Wall Papers and Paints.

Wall Paper

Our stock of new Wall Papers is nearly all in—over 9000 rolls. We purchased at a lower price and will sell at a lower price than ever before. The cash discounts on this bill is enough profit for us. We can sell these papers at the same price our competitors pay for what they buy. The starting price is

2½c Per Single Roll up to 10c Per Roll,

but come and see these papers and prices will surprise you. We'll sell paper. We sell you the paper outright or send you a competent man to hang it. No charge for our team.

Paint

Big Reduction in the price of B. P. S. Paint.

The Patterson Sargent Co. are using what they call their Universal Label on all their different products. So to keep in touch with this move, we have decided to sell all gallon cans bearing old labels at cost

$1.75 Per Gallon.

Also Hirschberg Hollander & Co.'s Stag Semi-Paste Paint; 1 gallon makes 2 gallons at $1.75. This reduction comes in season, don't wait as these prices won't last. Back they go when this lot is gone.

CHESTERTOWN CHAUTAUQUA.

Program for the Chestertown Chautauqua, June 10-15.

The following programme has been arranged for the Chautauqua to be held in Chestertown the second week in June. The large tent will be located on the corner of Cross and Cannon streets.

FIRST DAY.
Monday, June 10, 1912.

2.00—Series Lecture. (A popular lecture each day at this hour on important economic, sociological or literary subject. One of the most interesting features of the program. See detailed statements elsewhere. Plan to attend the first one and you will not miss the others.)
3.00—Ciricillo's Italian Band. (Twenty-five players in a splendid program of popular and classical music.)
7.30—Ciricillo's Italian Band.
9.15—Motion Picture. (An exceptional entertainment every night. Presenting the choicest travel, purpose and comedy features. An entire change of program each night.)

SECOND DAY.
Tuesday, June 11, 1912.

2.00—Series Lecture.
3.00—Walter Bentley Ball Concert Company. (A popular interpretative recital of North American Folk Songs.)
3.30—Paul M. Pearson: "The Poetry of Life." (A popular lecture illustrated with recitation, given with the charm that makes an exceptionally pleasing hour.)
7.30—Walter Bentley Ball Concert Co.
8.15—Illustrated Lecture: "Seeing America." (An unusual opportunity to see the best colored and motion pictures of the great things in America.)
9.15—Motion Pictures.

THIRD DAY.
Wednesday, June 12, 1912.

2.00—Series Lecture.
3.00—Lyric Glee Club, Male Quartette and Horn Quartette. (One of the most popular musical organizations in the country. Full concert.
7.30—Lyric Glee Club.
8.00—Captain Richard Pearson Hobson. (A great orator with a great message.)
9.15—Motion Pictures.

FOURTH DAY.
Thursday, June 13, 1912.

2.00—Series Lecture.
3.00—Novelty Concert Company.
3.30—Henry W. Wilbur, Popular Lecture, "Heard by Wireless." (An unusually gifted and skillful speaker.)
7.30—Novelty Concert Company.
8.00—William T. Ellis: "The United States in the World's Unrest?" (A wonderful story of the clash of nations and our part in helping other countries to work out the great problems of government.)
9.15—Motion Pictures.

FIFTH DAY.
Friday, June 14, 1912.

2.00—Series Lecture.
3.00—Austro-Hungarian Orchestra. (A company of great musicians who present great music in a popular way. Full concert.)
3.30—Political Debate: Hon. William H. Berry, late Keystone Party candidate for Governor of Pennsylvania. His opponent will be a speaker of national prominence. The subject of debate will probably be, "Should the Aldrich Currency Plan be Accepted?" No greater discussion has ever been offered by a Chautauqua.
7.30—Austro-Hungarian Orchestra. (Full concert.)
9.15—Motion Pictures.

SIXTH DAY.
Saturday, June 15, 1912.

2.00—Series Lecture.

7.30—Gamble Recital Party. (Full concert.)
9.15—Motion Pictures.
Thirty-one events for $2.00.
Season tickets for sale at the TRANSCRIPT office.

Fishing With Hook and Line.

