What is Your Time Worth?

IF your time is worth more than fifteen to twenty cents an hour, you can make an I H C gasoline engine pay for itself in a very short time. Many farmers have written us that their I H C engines paid for themselves in cash, to say nothing of the hard work saved, the first year. How?

I H C Gasoline Engines

have no specified working hours. They are ready for any work within their capacity, at any time. They require little attention, and that of the simplest. They make no strain on your time, temper or pocketbook. Get an I H C catalogue or see your local dealer and find out what ten cents' worth of gasoline will do, working in a thoroughly tested general purpose engine.

A Letter From Over the Sea.

May 27, 1912.

KIND FRIENDS:—While aboard the steamer, I have had the experience of almost all the new beginners on ocean steamers. I have been a little shaky in my head and unsteady on my feet. But papa has stood the trip like an old sailor, never missed a meal or had to lie down more than he would have done at home. In our party are: Mrs. Wm. Ralston and her little daughter, Elizabeth; Miss Agnes McKee, her sister; Mrs. Bettie Kelley and sister, Miss Mattie Ralston, sisters-in-law of Mrs. Ralston. Mrs. Kelley is a bank president of Gothenburg, Neb. The two first named are nieces of my father. Of course papa and myself completed the company. We are nearing our journey's end, have been in sight of land for several hours, and it is Ireland I am told, but at present the land has disappeared and all is water again. There are quite a number of the passengers going to land at a place called Fishguard this evening at about 6 or 7 o'clock, when all mail will be started back to America.

We may tell you something of Ireland and England when we return, if we are spared to do so.

KATIE P. MCKEE.

OUR TAX PAYERS have absolutely no protection against injury either to person or property under the Gibbs' Road Law. The court so decided at Easton last week, and their decision creates a deplorable condition. If your horse breaks its leg in a hole in the road and has to be killed, or your wife or child is thrown from a carriage and severely injured, you have no redress. Nobody is responsible under this present law, and who can tell under the present incompetent, and we are forced to say oftimes negligent management, when such accidents are likely to occur? Kent county is the only county in the State whose tax-payers are compelled to suffer such injustice, and our tax payers should hold those responsible for such a condition who refused to repeal the Gibbs Road Law in the last Legislature when they were urged to do so. How do those tax-payers feel now, who were "fooled" into signing a petition during the last Legislature to keep Gibbs and the Gibbs Road Law in operation in Kent county? The dreadful condition of our county roads to-day is due absolutely to poor management, and to politics of the most selfish sort, and it has cost our tax-payers more than $18,000 during the past year to enjoy the "benefits of this economical road law." Under present conditions the tax-payers of this county are compelled to contribute $18,000 a year to politics. That's all it means; no more, no less. The present condition of our roads proves the truth of this statement, and those who are responsible for it are those Organization leadera who persisted in keeping this law in force in this county when they not only knew its injustice but know that we have a condition confronting us in this county with which no intelligent community should be afflicted.

SENATOR SMITH FOR LORIMER.

It is a source of the greatest regret to the people of Maryland that United States Senator John Walter Smith should be among only twelve Democrats in the United States Senate to be in favor of the retention of Lorimer. Senator Smith voted for Lorimer at the first investigation, and it was believed that the indignation of the American people expressed verbally and through the press during the interval would induce Senator Smith to change his course and vote against the man around whose seat in the United States Senate there lurks the most glaring suspicion of fraud and political corruption in the securing of that seat. The case of Lorimer is a blot upon our modern civilization, and it is a source of regret that one of Maryland's Senators should connive at fraud and corruption in politics by voting for a man to retain a seat in the United States Senate, secured it is charged, only through the influence of an immense corruption fund. The friends of Senator Smith rave and rant about the political methods of the Mahon-Preston organization in Baltimore city, but the attitude of Senator Smith towards Lorimer has anything that the city organization has been charged with doing beaten to a frazzle. Only twelve Democrats of the Senate are in favor of Lorimer retaining his seat, and unfortunately Senator Smith, of Maryland, is among that twelve.

CHURCH WORK.

Preaching services at the Presbyterian churches as following: Westminster at 10.30 A. M., Grace at 3 P. M., Worton at 7.45 P. M.. Sunday school every Sunday morning at 10 A. M. at Worton.

The annual Children's Day service at St. James will be held to-morrow (Sunday) morning.

Rev. Dr. W. R. Graham attended the quarterly meeting of the Board of Ministerial Education in Pittsburg this week.

Chestertown M. E. Church, Rev. L. E. Barrett, D. D., pastor. Services next Sunday, June 16th, as follows: 10.30 A. M., sermon by the pastor, subject: "Progress," 2.15 P. M., Sabbath School and Pastor's Bible Class; 7 P. M. Epworth League Song Service followed by brief sermon by the pastor the whole service lasting but one hour. All invited.

Christ M. P. Church—Rev. D. W. R. Graham, pastor. Preaching at 10 30 A. M.; Sunday School at 2.30 P. M.; Twilight services at 6 30 P. M. You are cordially invited to be present.

Rev. Dr. W. R. Graham preached a masterly sermon on a theme appropriate to children's Day last Sunday morning. Every parent in Chestertown would have been benefited in hearing it.

Religious services were held in the Chautauqua tent on Sunday afternoon. Rev. Dr. L. E. Barrett delivered a most excellent address, and an orchestra composed of Messrs. L. Bates Russell and Arthur Bacon cornets, T. Kemp Bordley and Warren C. Hurlock violins, Foster Cannan trombone, and Miss Mabel Toulson piano, rendered sweet music. A fine audience was present.

The Christian Endeavor Society of Christ M. P. Church held an inspiring consecration service at the home of Mrs. Wm. J. Vannort on Friday evening last.

The Ladies' Aid of Worton M. E. Church met at the home of Mrs. B. T. Rash on June 6th. On account of the storm the attendance was small. The aid is in a very flourishing condition. They are now planning to put new benches in Union in place of the chairs which were never comfortable.

The three Methodist and one Baptist churches of Easton enjoy a fraternity that is growing in strength and effectiveness, the latest evidence of which is the fixing of a uniform prayer meeting night. All the ministers of these churches will exchange pulpits to-morrow (Sunday). Why would not a movement of this kind on the part of our Methodist churches prove a beneficial thing?

Some one got into Mr. Harris Kaplan's tailoring establishment under the Voshell House on Sunday night, getting in by way of the door leading from Mr. Arthur Bradley's insurance office into Mr. Kaplan's shop, after having unlocked Mr. Bradley's outer door. Four suits of clothes were taken—one belonging to Dr. Jones, of Galena, one to a colored waiter at Tolchester, and a pair of pants belonging to Mr. Edward Loud. This is the second time Mr. Kaplan has been robbed recently, and the guilty party evidently knows something about the premises.
