THE announcement of Mayor Gaynor as a Democratic candidate for the Democratic presidential nomination has complicated the situation between Wilson and Clark. Mr. Gaynor has made good as mayor of New York.

IT looks like the politicians are trying every conceivable means to accomplish the defeat of Governor Wilson as the Democratic candidate for president. But every move the politicians make only serve to increase Governor Wilson's popularity with the masses.

THE Democraatic State Central Committee met in Baltimore Thursday and decided to hold the Democratic primaries for state, congressional and judicial primaries on Monday, May 6, and the Democratic convention to select delegates to the National convention May 16.

THE people of the upper section of the town should have the convenience of the sewer, and every effort should be made to give them this convenience. We favor that bond issue of $5,000 for this purpose because we believe the property holders where a sewer is desired are entitled to the convenience.

THE Organization drew the bill providing for remodeling the court house. Mr. Beck introduced and passed the bill through the Senate, and it was passed in an amended form in the House and again in the Senate. Governor Goldsborough has signed it, and it is now a law. What will the Organization forces do with it at the polls. Kill it, because the County Commissioners are given the control of the expenditure of the money?

IT'S WILSON; THAT'S ALL.

Marshall Baldwin, a Winchester, Va., business man, whose business requires him to travel all over the United States, returned Saturday from a trip of several months, and declared in an interview that wherever he went he found the Woodrow Wilson sentiment warming up and increasing. All classes of people, he says, are coming out for Wilson, and he expects to see the New Jersey Governor nominated by the Democrats in Baltimore this summer.

A DELEGATION or citizens from Chestertown interviewed Governor Goldsborough this week in behalf of a pension for Mr. Jesse G. Duyer, a bill for which was passed by the recent Legislature, and the Governor signed the bill Thursday. His condition of health is such that he can work but very little, and his condition is due to the valiant service he rendered his State in defending the life of a fellow-officer against a brutal assault of a prisoner. Therefore, he should be compensated, and the Governor did right in signing it.

THERE is an interesting bit of history wrapped up in the Organization's endorsement of Albert Constable, Esq., of Cecil county, for chief judge. The real truth concerning the withdrawal of Lewin W. Wickes, Esq , of Kent county, from the combat has not yet been revealed, and there are rumors that the bickerings and jealousies so prevalent among the Organization so called leaders nowadays were such at the time of Mr. Wickes' withdrawal that he was "fooled" into withdrawing by two of the Organization leaders who are secretly opposing the political aspirations of Mr. Wickes, preferring to support Mr. Constable in order to prevent Mr. Wickes reaching the goal of his ambition.

THE bill to bond Kent county for $20,000 to remodel the court house in Chestertown, as introduced by Mr. Harris in the House, passed the Senate and has been signed by the Governor. This does away with the commission named in Mr. Beck's bill and places the remodeling of the court house in control of the Board of County Commissioners. It also refers the bond issue to a vote of the people in the next election. The Chestertown sewer bill to bond the town for five thousand dollars for building sewers also passed both Houses and has been signed by the Governor. Now, if the court house bill giving the County Commissioners control of the expenditure of the bond issue of $20,000, could be passed, what other reason can the Organization forces give for refusing to pass the school house bill, except political reasons? Mr. Beck agreed to amend the bill so as to give the people a chance to vote on the bond issue in the school bill, and if he should agree to this amendment that put the matter up to the people to say by their votes whether they favored the bond issue, why did he refuse to give the voters the right to say whether they would agree to the commissioners expending the money in the erection of the school buildings. Any way you look at the matter the Organization must assume the responsibility for the defeat of the school bond bill, and in consequence for whatever delay there may be in the erection of the school buildings.

TWEEDLEDEE AND TWEEDLEDUM.

Some of the Organization forces are endeavoring to acuse the Anti-Organization of injecting factional politics into the school bill because they insisted that the money to be used in the erection of these school buildings should be controlled by the County Commissioners. They argue that such a thing is not customary, that a commission appointed by the School Commissioners was the proper custodians of the funds. Well, when the court house and jail were built, the Board of County Commissioners controlled the building and the funds. The Organization bill, introduced and passed by Mr. Beck placed the remodeling in the hands of a commission, named by Mr. Lewin W. Wickes, who drew the bill. Now if the Antis were accused of injecting factional politics into the schools by insisting that the funds be controlled by the commissioners, on the ground that such a plan is not customary, why are not the Organization forces equally amenable to the same charge on the court house bill, when the jail and court house were built under the direction of the commissioners. It is a simple case of tweedledee and tweedledum, and the Organization is dum for getting themselves in any such a hole on this important question to our school patrons. It must be remembered that the Organization fathered this thing and they killed the school bill simply and solely because they could not secure control of the funds and because they did this they will be held accountable by the people who should always be given the privilege to vote as to whether their money shall or shall not be spent.

WHY VIRGINIA FAVORS WILSON.

Richard Evelyn Byrd, speaker of the Virginia House of Delegates, who is managing Gov. Wilson's campaign in Virginia, gives the following powerful reasons why Virginia is for Wilson:

"I firmly believe that Virginia is for Wilson for the following reasons:

"First—Because, in a time of complex and inevitable readjustment Wilson does not, like Roosevelt, see the remedy for admitted evils in the destruction of existing authority and the overthrow of a system of government long established and founded upon correct principles, but rather seeks to reform those methods which have come to unduly complicate the machinery of our Government and thus not to destroy but to restore the vitality of our institutions.

