Misses Hallie and Mabel Toulson have been guests of their brother, Dr. John M. Toulson, in Salisbury, during the past two weeks.

Miss Edith Fallowfield is the guest of friends in Dover for two weeks.

Mr. and Mrs. Raymond Prettyman, and little daughter, Louise, of Denver, Col., are expected to arrived at Galena to-day for a visit with their parents, Rev. and Mrs. A. Prettyman.

TALK ABOUT COLD WEATHER.

Present Cold Snap Did Not Cause as Low Tempature as Did the Blizzard of 1898.

There has been much diacussion during the past week as to "when we ever had such cold weather" as that of last Friday, Saturday, and Sunday, January 12th, 13th, and 14th. On Friday last the tempature was 2° above zero, Saturday 5° degrees below and on Sunday morning the maximum was reached, 7° below, making the coldest day of the winter, and the coldest for fourteen years in this section. We are so apt to forget the past, and think only of present conditions, and in order to assist those who care to know about such things we made inquiry among a number of our older citizens hoping to secure a record. We found that Senator Garrett Foxwell has kept a record of the winter weather for some years past. He declares that the present cold snap is the severest since February 1898, which shows the coldest record since the winter of 1881. For the benefit of those who like to talk about the weather we give Senator Foxwell's record for February 1898:

February 11—10° below zero.
" 12—9° above.
" 13—12° above.

Snowed from six o'clock for 48 hours. Snow drifted badly, wind blowing strong from northeast.

February 14—6° below zero.
" 15—zero.
" 16—16° above.

All trains on the railroad blocked for three days.

COLD WEATHER NOTES.

All records for extreme cold weather in this state have been broken during the past week. In parts of Washington and Alleghany counties the mercury registered as low as 50° below zero, while at Parkton, Baltimore county, about 30 miles from Baltimore, 31° below zero was reported. This is the lowest tempature ever known in this state.

Ice at Rock Run in the Susquehanna river about one mile north of Port Deposit is reported to be from 8 to 15 feet in thickness. There'll be something doing when the water comes down.

Down in Bristol, Va., while a train was standing at the station, the water dripping from the engine froze the train fast to the track, and it required the combined power of three engines bumping the train to move it. It was delayed 3 hours by the "freeze up."

Mr. Louis K. Stam cut through the ice on Chester river on Monday for the purpose of measuring it. He found it to be 8 inches thick.

One of our young farmers lost six or seven of his best chickens this week from exposure to the cold. They left their house and got up trees to roost, and the farmer could not get them to come down. Another farmer's flock of turkeys remained up the trees for three days and all the coaxing in the world could not induce them to come down until the third day. They were hungry but uninjured by the cold.

The hens have gone out of business during the cold snap. One lady in the country got 40 eggs the day before the zero weather struck town, and the next day she got only 1. But the price of eggs don't rise much. Somebody must be eating a powerful sight of cold storage stuff.

Bursted water pipes have caused a world of trouble to a number of our householders during the week. One home on the avenue will be compelled to install new bathroom fixtures on account of an outside frozen pipe, while one householder said that his pipes froze with no water in them. The plumbers have been on the run day and night.

And notwithstanding the extreme weather, there has been no suffering or want among our people, nor has there been any loss of stock among our farmers, for all of which we are duly thankful.

WE WISH TO THANK

our many friends for their very generous patronage during the past year, and to wish each and every one of you a

Happy and Prosperous New Year.

We shall begin to take stock next week, and we shall shortly have many BARGAINS to offer which we shall announce in this space. Watch us close. It will be to your interest.
