March Meeting of Still Pond Farmers' Club.

Having had a special invitation to attend the above named gathering in the hospitable home of Mr. and Mrs. Joshua R. Jarrell, as host and hostess, on Thursday of the past week, and because that the writer enjoyed hugely, everything in connection with the happy and exceedingly social event, together with businesslike and profitable features, we are prompted, of our own free will and accord, to make these notes for the press.

The day was propitious, and the members and friends of the club began to arrive about 10.30 A. M., and continued to come until twelve o'clock or after.

Those present were: Capt. and Mrs. Daniel Hill, Mr. and Mrs. W. H. Whitely, Mr. and Mrs. R. R. Hill, Mrs. Mary E. Bryan, Mrs. Milton Melvin, Mr. John C. Redmile, Mr. and Mrs. James S. Harris, Mr. E. B. Pennington, Rev. Mr. Moore, Mr. and Mrs. Wm. B. Price, Mr. and Mrs. Leonard Price, Mr. and Mrs. S. G. Roseberry, Mr. and Mrs. Carson Harris, Mrs. Harper, Mrs. Beauchamp, Mr. and Mrs. Frederick H. Cornelius, Mr. Samuel Cornelius, Mrs. A. L. Harris, Mrs. Richardson, Miss Richardson, Mr. Morris, Mr. and Mrs. J. R. Jarrell, Mr. Fred W. Jarrell, Mr. and Mrs. Robert Temple Jarrell, and last, though not least, by any means, though small in statue and young in months or years were little Misses Marion Harris and Sarah Harris, and Master Joshua Temple Jarrell. May each and all be in every sense of the word, Temples, both body and soul, for the indwelling of all that is good and great.

The dinner, sumptuous and tempting in every particular to the appetite, was a veritable banquet. Two long tables arranged in the spacious dining or sitting room, fairly groaned under the heavy weight of good things. The cuisine was par-excellence. Two sittings beginning at about 2 o'clock, and continuing until after three accomodated the many members and friends of this historic and splendid club. About 3.15 the business session of the Organization began with Mr. Frederick H. Cornelius, president, presiding, and Mr. R. R. Hill, secretary, Mrs. Jas. S. Harris president, and Mrs. R. R. Hill, secretary of ladies department.

Subjects and topics of interest to the tillers of the soil, household and domestic departments were discussed in a most intelligent manner. Among those who took part in the debating of many questions were—Mr. E. B. Pennington, Mr. James S. Harris, Mr. Wm. B. Price, Mr. John Redmile and Mrs. A. L. Harris.

The writer, being the son of a farmer of Howard county, and, in his boyhood days, having worked many a day in the fields in connection with God's sunlight, His rain, dew, atmosphere, moonlight and change of seasons, and the cultivation of the soil, learned in these early years that there is no profession or vocation on earth which brings the laborer so near to nature's God as agriculture.

It is the oldest employment know to the world, and none is more honorable.

In connection with our great pleasure of attending, for the first time, the meeting of the Still Pond Farmers' Club, we learned the following facts. The club was organized about 24 or 25 years ago. The names of some of the charter members are as follows: Mr. and Mrs. James S. Harris, Mr. and Mrs. E. B. Pennington, Mr. and Mrs. Joshua R. Jarrell. The terms of membership are, entertainment of the club once in twelve months, or when expedient. There are now about 35 members on the roll. The regular meetings of the organization are once for each month of the year except June, July and August. The April meeting is to be in the home of Mr. and Mrs. E. B. Pennington.

Farming is not like it used to be. This is an age of progress and enterprise. Farmers are now, many of them among our most educated people, and they cultivate the soil and feed plant growth from a most intelligent standpoint, studying the nature and needs of the various kinds of soil and dealing with the same accordingly. Many of the greatest men of Bible times were husbandmen, and the word of God said to them, "In the morning sow thy seed, and in the evening withhold not thy hand, for thou knowest not whether shall prosper, either this or that, or whether both shall be alike good."

Rock Hall Items.

M. Kramer has lately had his large store put in an attractive condition and added to every department. One of his most interesting offers is three grand prizes: A leather couch, music cabinet and card table. These are to be given entirely free of cost to the customer who turns in the largest amount of checks by the first of July. That is from the 15th of March to the first of July.

The boxing carnival will be held tonight in the Mechanic's Hall in this town.

Capt. Chas. Kerr has accepted a position with the new steamboat company who will run a boat from Clayborne to Annapolis. He went to New York to bring the boat to Baltimore to be put in a first-class condition. The steamer is too large to bring through the locks so he will have to sail her down the coast.

S. B. Maslin has the agency for a very neat gasoline reading lamp and reports many sales to date.

Thompson has a very attractive line of low shoes for the spring sales. He invites you in to see them.

Lloyd Hopkins shot Boots Kennard (both colored) in the arm causing a very severe wound. Hopkins went to Kennard's home and brought him out and shot him, intending to kill him, but was kept from doing so by a friend of Kennard's. He shot two shots but the pistol snapped the second time. Mr. Bramble took Hopkins to Chestertown to await the April court.

Arthur Urie has purchased from Clarence Thompson the lot on which Thompson had a bowling alley, on Maple avenue.

M. T. Miller has put in a new line of men's, women's and children's shoes in the latest spring styles.

Roy Maslin, of Easton, who has accepted the Singer Sewing machine agency in Chestertown in Miller Maslin's place, spent Sunday with Prof. Greenhawk, in Rock Hall. This is Mr. Maslin's first trip to this town and he says he likes it very much.

Killing Many Ducks.

Sportsmen on the river and bay have been having splendid luck during the past week killing ducks.

Messrs. C. W. Kibler and Edward Robinson killed 14 in Southeast Creek on Monday morning.

A party of several sportsmen killed 31 the same morning in Comegys' Bight.

Messrs. Wm. G. Smyth and T. Barclay Kilbourne killed 50 on the bay on Monday, and gunners around Betterton got a good number.

The sport has been fine since the thaw, especially in the river.

DE LAVAL CREAM SEPARATORS

The World's Standard

Used Exclusively by 98% of World's Creameries

Ten years ago there were a dozen different makes of creamery or factory separators in use. To-day over 98 per cent of the world's creameries use De Laval separators exclusively.

When it comes to buying a separator why not profit by the experience of the creameryman, which qualifies him to advise you correctly.

He knows which separator will give you the best service and be the most economical for you to buy. That's why 98 per cent of the world's creameries use the De Laval exclusively.

There can be no better recommendation for the De Laval than the fact that the men who make the separation of milk a *business* use the De Laval to the practical exclusion of all other makes. They *know* from experience,

Easiest to turn, easiest to wash, skims the cleanest, lasts the longest.
