The Hardest Work Pays Least

SAWING wood, pumping water, grinding feed, turning a grindstone — these are jobs for an engine, not for a man. There is no money in any of them when you do the work yourself or hire a man to do them. Buy a reliable gasoline engine large enough to do any work you have, let it do the work and enjoy the freedom and comfort it gives you.

IHC Gasoline Engines

are made to do the work that makes farming tiresome. They put the load where it belongs. They save hours of unprofitable labor. They are money-makers and money-savers. You can verify these statements and get facts and figures which prove them by calling on the local dealer who handles IHC engines. Made in 1 to 50-H.P. sizes and every engine **thoroughly tested** and guaranteed.

Diamonds Again!

If we could we would whisper this into the ear of every person in town— 'You don't need to be 'up' on diamonds when you buy here."

We expect you to go slowly of course, for you are buying for a lifetime—but after you have decided upon styles and settings and things, you may safely leave qualities to us.

Some new arrivals in Ladies' and Gents' Rings—diamonds singly and in combinations. We want you to see them.

No matter whether you spend $10 or ten times that amount, we promise you that you will carry away as much for your money as you could get anywhere in the land.

Seeing is believing.

Horticultural Report.

The report of the last meeting of the Peninsula Horticultural Society comes from the press of the Newark Post, Newark, Delaware, and is a neatly printed pamphlet of 112 pages. The papers and discussions cover a wide range of topics, including the growing of most of our fruits and vegetables, a paper on the use of fertilizers and a very pertinent article on the Parcels Post, the latter by W. F. Allen, of Salisbury, Maryland. The discussion on apples led by Mr. Derby in connection with a fine exhibit of fruit was a marked feature of the meeting. Professor W. N. Scott showed that last year the spraying of peaches in the orchard of E. H. Bancroft & Son, of Camden, gave a gain per tree of $6.46, and the cost of spraying was only 6 cents per tree. The method of spraying is explained in full in Professor Scott's paper. Professor C. A. McCue presented an excellent paper on tomato growing. Professor T. C. Johnson, director of the Virginia Truck Experiment Station, discussed potato growing, and W. R. Beattie, of the United States Department of Agriculture, read a valuable paper on onion culture. Any farmer who has not received a copy of this report should send for it to the secretary of the society, Dover, Delaware.

HELPFUL WORDS

From a Chestertown Citizen.

Is your back lame and painful?
Does it ache, especially after exertion?
Is there a soreness in the kidney regions?
These symptoms indicate weak kidneys;
There is danger in delay.
Weak kidneys fast get weaker.
Give your trouble prompt attention.
Doan's Kidney Pills act quickly.
They strengthen weak kidneys.
Read this Chestertown testimonial.

John M. South, photographer, Imperial Hotel, Chestertown, Md., says: "I suffered a great deal from my back and kidneys. The passages of the kidney secretions were irregular, and I had pains through my sides and back. Seeing Doan's Kidney Pills advertised, I got a supply at Toulson's drug store and they gave me entire relief. I consider Doan's Kidney Pills worthy of the strongest praise."
