MAJESTIC RANGE DEMONSTRATION
AT OUR STORE ONE WEEK
BEGINNING MONDAY, JANUARY 22d, SATURDAY, JANUARY 29th.
PAUL COMEGYS, Millington, Md.

FREE

THE GREAT AND GRAND MAJESTIC RANGE

THE RANGE WITH A REPUTATION
MADE IN ALL SIZES AND STYLES.

MAJESTIC NEVER-BURN COOKER, STEAMER, CULLENDER AND DRAINER—The Perforated Cooker, shown in center, has small feet which admits water at the bottom. Nothing can burn. Food can be lifted out of main vessel (shown on left), at the same time draining off all the water. The Steamer or Cullender shown on right can be used as an ordinary Cullender. It also fits on top of main vessel, and is used as a steamer.

THE MAJESTIC Extra Heavy Stamped Iron Marbleized Kettle, complete with cover and handle that holds on cover.

THE MAJESTIC 18-oz. All Copper Nickel-plated Tea Kettle. Handsomely nickeled on outside, tinned on inside.

THE MAJESTIC 11-oz. All Copper Nickel-plated Coffee Pot. Handsomely nickeled on outside and tinned on inside.

THE MAJESTIC Marbleized Enameled Pudding Pan. Made specially fine for the Majestic Set.

THE MAJESTIC Patent Never-burn Wired Dripping Pan.—Size of pan 14½ in. x 20 in. Made specially for the Majestic Set.

TWO MAJESTIC Patent Never-Burn Wired Dripping Pans. Size of pan 9 in. x 12 in. Made specially for the Majestic Set.

SET OF WARE FREE.

If you call at our store during our Majestic Demonstration Week and allow us to show you the many advantages and superior qualities of the Great Majestic Range, and will purchase one at the regular price, we will give you Free the beautiful and useful Souvenir Set of Ware illustrated in this advertisement. This ware is made to match the quality of the Majestic Ranges, and we know all ladies will see the beauty and utility of this set, especially the first three pieces, which are entirely new and cannot be had alone by purchase, except at a very high price. The prices of Majestic Ranges are the same, but we give the set FREE with each Majestic Range bought during the demonstration week only.

Reasons Why The Great Majestic You Should Buy.

1st. It has the reputation of being the best range money can buy.
2d. It not only has the reputation but IS the best range made, and we will prove this to you if you will let us.
3d. It is constructed of Malleable iron, material you can't beat, and of Charcoal iron, material that resists rust 300 per cent. greater than steel, is riveted together air tight. No heat escapes or cold air enters the range, thus uses very little fuel to do perfect work.
4th. The reservoir alone is worth the price of range over any other reservoir made. It boils 15 gallons of water; is heated like a tea kettle, with pocket against left hand lining, and is movable and sets on a frame, hence cannot wear out. When water gets too hot it can be moved away from fire.

Majestic ranges use less fuel; heat more water—and heat it hotter; cost practically nothing for repairs; lasts three times as long; bakes better; easier to keep clean and gives better satisfaction than any other range on the market. If you know positively that the above statements are true, wouldn't you buy a Majestic at once?

Come in Demonstration Week and We'll Prove It to You.

Horse Notes.

Mr. Robert J. McWhorter lost a horse at his stables last Friday night, which he had recently purchased from Mr. William Godwin, formerly of Kent now of Queen Annes.

Mr. Harry McWhorter has sold his fine horse Walter S. with a record of 2.12¼ to Mr. Robert G. Nicholson for his son, Mr. Charles Nicholson. This is one of the fastest horses in the county, and has been showing the boys the way to go down the speedway during the sleighing carnival.

Mr. Samuel C. Lolier, of Worton, has one of the handsomest and most promising colts in Kent county. This colt is by that reliable and speedy horse Adbert, and shows evidences of remarkable speed. Mr. Loller recently refused an offer of $360 for the colt. She will be placed in Trainer John Mallalieu's hands in the spring for developing.

The big sleds drawn by stocky mules belonging to Mr. Walter T. Morris and Mr. Rumsey Anthony and loaded with merry sleighers, have attracted much attention during the carnival. Why not clear the speedway this afternoon for a mule race?