"Second—Because, in the grasp of great political questions, in the clear expression of their terms; he has no equal. He can better than any other express in easily understood language those popular instincts by translation of which into law organized society arrives at the solution of problems.

"Third—Because, when he became Governor of New Jersey and took a personal and controlling part in great affairs he proved that he is one of those gifted men who not only comprehend the philosphy of reform but is actually able to advance humanity toward a new and better epoch.

Fourth—Because, that collective instinct which is to nations what the instinct of self-preservation is to individuals demands that the next President of the United States should not be a mere judge, solving all questions by an appeal to precedent, but a man who will bring to this great office that initiative and leadership which is necessary to accomplish affirmative reforms and bring the people closer to the control of their government.

"Sixth—Because, as the nomination of President Taft by the Republicans is now assured, the logical candidate against him is Wilson, who in essetial points, contrasts with Taft in such a way as to attract the votes of the independents and progressives, who will control the election."

The Commissioners Should not Shoulder Mr. Gibb's Responsibilities.

Messrs. Editors of the TRANSCRIPT, Gentlemen:—The bridge at Perkins' Hill, and the roads generally, are in a deplorable condition. Pictures of this bridge have been taken and are being circulated throughout the county. The County Commissioners are not responsible for the condition of the roads or of this bridge. They have absolutely nothing whatever to do with them, they are not under their control. The engineer, as has been shown by figures from the commissioners' office, had over $18,979.88 to spend on the roads and bridges placed in his hands and available after June 13th, last. To the astonishment of everyone over $12,000 of this (considerably over it) was spent in and during and immediately after our Primary contest last year. Why should the Engineer have spent this money at that time? It is reasonable to believe that the proper time to work our roads is in July, August and September? Yet if any one doubts that this money was spent during that period how easy it is to visit the Commissioners' office and see the bills rendered during this period. On March 1st, 1911, the Engineer had to his credit nearly $7000. Why is it he has so little to his credit now? Did he spend this $18,979.88 judiciously or wildly and recklessly last summer,—money which he should have saved for just such an emergency as this?

If the commissioners now pay to Mr. Gibbs $4,000, which he asks for the roads, how would it be spent? Experience shows it is not wise to trust this young gentleman with more than the law compels the commissioners to levy for him.

The tax-payers of the county should uphold the commissioners in their absolute refusal to let him have more than the law required them to let him have. The cry for sympathy and aid—as well as co-operation—comes from him and his friends with bad grace. What good did he do with the $18,979 88? Only by rigid economy and prudence on his part can he hereafter meet such a situation as now confronts him. His present condition shows how deplorable his conduct of his office in the past has been. Why should the commissioners repair the engineer's blunder.

Yours very respectfully,
HOPE H. BARROLL.

April 12th, 1912.

vs.

Frederick A. Grier, Wellington H. Grier.

In the Circuit Court for Kent County, Maryland, In Equity, No. 1807.

The object of the bill is to procure a decree for the sale of the real estate of George S. Grier, deceased.

The bill states:

1. Your orators show that George S. Grier, late of Kent county, in the State of Delaware, departed this life seized and possessed of a certain lot of land with a fruit drying house, etc., thereon, situated, lying and being in the village of Kennedyville in the Second Election District of Kent county, Maryland.

2. That being so seized and possessed of the said land and premises the said George S. Grier departed this life about the 17th day of June, in the year 1907, leaving a last will and testament by which he left all of his real and personal estate unto his wife, Margaret Layton Grier, for and during the term of her natural life; in his said will the testator directed that after her death his real estate should be divided among his thirteen children or their heirs, as will appear by reference to an exemplified copy of the said will, which is filed herewith and prayed to be taken as a part hereof, and marked "Plaintiff's Exhibit No. 1."

3. And your orators show that the heirs at law of the said George S. Grier are your orators, the plaintiffs in this suit, and one son, namely, Frederick A. Grier, who resides at Salisbury, Maryland, and Wellington H. Grier, a grandson, whose address your orators are unable to ascertain and they do not know where it is possible to locate him, and that their mother, Margaret Layton Grier, hath departed this life.

4. And your orators show that all the heirs at law and devisees of the said George S. Grier are adults; but because the said Frederick A. Grier refuses to execute a deed for the purpose of selling said real estate at Kennedyville, in Kent county, Maryland, and because it it is impossible for your orators to ascertain the whereabouts of Wellington H. Grier, it is impossible for them to execute a good and valid deed and thus dispose of the said real estate for the purpose of partition.

5. And your orators show that they desire to sell for purpose of partition, the said real estate situated at Kennedyville, as aforesaid, but under all the circumstances of the case they are advised it is necessary for them to apply to this Honorable Court and ask that a trustee shall be appointed with power to sell the same for purposes of partition, so that the proceeds of the sale may be equally divided among all the heirs who may be entitled to the same under the will of the said George S. Grier.

It is thereupon this 4th day of April, 1912, order by the Circuit Court of Kent county, in equity, that the plaintiffs by causing a copy of this order to be inserted in some newspaper, published in said Kent county, once in each of four successive weeks before the 6th day of May next, giving notice to the said non-resident defendants, Frederick A. Grier and Wellington H. Grier, warning them to appear is this court by person or by solicitor, on or before the 20th day of May next, to show cause, if any they have, why a decree ought not to be passed as prayed.
