Betterton and Town Point. Mr. Wright will return later and have all repairs finished by the opening of the summer season.

Mr. Howard Owens visited Balto. this week, buying spring goods. Mr. Owens is a member of the firm of Owens & Co. as well as manager, and their store is one of the best stocked on the Eastern Shore, they always carry a line of goods that suit the people both in price and quality.

Mr. John Brice has completed moving the house on one of his lots which he purchased from Mr. L. A. Hickman. Mr. L. H. Rasin will occupy same sometime in the near future.

The Ladies Aid Society met at the home of Mrs. John Brice, last Friday. Quite a pleasant evening was spent, this being the first meeting since November. Much business was discussed, the principal subject being the building of a new church, and where to build. We would be very much pleased if someone would donate this worthy cause a plot of ground nearer the center of the village.

Mrs. Hughs is visiting her sister, Mrs. A. P. Emerson.

Miss Lily Crownhart has returned to Virginia, where she is manager of a branch store for Armstrong and Cator, Baltimore.

In the near future we are to have a millinery store. This is very much needed and we wish the parties every success. Now let's have a dressmaking establishment, this too, is badly needed.

We see by the Kent News that Mr. Loeb was of Betterton. We wish to state that he was not, and only a visitor here last summer.

The news writer also says there may be a move to kill the bill the people have gotten up to borrow two thousand dollars for concrete walks for town, in the May election. This amount is not sufficient to complete the walks, but if we can't get a whole loaf, let us take a half, and lay nothing in the way of this move. This is a business deal; we must go slow with borrowing money and bonding the town; should we be compelled to put sewerage in, it will not be a question of "Are you going to put it down?" but we will have to do it. Our drainage has always been well taken care of, so much so, there has been no complaint, so let us get together, put down what walks we can and a few years later complete the balance.

March has given us some very fine weather, yet we must not be too sure of good weather, as March is a changeable month. Our farmers are getting at their spring work, and it begins to look as if the hard winter was about spent.

There was a large audience to greet Miss Ola Ridwell on Wednesday night in Weer's Hall, and they were not disappointed, as she gave a fine entertainment.

Mr. Charles Crew met with a painful accident on Saturday of last week. He was spreading manure and his wagon slewed into a ditch throwing him out and two of the wheels passed over his body fracturing several ribs and bruising him generally. Had the wagon been loaded the accident would have been more serious. He is getting along as well as could be expected.