The Middletown Transcript recently contained a most interesting article upon the "discovery of R. T. C." the plow horse, which cleared up some $45,000 on the grand circuit last year, and went back to Tommy Mumphy's winter quarters with a record of 2.06¾. This marvelous horse was originally owned by Mr. R. T. Cochran of near Middletown, who used him as a plow horse during the day and trimmed everything on the Delaware state road at night. It was while in a "brush" with Wm. T. Biggs behind Bohemia Girl, that R. T. C. attracted Mr. Biggs' attention, and his wife induced him to buy R. T. C. He did so, trained him and drove him to a record of 2.14¾ in Baltimore, and sold him to Tommy Mumphy for $4,000, and Murphy made $45,000 on the grand circuit with him last year, and reduced his mark to 2.06¾. R. T. C. is undoubtedly the greatest race horse ever raised on this Peninsula, with the possible exception of our own Bedworth, Jr., 2.06¾ who also was driven to his record by Mr. Biggs. There was nothing on the grand circuit last year that could give R. T. C. an argument, and as he is just as sound as ever, his many friends believe he will come very close to the two minute mark the coming season, and win many more laurels for his owner.

There has been much discussion during the week as to which of the following horses is the fastest on the snow: Earle Nicholson's Dandy, Bob McWhorter's mare, Charlie Nicholson's Walter S., George Peacock's Honest Tom, Capt. Wm. G. A. Thompson's John B. and Lady Thompson, Kennard Aldridge's J. K., Wm. T. Nicholson's Kitty, or Charley Wooleyhan's Nidian, Jr. Why not give their goers a try out this afternoon? They are all good ones for sure.

Mr. J. Hall Denny lost his valuable black driving horse on Saturday night.

The Worton Driving Association reorganized on Tuesday in Slam's Hall by the election of the following officers: President, Capt. Curtis E. Crane; vice-president, J. W. Ivens; secretary and treasurer, Edward B. Schofield. Mr. John Mallalieu, the well-known trainer and driver will take charge of the track April first and will have a large and better string of horses than ever before. The first matinee will be held on Decoration Day, and the Fourth of July will be a great day at Worton. The association is in excellent condition, and everything bids fair to be highly successful the coming season.

Woodmen Camps Organized.

Mr. Harland W. Huston, District Deputy, has organized camps of the Modern Woodmen at Fairlee and Rock Hall recently. The officers of the two camps have been elected and installed and they are now in excellent working condition. The officers of Fairlee camp which started with 17 members are as follows:

Consul—Wm. G. Smyth.
Adviser—H. Stockton Startt.
Banker—Thos. H. M. Bramble.
Clerk—Carey W. Reinhart.
Escort—Arthur G. Loller.
Watchman—Herman A. Kernan.
Sentry—Wm. F. Leaverton.
Physician—Dr. Frank W. Smith.
Trustees—Wm. G. Smyth, Thos. B. Kilbourn and Frank Skirven.

Rock Hall has 14 members, and its officers are:

Consul—Durand H. Hastings.
Adviser—Norris O. Collyer.
Banker—Marion T. Miller.
Clerk.—George E. Leary.
Escort.—Walter H. Hadaway.
Watchman—Frank I. Parsons.
Sentry—Chas. S. Parsons.
Physician—Dr. W. O. Selby.
Trustees—Charles D. Wood, Samuel E. Burgess and Jacob M. Blaustein.

The Modern Woodmen is one of the best fraternal orders in the country and is growing by leaps and bounds.

New Oyster Law.

Senator Cambell will introduce a carefully prepared bill amending the Haman Oyster Law. This bill is designed to give effect to the recommendations of the Shellfish Commission. The bill fixes rentals for leased bottoms at $1 per acre until April 1, 1918. After that the rentals are to be $1 per acre for the first two years, and then increasing $1 a year annually up to $5. The bill permits oysters for seed to be taken during September in the Potomac, above Cedar Point wharf, and in Broad creek and Harris creek. Lots may be leased as large as 30 acres in waters within the bounds of a county and 500 acres in the open bay, and an individual may lease as much as 100 acres in Tangier Sound. The leasing of ground is restricted to residents of Maryland. Certain preference are granted to riparian owners and oystermen.

Peaches.—Peach growers on the Md.-Del. Peninsula have become somewhat anxious for the safety of peaches because of the extremely cold weather. Opinions of experts, however, vary. Hon. James S. Harris, the best authority on fruit in this county perhaps, believes that the continued cold weather has seriously injured if not entirely killed all the prospects for a peach crop next season, while leading growers in Delaware believe that the cold weather will be a benefit to the trees and will prevent conditions arising which would cause the trees and buds to get such a start in the early spring as to be injured by late frosts and cold snaps.

There is one spot in Kent county that has not been frozen during the zero weather though exposed to all its rigors. It is historic Still Pond, about which Mrs. Rosalie Mitchell Schuyler sang so sweetly a few weeks ago in the columns of the TRANSCRIPT. The pond is so deep that no mortal [illegible] its source is believed to be [illegible] spring.
