LOCAL MATTERS

Important Meeting.—The After School Club of America, Miss Ross in charge, will hold an important meeting in Miss Stuart's classroom in the Custom House at 3 o'clock next Tuesday afternoon. All mothers and teachers are urged to be present.

Penmanship Contest.—Mr. J. S. Kreeger, one of our up-to-date jewelers, offers six Water Fountain pens ranging in price from $2.50 to $5.00 for the best specimen of penmanship, open to students of the schools of Kent and Washington College. Go to his store for particulars.

Remedy For Hog Cholera.—The following remedy for hog cholera has been used with good results, says the Kansas farmer; take equal parts of 4 per cent. solution of carbolic acid and 2 per cent. solution of morphine sulphate, and give once daily, hypodermically, 20 to 40 drops according to the size of hog. Inject on inside of fore or hind leg above the knee or hock joint, using proper precaution as to cleanliness. Separate well hogs from the sick, treating them the same as the sick.

Appointed Assistant Engineer of Bridges.—The appointment of Mr. Wm. D. Hines, former road engineer of Cecil county, to a position as assistant engineer of bridges in the City Engineer Department of Baltimore was announced at the City Hall on Monday. Mr. Hines succeeds Mr. James W. Ogler, who becomes chief engineer. Mr. Hines is well-known in this county, having married Miss Wilkins, daughter of Mrs. M. A. Wilkins, of the "Maples" near town

SHORT NEWS ITEMS.

☞The Benjamin A. Hazel farm of 204 acres, near Smyrna, Del., has been sold to Mr. John Perkins for $14,000.

☞Mr. James Dunbracco has resigned his position with the Prudential Insurance Company to accept a more lucrative position. Resignation takes effect April 6th.

☞The first shad of the season made their appearance in local market on Wednesday morning. They came from the bay shore, and sold, bucks for 50 cents and roe shad for $1 apiece. They are gold fish, are they not?

☞Mr. George W. McWhortor is having the front of his residence greatly improved by the erection of a new front porch nearly the whole length of the residence. Contractor Wm. R. Pippin is doing the work.

☞Mr. Louis K. Stam, representative of the Southern Auto and Marine Supply Company, of Baltimore, has been in the town and county on business during the week. Mr. Stam's card in this issue will explain his business more fully.

☞Messrs. Wm. T. Nicholson, Lewin U. Skirven and A. Earle Nicholson have purchased a fine thoroughbred Percheron stallion, weighing 1700 lbs., which they will tell you more about in a reserved space in this issue, when he arrives.

☞An automobile inspector came to Chestertown on the tug boat which brought the Uuiversity of Maryland baseball team on Wednesday. He caught several of our automobilists without their 1912 license, and after a light "skirmish" he ordered them to get their license without delay, which they forthwith proceeded to do.

☞Mr. Jacob F. Thompson has received a carload of fine Ford autos. They are on exhibition at Sutton's Garage on Cannon street.

☞Mr. Walter T. Morris sold two fine Guernsey cows to Mr. Philips, a northern buyer, this week. Mr. Philips wanted a carload, but Mr. Morris could not accommodate him.

☞The work of remodeling the Brown house on Front street, now owned by Mr. William W. Beck was begun this week. The rear porch has been removed, a commodious rear addition will be erected, and various other alterations will be made.

☞"Phyllis' Inheritance," a pleasing three-act comedy, was repeated Thursday night in Stam's Hall to a good audience by the senior class of the Chestertown High School. Each character was well rendered, and the plot of the play was excellently developed.

☞At the regular meeting of the Mt. Vernon Literary Society last Saturday evening the following subject was debated: Resolved, That, vivesection involving pain should be prohibited by law. On the affirmative were Messrs. Keller and Bell. On the negative were Messrs. Jones and Titter. The judges decided in favor of the negative.

☞Mr. Andrew Vansant, of near Lambson station, caught Herman Exburg asleep in the Lambson public school on Tuesday night. Exburg had broken into the building and was asleep when caught. Mr. Vansant notified Sheriff McKee, and his deputy, Mr. Adam Startt, went to Lambson and brought the prisoner to Chestertown jail. Exburg had $132 in his pocket, and said that he was from the New York Bowery. He slept in the Providence, Cecil county paper mill on Monday night.

