The New Deere No. 9 Planter

This is the corn planter which has demonstrated to thousands of farmers that it is practicable to obtain a perfect stand of growing corn. Our unrivaled edge selection drop, used only on Deere Planters, has become immensely popular. More corn per acre can be grown when the New Deere Planter is used, because it puts the required number of kernels in every hill. And a full stand is the first and most important step in securing the maximum yield of corn. If you are interested, write for our book containing full particulars. It contains information which will enable you to improve the quality and increase your yield of corn. Our handsome and useful pocket companion free

Johnston FARM TOOLS

NOT IN THE TRUST

When you put your money into a **Johnston** farm implement you can rest assured you will get the very best value you ever obtained in farm machinery.

The reason why they stand so high with the thousands of farmers in this and foreign countries is because they give that **real, genuine satisfaction in the field** which every buyer of farm tools hopes to get. They fulfill the highest expectations; are so positively **dependable**, so thoroughly **practical** and do the work so much better, quicker and easier that when compared by **actual service** with others, their superiority is at once apparent.

Here we show some of them. We cannot tell you all their special strong features here; their exclusive advantages—the points that make them superior to others, or show you by illustrations just why they do their work better, quicker and easier, just why they last longer, why the breakage is so rare, why they are the cheapest; but our 1908 Catalog gives full description of our full line. You should not buy a single tool until you read it. It will help you to avoid making a mistake and post you as to latest improvements. A postal brings it. Write today.

PEOPLE'S COLUMN.

☞ The columns of the TRANSCRIPT are open to the proper discussion of all topics of public interest or importance. Whether the editors agree with the sentiment expressed or not, the people should and may be heard through the TRANSCRIPT's columns—the paper will be the People's Forum from which they may be heard on all subjects—purely personal matter excepted. The Editors are not responsible in any manner for articles that appear in this column.

"MONEY AGAINST PROGRESS!"

DEAR SIRS:—The TRANSCRIPT deserves great credit for the stand it has taken in supporting the Governors and Visitors of Washington College in their determination either to get enough to pay the expenses of the Normal School or abandoning it. If the Legislature would give this college what it deserves, the question of continuing the Normal school would never have arisen. But owing to the niggardly policy of the State, or of the State Board of Education, it may become necessary to drop the Normal Department or to injure the collegiate work, as you truly say. Such an article as yours comes in good time, in view of the letter from a "former student" which appeared in the News.

Who is this "former student," anyhow, who makes his bow, hearlded in large type, into the field of literature? Has he ever done anything for the college? Has his brains ever suggested anything original? Is it possible for his brain to encompass a broad, generous, liberal policy for the college or for anything else? He can stand on street corners and hail passersby, one at a time, until the army, in single file, has had the poison which drops from his lips poured into their unsuspecting ears. He can talk to individuals and quietly poison them by insinuations and taps and slaps at the views and characters of others. His own littleness or smallness of mind, never for a moment raises itself in behalf of progress. Has he ever been in favor of any progressive move in this town? Was he in favor of the water system being installed? Was he in favor of the sewers? Was he in favor of building an electric light plant? Was he in favor of the erection of the new college building? Has he ever in his life given $100 out of his large means to the advancement of the town's progress? Is it his great mind or his great purse that influences?

"ANOTHER FORMER STUDENT."

Grange Notes.

SPECIAL FOR FARM PRODUCTS.

The management of the Kent and Queen Annes Counties' Fair, to be held at Tolchester Beach, August 30th, 31st, Sept. 1st and 2nd, 1910, has been requested by the grangers of the above counties to make a special class for field and garden products to be raised and displayed by the members of their granges. This class is to include the products of the field, garden, orchard, dairy, etc., the method of competition to be as follows:

First, the various granges in each county will compete among themselves for a first and second prize on the largest and best display.

Then the whole display of all the Kent granges will be put against the whole display of all the Queen Annes granges, the county scoring the greater number of points to receive a grand prize.

The association will be glad to cooperate with the granges in this project and hope to see it a great success.

At a meeting of the Chestertown Grange on Wednesday, Mr. and Mrs. Wm. Vansant, Clifton L. Jarrell, Wilbur H. Morris, Mrs. H. B. Nicholson and Thomas D. Bowers were elected delegates to the County Grange which meets in Fairlee Grange Hall on Thursday next.

Fairlee Grange is making great preparations to entertain the Kent County Pomona Grange on Thursday, April 7. The morning session will commence promptly at 10 A. M., and will include:

Initiation in the fifth degree.
Installation of officers.
Reports of subordinate granges.

The monthly lecturer, Wm G. Smyth, has prepared the following program for the afternoon session:

Opening song.
Welcome, Music.
Recitation, Miss Francis Corey.
Paper—Why am I a Granger, Mr. E. A. Corey.
Music.
Paper—"Compulsory Education"—Is it Desirable?—by Mr. T. D. Bowers.—Discussion by Messrs. Harry Griffith, Geo. W. Jones, John N. Bennett, H. C. Willis and Mrs. Barwick.
Music.
Paper—The Pomona Grange, by Mr. Jas. T. Anthony.
Music.

DELEGATE OGLE MARBURY, of Prince George's county, who frequently visits H. W. Vickers, Jr., Esq., here, deserves unbounded credit for the gallant fight he made in the Legislature to save his county from the political effects of the Wells Road Bill, which provides for the appointment of a road commission by the Governor, and takes the management of the roads out of the hands of the county commissioners. There is a storm of opposition to the Wells bill in Prince George's county, but the political machine, headed by Senator Wells, is determined to force upon the people what they don't want, just as the political machine in Kent is doing.

—Talk about the high cost of living! It has struck Chestertown with a vengeance this week. Hams have jumped to 22 cents per pound; beefsteak is 20 and 22 cents, lamb chops 25 cents, and poultry is flying over the moon almost. If anything will induce the women to vote, it will be the high cost of living and the outrageous price of her Easter hat. But how about the poor husband, who has to put up the coin?

—Why do not the Town Commissioners scrape and grade High street driveway and cover it with a good covering of sand and gravel as they have done other streets of the town with such marked improvement? It is useless to think of spending a great amount of money on that street, with the probability of being compelled to tear it up in a few years.

—One of our young gentlemen who loves the water has ordered a fine gasoline launch, with hunting cabin, for his pleasure during the summer.

A Remarkable Coincidence.—Mr. and Mrs. James Brice left Chestertown for Tampa, Fla., on January 5th, last. They returned home of Thursday, March 24th. When they left home Mrs. Brice left a half pound of Mr. Charles H. Jefferson's butter in a butter dish in her pantry. Upon her arrival home, Mrs. Brice had occasion to go to the pantry to put a newly purchased pound of butter in the dish. There she found the half pound, and when she tasted it, the butter was as good as it was the day it was placed in the dish. This is a true story, and proves the excellent quality of Mr. Jefferson's butter.
