Wall Papers and Paints.

Wall Paper

Our stock of new Wall Papers is nearly all in—over 9000 rolls. We purchased at a lower price and will sell at a lower price than ever before. The cash discounts on this bill is enough profit for us. We can sell these papers at the same price our competitors pay for what they buy. The starting price is

2½c Per Single Roll up to 10c Per Roll,

but come and see these papers and prices will surprise you. We'll sell paper. We sell you the paper outright or send you a competent man to hang it. No charge for our team.

Paint

Big Reduction in the price of B. P. S. Paint.

The Patterson Sargent Co. are using what they call their Universal Label on all their different products. So to keep in touch with this move, we have decided to sell all gallon cans bearing old labels at cost

$1.75 Per Gallon.

Also Hirschberg Hollander & Co.'s Stag Semi-Paste Paint; 1 gallon makes 2 gallons at $1.75. This reduction comes in season, don't wait as these prices won't last. Back they go when this lot is gone.

FEELS YOUNG AT 67.

Mr. Meginniss, Law Graduate, Did Not Expect to Win Prize.

ESSAY AS PART OF HIS WORK.

"Never in my life have I felt more than 25 years old."

Mr. Nathaniel T. Meginniss, trust clerk to the Supreme Bench of Baltimore, 67 years old, and a grandfather, who was graduated in law Saturday at the University of Maryland, and who, in addition to his diploma, received a prize of $100 for the best thesis in his class, squared his shoulders Sunday night as he uttered these words and smiled serenely.

"Anyway," he continued, as he stroked his shaven chin, which, until he entered his junior year at the university, had harbored a flowing, white beard, "a man is just as old as he feels. I have said that all my life. Some men are old at 25; others young at 75.

PRIZE CAME AS SURPRISE.

"Of course, I was expecting my diploma, but I had not the remotest idea that I had a show for the prize essay. You see, there was about 60 men trying for that prize, and among them there were young men, graduates of Hopkins, who were making a specialty of law. I had written my essay simply as a part of my last year's work at the university and had not given it another thought. When Judge Harlan got up, opened the envelope which contained the name of the winner of the prize and announced that it was myself, I scarcely took in its significance. Yes, I was a little embarrassed, and it took me back to the day of my commencement in 1862, when I was graduated at Washington College.

CAME FROM KENT COUNTY.

"It is a little far back for me to remember much about that time, that is in regard to dates. I was born in Kent county, and after graduation went into the clerk's office of the Circuit Court of Kent. Finally I became deputy clerk.

"After a while I resigned and went to Baltimore, going as a clerk in the Bank of Commerce, where I occupied nearly all of the clerk's desks in turn. Then I took a position with the old Consumers' Mutual Gaslight Company, and when, a year or two afterward, that was absorbed by the Consolidated Gas Electric Light and Power Company, I went with that corporation, finally becoming its secretary. Many persons knew me in that position, although some of them would hardly recognize me now since I cut off my beard."

Mr. Meginniss was appointed trust clerk to the Supreme Beneh in Baltimore in 1907. He entered the University of Maryland Law School in the fall term of 1909.

PRICES HIGHEST SINCE WAR.

It Costs More to Live Now Than Ever Before in the Country's History.

It costs more to live now than ever before in the history of the United States, except perhaps during war time.

One year ago prices were high, but to-day they are on the average nearly 10 per cent. higher, and according to trade authority quotations, food products are the highest on record.

Meat, eggs, butter, fish, potatoes, coffee, tea, sugar, salt, molasses, rice, beans and peas average 22 per cent. higher; and wheat, corn, oats, barley and flour 33 per cent. higher.

Fruit is the only thing good to eat that has grown cheaper during the last 12 months, but it is higher than in 1910.

Leather products cost 12 per cent. and chemicals and drugs 13 per cent. more than a year ago. Textile goods, however, are a trifle cheaper.

The average increase in food products is nearly 20 per cent., which means that the housewife now must pay $6 to fill a market basket that only cost her $5 to fill in June, 1911. In other words $1 now will buy only five-sixths as much as it did a year ago.

The greatest advances have been in meat products, beef 26 per cent., hog products 30 per cent. and mutton 50 per cent.

The cost of living is a fit subject for a sincere investigation by the United States Government. We firmly believe the cause of high living to be an unnatural one, as the production of nearly every necessity of life is directly under the control of some trust fastened and protected by tariff law. The people will have no right to complain if they fail to take this matter in hand at the next election and put the party responsible for such conditions out of business.

William H. Anderson.

Superintendent William H. Anderson of the Anti-Saloon League has just returned from the General Conference of the Methodist Episcopal Church. He was nominated by the bishops and elected by the conference as one of the managers of the Church Temperance Society, and at the meeting of the Church Temperence Society Board at the close of the conference was unanimously elected legislative superintendent of that organization, which makes him the National legislative and political representative in matters affecting the more than three million members of this denomination.

Mr. Anderson has also announced that in view of the pledges of support by different ministerial bodies and the promises of official church co-operation and the assurances of open doors to new opportunities, he has not only decided to decline the proffered promotion in his election to the superintendency of the league in one of the greatest States in the country, but that he has secured the concurrence of the National League in this decision.

Mr. Anderson announces that the league will push straight for the local option bill and expects to pass it next time, and if not, that the league is pledged to start at once for state-wide prohibition. He says that the league will be kind, courteous and considerate even to its opponents if they will permit it to be, but as vigorous as they make necessary.

Big Sum For Benefits.

The April reports of the Relief Departments of the Pennsylvania Railroad System, issued last week, show that during that month an average of $8,133.39 a day were paid in benefits to employes of the company or their families. In benefits to the families of members who died $55,637.91 were paid, while to members incapacited for work the benefits amounted to $110,824.63. The total payments on the lines east of Pittsburg since the Relief Fund was established in 1886 have amounted to $23,999,989.99.

Question Cleared Up

Transcript Readers Can No Longer Doubt The Evidence.

Again and again we have read of strangers in distant towns who have been cured by this or that medicine. But Chestertown's pertinent question has always been "Has anyone here in Chestertown been cured?" The word of a stranger living a hundred miles away may be true, but it cannot have the same weight with us as the word of our own citizens, whom we know and respect, and whose evidence we can so easily prove.

Hyland Crew, High St., Chestertown, Md., says: "I had pains in my back and my kidneys were disordered, causing me no end of trouble. I finally obtained Doan's Kidney Pills at Toulson's Drug Store and they made me feel a great deal better in every way. I do not believe there is a better kidney medicine than Doan's Kidney Pills."

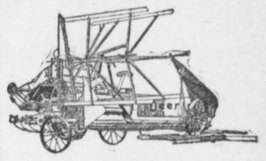

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
