WERE they for Wilson?

EVEN the Fourth District went for the Anti-Organization candidate.

ALREADY there are whisperings about the next primary election, and it seems that there is no rest for the weary.

THE best way in the world to play the game of politics is to let the people know where you are at, *and stay there.*

THE election was quiet and orderly and we have heard of no complaints or dissatisfaction from any section of the county.

THE people of Kent county may rest assured that Messrs. Kibler, Davis and Ayres will vote for Gov. Wilson first, last and all the time. They have so declared themselves and their word is as good as their bond.

THE large vote which Mr. Charles W. Kibler polled throughout the county and his majority of 126 over one of the strongest candidates the Organization could have selected, is a fine indorsement of a splendid citizen and a most excellent gentleman.

THE Anti-Organization is growing stronger in Kent every day. They administered a stinging defeat to the Organization forces on Monday, carrying every district in the county except the First, and every precinct in the county except two. Even the old Fourth District fell in line for the Antis this time, and Mr. Kibler won a signal victory over his rival candidate, Capt. Curtis E. Crane. It is true the Organization won on the judgeship, but that has no local significance, and after one of the most strenuous campaigns in which the Organization leaders as well as their candidates for delegates scoured the county from Golts to Eastern Neck Island and from Chestertown to Betterton day and night, the Antis have carried every district in the county except one. It is fortunate for the Organization that they "centered their efforts on the judgeship," for they certainly got cold comfort out of the result on local candidates.

IF THE Organization can find any *real* comfort in the success of their candidate for chief judge, they are welcome to rejoice. The thing that tickles the Antis sick is the fact that we still have Judge Adkins on the bench, and that the result of the primaries shows that the Antis are stronger than ever.

GOV. GOLDSBOROUGH appointed a number of State Boards this week, among which were three members of the Maryland House of Correction—Henry A. McComas, of Washington county; Oliver Metzerott, of Prince George's county, and James C. Lawes, of Somerset county.

THE Organization forces are doing a lot a crowing over the judgeship, but that doesn't count. It is the stinging defeat that their candidates for delegates to the State Convention received that is the thorn in the flesh. The judgeship fight had no local significance, much as we would like to have seen Judge Adkins carry the county. But when you consider that the Organization forces CARRIED ONLY TWO PRECINCTS OUT OF THE 12 IN THE COUNTY, for local offices, we imagine that the future does not look very encouraging to them. The Anti-Organization forces have again won a great victory, simply because they played a straight game, and did not seek to deceive the people. Their candidates for delegates took their stand for Governor Woodrow Wilson, and they stuck to him through thick and thin. They, therefore, won a great victory, carrying every district in the county except the First. So far as the judgeship is concerned, the vote in Kent when compared with the vote in the other counties of the circuit shows the powerful influence of the Anti-Organization forces when it gets behind a candidate. The Organization forces claimed that Constable's majority in Kent would be between 400 and 500. He got a bare 128. Even looking at the judgeship fight from this angle, it furnishes cold comfort for the Organization forces, and so far as the influence of Mr. Constable's victory is concerned in Kent, it furnishes the Organization even colder comfort. It was a great fight the Antis put up, and it was a significant victory.

AT the election held in Betterton on Saturday, the issue to bond the town for $8000 to build sewers, passed by a comfortable majority. The new sewers when installed will be a great improvement to the town, and will no doubt add much to its healthful attractiveness. The vote was 34 to 16, in favor of the bond issue.

CLARK CARRIES MARYLAND.

HIS VOTE OF 19,277 IN BALTIMORE CITY ENABLES HIM TO DEFEAT WILSON.

TOTAL VOTE IN STATE IS 109,200.

Wilson and Taft Carry Counties—Gov. Wilson Has a Plurality Over Speaker Clark Outside City of 852, While the President Leads in the Counties by 2,297—Harmon's Total Vote is 7,168.

Kent gives Wilson a great majority, while the Anti-Organization administers a stinging defeat to the Organization, and wins the delegates to the State Convention.

Mr. Constable defeats Judge Adkins in the circuit by big majority, while Kent gives Constable only 128 majority.

