MASS MEETING

in Firemen's Hall,

Tuesday Afternoon, April 30th,

at 3.00 o'clock

Under the Auspices of the Woodrow Wilson Club

of Washington College.

Prominent speakers from Baltimore will address the meeting, and a band of music will be in attendance.

Come out voters and hear the issues of the campaign discussed.

THE one man "boogaboo" is haunting the dreams of the Organization, and as usual they are scared.

PRIMARIES in Kent county will be held one week from Monday. We urge every voter who has any interest in the welfare of his county, his State and his nation to go out to the polls and vote for the men whom you think will serve the people best.

SIDNEY P. TOWNSHEND, ESQ., desires us to say that he is not an applicant for the office of County School Superintendent, as had been stated. Mr. Townshend states that he is only interested in seeing some competent and experienced man appointed to this most responsible position.

GOVERNOR WILSON captured the ten delegates from Oregon in the primaries last week, and thus comes that much nearer the goal. From now on Governor Wilson will show his great strength with the people, and he will have a big majority of the delegates in the National Convention.

WILLIAM JENNINGS BRYAN took the stump in Florida this week for the presidential candidacy of Governor Wilson. He spoke in Jacksonville on Thursday and in Tampa yesterday. Mr. Bryan will be one of the delegates at large to the National Convention which meets in Baltimore June 25th.

THE Organization leaders acknowledged that Wilson will sweep the county, and they are all jumping into the Wilson band wagon and pulling their candidates for delegates to the State Convention in after them. They are not original Wilson men. Only the force of public sentiment has driven them there, and they are Wilson advocates only for the purpose of getting votes for their delegates to the State Convention.

THE Cecil county papers are giving Albert Constable, Esq., poor support for Chief Judge. The Cecil County News was the only paper that gave him any editorial reference last week. We understand from reliable sources that Judge Adkins will poll a large vote in Cecil county, notwithstanding that it is Mr. Constable's home county, and it is believed that Judge Adkins will sweep Talbot and Caroline counties, and that he will carry Kent and Queen Annes by good big majorities. Judge Adkins was elected in this circuit in the last judicial election by 2000 majority, thus attesting the confidence of the people in his judicial ability, and his great popularity with the masses.

CHARLES W. KIBLER,
HARRY DAVIS,
JEFF D. AYRES
are the original Wilson candidates for delegates to the State Convention from this county. If the voters from this county want men who will vote for delegates to the National Convention who will be for Wilson first, last and all the time, and who will use their influence with other State delegates to induce them to vote for Wilson, our people should vote for the original Wilson candidates,
CHARLES W. KIBLER,
HARRY DAVIS,
JEFF D. AYRES.

THE TRANSCRIPT picks the candidate, and after some dilladallying the Kent News indorses that selection. The TRANSCRIPT selected Gorman as its choice for Governor and the News indorsed Gorman too after awhile. The TRANSCRIPT indorsed Woodrow Wilson for President six months ago, and after waiting long enough to find that Wilson will sweep the county, the Kent News last Saturday apparently indorses Wilson too. The TRANSCRIPT has become the leader in political thought and action, and that is the reason we ask the voters to support the original Wilson candidates, Charles W. Kibler, Harry Davis and Jeff D. Ayres, for delegates to the State Convention. It's Wilson—that's all.

"A VOTE for the nomination of Mr. Clark at the approaching primary, under existing conditions, would be a vote to strengthen the grip of the city machine upon the Democratic party of this State. I am afraid that would spell disaster for the Democratic party at the polls next fall just as it did last fall. I am inclined to think that if the city machine undertakes to spread itself over the whole State and make itself the whole party, when the elections are over it may find itself in the condition of the man who made the boast in the barroom that he could lick any man in the State of Virginia, and when the bystanders got through with him and he recovered sufficiently to be able to speak all he could find to say was: 'Well, I guess in that last remark I undertook to kiver too much territory.' I have no prejudice against the Organization, but I tell you it will not do to let the city machine control the State convention which will be composed of the delegates to be elected at the approaching primaries, and a vote for Clark means that and can mean nothing more. That might well result in the election of a Republican Legislature and a Republican United States Senator as well as a Republican Governor.—Wm. L. Marbury in Baltimore Sun in advocating Wilson's nomination.

