THE TRANSCRIPT is for
J. HARRY COVINGTON for Congress,
JUDGE WM. H. ADKINS for Chief Judge
and
WOODROW WILSON for President.
That is the PEOPLE'S ticket. Who is the Kent News for? It intimated that there would be a *fight* for Congress. All the News be for or against Covington?

THEODORE ROOSEVELT is just as much in favor of the people ruling now as he was when he was president. He was the whole show then, and his desire now for the rule of the people, is but a blind to catch the unwary voter. It will be the most dangerous thing this country ever did to renominate and re-elect Roosevelt.

GOV. WOODROW WILSON made a most favorable impression upon a great audience of legislators and voters at Annapolis on Thursday. Gov. Wilson is growing in favor with the people every day, and it looks very much like the other candidates, Clark, Harmon and Underwood, have "pooled their interests" to beat him, but they will not succeed.

OUR delegates in the Lagislature should give earnest attention to the bill providing for a school of Technology in connection with the Johns Hopkins University. It will be the greatest thing the State of Maryland has done in two decades to establish such a school, and the John Hopkins University should be the directing force of the school. We urge our delegates to vote for such a law and work earnestly for its passage.

MR. CHARLES L. DODD, who is much interested in the retention of Mr. Isaac Gibbs as road engineer, has been busily engaged in the county commissioners' office during the week, presumably looking up the total assessment of those tax-payers who have signed a petition for the retention of Mr. Gibbs. You may look for something to appear either today or soon in other quarters relative to this investigation.

GOVERNOR WOODROW WILSON will get a large majority of the popular vote of Kent county. Gov. Wilson's greatness of character, his brilliant intellect and his broad statesmanship appeal so strongly to the poople that they admire him as the one man who loves the real interests of the people and who believes in the great principles of popular government. The sentiment in this State is for Wilson, and if he is nominated he will carry Maryland by an unprecedented majority.

ARE the hotel men of Baltimore going to put a black eye on the Monumental City and also upon the Democratic National Convention by the charging of exorbitant rates for accommodations? Baltimore has a chance to send her fame fare and near as a convention city, or she has the chance to kill herself as dead as Hector by an attempt to gouge the people who may want to attend the convention. The controversy regarding rates is a sufficiently bad advertisement to cause those interested to take action looking to its stoppage.

THE PETITION which Mr. C. L. Dodd is circulating for the retention of Road Engineer Gibbs calls for the reduction of the Board of County Commissioners from five to three. It is presumed that they are after Messrs. Charles D. Wood and Mr. T. Benj. Crew, whose terms will expire next. The petition, we understand, calls for the dismissal of these two commissioners at once, and at the same time retains the road engineer. This petition, we understand, has been signed by Mr. Thomas W. Eliason, one of our largest tax-payers, and it is upon Mr. Eliason's name that the Organization forces are seeking signers to this petition to oust Messrs. Crew and Wood and retain the road engineer. Mr. Eliason is a Republican, and he knows as well as we know that if Mr. Beck refuses to pass the bill to repeal the road law, his party will be benefited politically, and possibly Mr. Eliason, who is a shrewd politician, may be on to their game.

MR. BECK AND THE ROAD LAW.

If Mr. Beck refuses to pass the bill for the repeal of the Gibbs Road Law, he and his faction of the party must be responsible for turning the control of the roads of Kent county over to the Republicans, and if he does pass the bill for the repeal of the law he will please the vast majority of the tax-payers in this county who see the injustice of such a law, and who are vitally opposed to the present administration of the roads. Mr. Beck would also please those voters whom he induced to vote for him in the primaries to whom he made the promise that if he was elected to the Senate he would use his influence to get rid of the present incompetent management. Now that the bill has passed the House, and the Antis have thereby fulfilled their pledge to the people, will Mr. Beck kill the bill in the Senate, and thus turn over the control of the roads to the Republicans, and by this most partisan action take out of the hands of the Democrats the control of that part of the county affairs which in the light of past history of county management, for the welfare of our agricultural interests, as well as that of our tax-payers, had proven a most dangerous experiment This matter is entirely in the hands of Mr. Beck, and it is up to him either to please Mr. Gibbs, and hand over to him $1600 a year of the tax-payers' money for what Mr. Beck knows is incompetent service, or to satify the demands of the tax-payers by the repeal of an unjust and highly unpopular law.

Legislate Against The Fake Oculist.

There is one important bit of much needed legislation in this State that our representatives seem to have overlooked, and that is, enacting a law governing the practice of oculists.

In almost every block of the downtown districts of Baltimore city, and in many towns of the State, one can find the "shingle" of the so-called and self-styled eye specialists. Probably for every one of these incompetent practitioners there are fifty persons in Maryland who are totally blind or nearly so as a result of the blundering work of these men and women, who pose as oculists.

No person should be allowed to treat diseased or weak eyes unless he has passed a rigid examination before a State Board of Examiners, and no dealer should be permitted to fit or sell eye glasses without a prescription from a qualified and registered oculist. The dentist and the doctor of medicine are forced to pass a State Board examination as a protection to their patients. Why not the oculist?

The above appeared in the Centreville Record last week, and is a timely suggestion. We urge our representatives in the Legislature to give this important matter their attention, and assist in the passage of a law of this kind.

People You Know.

Other personals on page 2.

Mr. Wilbur W. Hubbard and family returned to Chestertown this week from Baltimore, where they had spent the winter in Baltimore and Washington.

Mrs. George Brice has been quite sick during the week at her home, near Lankford, with a severe cold.

Miss Edna Edwards, of Baltimore, was the guest of her grandmother, Mrs. Amanda Edwards, on High street, over Sunday.

Mrs. James S. Bradley has been quite sick for several weeks past, but we are glad to state that she is improving.

Maxwell record in the Glidden Tour proves *it's the car for you*

Maxwell proved decisively in the Glidden Tour its pre-eminence as *the reliable touring automobile*. Four cars proved 100% efficiency at all times throughout the 1454-mile run over the *hardest roads in the United States*, winning all trophies offered. Maxwell was the only *perfect score* team—the easiest car on *tires*, the *victor* among 64 of America's best known cars.

The Car for the Family Man

Maxwell Mascotte $980

$980 f. o. b. Factory
(*Top extra*)

Here is the Maxwell for the family man, for the particular man of limited income—a car in which the Maxwell characteristics of *reliability* combined with *high-grade appearance*, are fully developed.

The aristocrat of moderate-priced cars is the well deserved name given to Maxwells because even at comparatively low prices they wear longest, are easy to operate and maintain, and have given universal satisfaction to 49,000 owners.

The Maxwell Mascotte is the first real family car to be offered for less than $1000. It is unmatched within $200 of its price.

Many makers have tried to produce a car of *equal character* at this price, but they lacked the great purchasing power, unequaled manufacturing facilities and quantity production of the United States Motor Company.

We want you to come and ride in this car—thoroughly inspect it—compare it with others. Let us give your *family* a ride in this *family* car.

Do not fail to get the "Story of the Glidden Tour," "How to Judge an Automobile" and the advance 1912 catalog—write for this literature *now*,