The vote in Detail:

The total vote cast in the Democratic primaries throughout the State on Monday was 109,200.

Of these the Democrats polled 63,887, of which 34,283 were for Clark, 7,168 for Harmon and 22,436 were for Wilson.

The Republicans cast 45,133, of which 29,124 were for Roosevelt and 26,069 were for Taft.

Clark carried the State over Wilson by a popular plurality of 11,847. His vote in the city was 19,277, while that of Wilson was 6,578, Clark's plurality over Wilson in the city being 12,699. Clark's vote in the counties was 15,006.

Wilson's vote in the counties was 15,858. Wilson, therefore, carried the State outside of Baltimore city over Clark by a plurality of 852.

Roosevelt polled 12,695 votes in Baltimore and 16,429 in the counties. Taft polled 7,283 in the city and 18,726 in the counties, and in the counties had a plurality over Roosevelt of 2,297.

Five of the 28 delegates from Baltimore city are Taft men, and although they are pledged to vote for Roosevelt for the nomination they will probably vote with the Taft organization in organizing the State convention.

In two counties—Carroll and Harford—the vote between Clark and Wilson was remarkably close, Clark carrying Carroll by only 13 votes and Harford by 17.

The closest vote between Roosevelt and Taft was in Howard, where Roosevelt won by 80.

The result in Kent so far as the presidential primaries is concerned is a great victory for the Anti-Organization forces, who elected their delegates to the State convention and carried every district in the county except the 1st. The combined vote of the three Anti-Organization candidates for delegates is 257 greater than the combined Organization vote, while Wilson's majority over Clark is 850. Kent's total vote cast was 1971. Of these Governor Wilson got 1306, Clark 478 and Harmon 87. The vote for president is about 100 short of the total vote cast.

Taft carried the county over Roosevelt by only 74, the fight between Messrs. Sidney P. Townshend and John D. Urie the leaders of the opposing factions being exceedingly close and interesting. Mr. Townshend himself was defeated for delegate by only 18 votes, and there are indications that Mr. Townshend was defeated in the house of his friends.

The vote in detail in the county is as follows:

THE JUDGESHIP.

Mr. Constable won a decisive victory over Judge Adkins in the Judgeship contest, though the fight in Kent was close. Constable carried this county by only 128, and yet his majority in Queen Anne's, where the Organization was behind him was 987. This shows the strength of the Anti-Organization in Kent.

The majorities in the circuit were:

See the new Maxwell Mascotte—the Great American Family Car

The Maxwell Mascotte is a big, stylish, well-built car for the family man. It meets a long-standing demand for a *real* family car at less than $1000.

In its design are embodied the same mechanical construction and materials—the same Maxwell qualities that won the Glidden Tour. This means a dependable car, efficient at all times.

Maxwell reliability and durability are endorsed by 49,000 Maxwell owners. The New York State records also prove these qualities—91 per cent of Maxwell cars registered in 1905 being again registered in 1911, showing seven years' continuous usage.

The Mascotte is just the car required by the family man—and at a reasonable figure. It is unequaled by any other car selling within $200 of its price.

This price is the result of great purchasing power, unequaled manufacturing facilities and quantity production of the United States Motor Company.

Maxwell Mascotte $980

This year's Glidden Tour furnished the hardest test of automobile efficiency on record. Maxwell was the *only* team to finish the gruelling contest with a *perfect* score.

Four Maxwells finished the 1454-mile contest *without a penalty*, winning all trophies. In competition with practically every other American motor car, regardless of price, Maxwell team was *the only one* to show 100 per cent efficiency all the way. Through heavy mud and sand, swollen streams, storm-flooded Appalachian Mountain roads—Maxwell proved its *reliability under all conditions.*

This is the car for you—the family man, the real backbone of the nation—and we want you and your family to come and ride in it. See for yourself its handsome appearance—its high-grade character. If you cannot call today, make an appointment. In the meantime, write for "The Story of the Glidden Tour," "How to Judge an Auto," and the advance 1912 catalog.