Legislative Doings.

This is the last week of the Legislative session, and much important legislation has been enacted, so far as the State is concerned.

President Price has passed a bill incorporating the Baltimore and Eastern Shore Railway and Ferry company with a capital of $10,000,000. The bill is designed to authorize a railway from Charles St. and North Ave., Baltimore, across the bay to Kent county, thence to Chestertown and all other important towns on the shore. The incorporators are Mayor James H. Preston, Joseph T. Nossel and John R. Bland, of Baltimore; Curtis E. Crane, of Chestertown, Harvey B. Cooper, Caroline; Chas. E. Harper, Wicomico, and Edward W. McMaster, of Worcester.

Mr. Beck has passed the bill to oust Messrs. Charles D. Wood and T. Benj. Crew. This is the smallest piece of politics that has been played by the Organization during the Legislature. The bill will be killed in the House.

Mr. Beck has passed the bill relating to the Kent and Cecil Light and Power Company. It is designed to give several gentlemen in Chestertown prepetual franchise rights.

The omnibus appropriation bill has been introduced in the Legislature. Under this bill Washington College is given an appropriation of $20,000 for the next two years. This will insure the erection of a fine gymnasium at the college.

Mr. Harris has passed his bill in the House amending the Kent County game law.

Asking For More Money.

Isaac Gibbs, Jr., Road Engineer for Kent county appeared before the Board of Commissioners on Tuesday and requested that he be allowed additional funds other than those already levied, namely, 20 cents on $100 as required by law. The Board unanimously passed the following resolution: "Resolved that the Board, in view of the financial condition of the county and the enormous sums already spent on the roads and bridges, with the little apparent return, declines to grant the request of the engineer and suggests that the sum of $18,029.06 provided for the roads and bridges in the levy of 1911, and the $950.82 carried over from the levy of 1910 be expended by him with as great care and economy as is possible until the next levy is made and it is ordered that a copy of this resolution be at once transmitted to Mr. Gibbs by the clerk of this court."

The road engineer spent $12,721.99 on the roads just prior to the last primaries when it was not necessary to do a particle of work on the roads. He has left of the above annual appropriation just $2423.23 to run him from now until the next levy, the very time when the roads need most work. If he had reserved a part of the $12,721.99 he spent in the six months prior to the primaries he would have had all the money he wanted to repair the roads now. The Commissioners are to be congratulated for protecting the interests of the tax-payers. The amount asked for by the Road Engineer was $4,000.

People You Know.

Other personals on page 7.

Miss Black, of Baltimore, is the guest of Mr. and Mrs. John N. Dodd, on High street.

Mrs. Hope H. Barroll has been visiting in Baltimore during the week.

Miss Rhetta B. Warfield has been visiting her grandmother, Mrs. V. Burgess Hines, North Calvert street, Baltimore.

BUICK MODEL 35.
PRICE $1060. Fully Equipped.

Read this unbiased Government opinion of the Buick Cars, copied from the Philadelphia Inquirer:

Government Approval of the Buick Car.

Last week a model 28 Buick Motor Car was delivered to Colonel Spencer Cosby of the Department of War at Washington, to be used by the inspector of public buildings and grounds on his daily trips.

The government invited all the leading manufacturers of cars priced from $900 to $2000 to submit a car in competition to a committee of mechanical experts. The cars were driven to the designated place and the drivers dismissed. The examination was then made with no representative of any of the cars present. Motor for motor, shaft for shaft, bolt for bolt, the cars were compared, tested and appraised by the government experts. One by one cars were eliminated until but one remained. It was the Buick. Of the seventeen or eighteen cars submitted the Buick alone stood the rigid tests of quality and construction upon which the examination was based. This car was at once turned over to the government for immediate service.

This is not the first time the Buick has been selected for government use. Last year when an appropriation of $250,000 was made for experiment on road construction the Buick was the car used to drive over the various road surfaces that were laid and tested.—Philadelphia Inquirer, January 14, 1912.