YOU KNOW for how many years the Organization forces in Kent county have lined up with the State and city organizations. Is it to be supposed that they would break away from those organizations *now* in this presidential campaign? The State Organization leaders are for Harmon for president, and the city machine, headed by John J. Mahon and Mayor Preston, are for Champ Clark. The word has been passed down the line, "Anybody to beat Wilson." Do you think for one moment that the Organization crowd in Kent is for Wilson? Not by a jug full. They know the sentiment in Kent is for Wilson, they acknowledge that Wilson will sweep the county, and Mr. Curtis E. Crane says that he is for Wilson, not because his Organization is at heart for Wilson, but because they want to capture the unsuspecting Wilson advocate and get him to vote for him as delegate to the State Convention to do as the Organization wants him to do after he gets there. Mr. Crane says he wants to go as a delegate to the National Convention. Mr. Crane's Organization in Kent is opposed to Wilson. Would it not be a dangerous thing to send Mr. Crane to the National Convention when his Organization is known to be for anybody to beat Wilson? If the people of this county want to see Woodrow Wilson nominated for president, they had better see to it that men are elected to the State Convention who are heart and soul for Wilson, and who will use their influence to elect delegates to the National Convention who will stick to Wilson to the end. Charles W. Kibler, Harry Davis and Jeff D. Ayres are *original* Wilson men, and they are, therefore, the safest men to send to the State Convention.

DEAR SIRS:—I have been a voter in Kent county for over twenty years. In all this time I have never known an election when a judge was a candidate that the Democrats did not carry the county for every man on the ticket by a much larger majority than in years when there was no candidate for judge The argument that the election of Judge Adkins would mean the appointment of a Republican Judge by Governor Goldsborough will not hold water. For if then the Republicans would have a candidate, the Democrats, of course, would nominate a good man against him. This would help our local ticket. And from present appearances it looks very much as if we are going to need help on the local ticket next year. "A word to the wise is sufficient". Boys, get busy, and do all you can to nominate Judge Adkins. Because if you want to be successful against Mr. Urie's ticket next year, you will need the help of a candidate for judge when you hear the number of Organization men who are now saying that they won't vote for this man or that man if he is nominated.

DEMOCRAT.

THE opponents of Judge Adkins are urging the point against him that he can't talk. How do you know that Mr. Constable can talk? Who ever heard him make a speech in Chestertown? Is the most necessary qualification for a man on the bench his ability to talk? If Mr. Constable's fitness for Chief Judge in this circuit is measured in terms of his ability to talk, there is scarcely a man in Kent county who knows anything of Mr. Constable's fitness to talk, because they have never heard him. A man's ability to talk is a secondary consideration in determining his fitness for such a high office as Chief Judge. He should have profound legal ability and years of experience on the bench. Judge Adkins is a more experienced man than Mr. Constable, both as to practice as a lawyer, and as to experience on the bench. Judge Adkins was regarded as one of the best lawyers on the Eastern Shore before his election to the bench, and the confidence of the people in his ability after having served for several years as judge by appointment by Governor Warfield, was attested by the fact that he was elected in the last judicial election by 2000 majority. Now, why turn down a man of such ability and in whom the people have such confidence, for a young and inexperienced man, simply upon the unjust and unwarranted assumption that Judge Adkins can't talk. Such campaigning is peanut politics, and should have no place in the selection of our judiciary.

See the new Maxwell Mascotte—the Great American Family Car

The Maxwell Mascotte is a big, stylish, well-built car for the family man. It meets a long-standing demand for a *real* family car at less than $1000.

In its design are embodied the same mechanical construction and materials—the same Maxwell qualities that won the Glidden Tour. This means a dependable car, efficient at all times.

Maxwell reliability and durability are endorsed by 49,000 Maxwell owners. The New York State records also prove these qualities—91 per cent of Maxwell cars registered in 1905 being again registered in 1911, showing seven years' continuous usage.

The Mascotte is just the car required by the family man—and at a reasonable figure. It is unequaled by any other car selling within $200 of its price.

This price is the result of great purchasing power, unequaled manufacturing facilities and quantity production of the United States Motor Company.

Maxwell Mascotte $980

This year's Glidden Tour furnished the hardest test of automobile efficiency on record. Maxwell was the *only* team to finish the gruelling contest with a *perfect* score.

Four Maxwells finished the 1454-mile contest *without a penalty*, winning all trophies. In competition with practically every other American motor car, regardless of price, Maxwell team was *the only one* to show 100 per cent efficiency all the way. Through heavy mud and sand, swollen streams, storm-flooded Appalachian Mountain roads—Maxwell proved its *reliability under all conditions.*

This is the car for you—the family man, the real backbone of the nation—and we want you and your family to come and ride in it. See for yourself its handsome appearance—its high-grade character. If you cannot call today, make an appointment. In the meantime, write for "The Story of the Glidden Tour," "How to Judge an Auto," and the advance 1912 catalog.