The United States government is spending a great deal of money every year in stocking the rivers and streams with fish and smilingly invites the people to get rod and line and enjoy one of the most attractive pastimes of the summer. Most people look on fishing with indifference, because they know none of the joys of it. There is more genuine pleasure in it than is to be found in the summer resorts and one of the best ways of resting a tired brain. If a man feels sluggish a few hours on the creeks or river will cure him. There he gets very close to nature. One of its charms is that it brings back the high spirit of boyhood especially when he hooks a rock weighing a pound or more. The fresh air and the gliding waters feel good; the lunch you eat tastes good; the eye, the ear and all the organs of sense, if they are in normal condition, are keenly delighted. The restless desire to be forever racing against time departs, and you settle down easily and deliberately to the enjoyment of real life. There was a time when the suggestion to go fishing fell dull upon many ears. That was before they ever went fishing. One taste of it however, was sufficient to convince them that for real pleasure nothing can surpass it. Our watermen say the prospects are good for good catches by hook and line this summer.

Big Fund From Automobile Licenses.

The automobile is a source of a large revenue to the State. With the lapse of time, which means an increase in the number of machines in use, the revenues will grow larger. According to a report submitted to Governor Goldsborough for the year ending May 1, the receipts from auto licenses for that period were in exess of $80,000. The principal sources of receipts were from passenger vehicles, merchandise vehicles, dealers and manufacturers and motorcycles. Not included in this sum are receipts from indirect sources connected with the use of automobiles. These are from vehicles and cycle operators, fines, automobile tags, interest on deposits and from Washington agents which gives a total of nearly $13,000. To the direct and indirect sources of revenue for the year should be added a balance brought forward on May 1, 1911, making a grand total turned into the treasury of over $105,000. The cost of collection of the fund was $6,635.25 for salaries, $1,876 for expenses of the commissioner, $650 for rent and incidental expenses amounting to about $2,000. The receipts from automobile licenses are added to the State road fund.

There are a large number of automobiles in Kent, most of which are used for pleasure rides, a few for business and one truck which is used by Mr. John N. Bennett for delivering milk in Chestertown. Kent, therefore, contributes liberally to the above fund.

Jersey Devil in Fisherman's Net.

Two shad fishermen, of Gloucester City, N. J., last Saturday caught what old fishermen think is a genuine "Jersey Devil," that alleged cross between an alligator and a cow which made so much talk a few years ago. The creature caught by the fishermen is worse in appearance than any summer resort sea serpent ever invented. It has horns and feet and the teeth of a dog; scales like a fish and a temper like that of a bull when he sees a red dress. The fishermen got the "critter" in their shad net. It made a spring at one of the men, knocked him down and was going at him, when the other man came to the rescue with a marlin spike and killed the freak. The two fishermen took the strange animal ashore and exhibited it. It is five feet, four inches from the end of its horns to its tail; the head resembles that of a snapper: it has 20 teeth, those in front long and pointed like a dog's; its scales are one and two inches long, and it has four feet on which it would, if alive, be able to stand 13 inches from the ground. Its tail is like that of an alligator. One of the fishermen packed the freak in ice and sent word to Washington for experts to visit Gloucester City and look the beast over. "I'll give up fishing altogether," said one of the fishermen, "if the experts tells us 'whiffenpoofs' like that are common in Jersey waters. I was scared to death when it jumped on my partner."

Shellfish Commission Meeting.

Mr. Swepson Earle, of Queen Annes county, was re-elected for a third term secretary to the National Association of Shellfish Commission, at their meeting in Boston last week. This is quite an honor to our friend in Queen Annes. The other officers elected were as follows: Dr. Joseph H. Pratt, North Carolina, president; John Craft, of Alabama, vice-president, B. A. Round, of Rhode Island, treasurer. A motion offered by Secretary Earle, which was carried, provides for a special committee of the association to go to New Haven next week to meet a similar committee of the Oyster Growers' Association of North America for the purpose of furthering closer co-operation between the associations which sell the shellfish products, in order to create a greater demand for a pure, wholesome food. The question is of special importance to the oyster growers and oystermen of Maryland and Virginia.

Loss to Farmers.

Arthur H. Griffee, of Finksburg, Md., says:

"The high cost of living is the every day wail of the public and the destruction of birds is indirectly part of the cause. As an example—A crow is estimated to catch 100,000 insects each year; if each insect destroyed 1-10 of a cent a year, each crow would earn the farmers $100 by saving the crops from destruction.

"The 'Swat-the-fly' crusade can be effectively carried on in the country by the protection of the pewee or fly catcher. These birds are branded by some people as pests but at my place there are 5 or 6 pairs that build each year in the trees and they have never as yet molested anything. I have observed these birds catch as many as ten insects in five minutes.

"So farmers, *beware*, and stop this wholesale destruction of birds at once and save money."
