DEMOCRATIC TICKET.

FOR PRESIDENT:
WOODROW WILSON,
of New Jersey.

FOR VICE-PRESIDENT:
THOMAS R. MARSALL,
of Indiana.

FOR REPRESENTATIVE IN THE SIXTY-FIRST CONGRESS FROM THE FIRST CONGRESSIONAL DISTRICT:
JAMES HARRY COVINGTON,
of Talbot County.

FOR CHIEF JUDGE OF THE SECOND JUDICIAL CIRCUIT:
ALBERT CONSTABLE,
of Cecil County.

URIE'S control of the county left us a tax rate of $1.35; the Kent News' control of the county left us a tax rate of $1.85. Urie and the Kent News have combined again. What can the people expect?

TAFT has the Elephant, Roosevelt, the Bull Moose, but Woodrow Wilson will have the lion's share of votes in November, and will ride to the White House on the back of the Democratic Donkey, which is feeling fine and dandy.

A SIXTH District Reactionary leader is reported to have declared that he will vote for Taft in preference to Governor Wilson. Let the Reactionary Woodrow Wilson Club investigate the rumor and get busy bringing the "Reactor" in line.

LAST YEAR the Reactionaries accused the Progressives of buying votes, and professed holy horror that such a thing should have been done in Kent county in the face of the Corrupt Practices Act. How are they now going to atone for Senator John Walter Smith's vote for Lorimer? Not one word, you bet.

WE HAVE been asked to state the difference between a Progressive and a Reactionary. The Baltimore Sun editorially supplies the following definition: "A Progressive is a Radical in a state of poise. A Reactionary is a petrified Conservative." *Poise* means equal balance; *petrified* means "turned to stone."

A GENTLEMAN was in our office on Monday and said: "The author of that last Urie letter in the Kent News must have been the same fellow that got away with those leaves from that now famous minute book in the commissioners office in 1903." That remark struck us with so much force that we have determined to let it pass as our reply to Mr. Urie's latest effusion.

GOV. WILSON displays wisdom in his determination to have his campaign managed by new blood. Mr. McCombs managed his campaign for nomination brilliantly, and he can be just as successful in the management of the Governor's campaign for election. Our advice to the Governor is "keep your hand on the throttle and your eye on the track all the time."

WHAT a refreshing thing it is that all the Democrats in Kent county are united in their support of Wilson and Marshall, and it is most gratifying to know that many Republicans will vote the Democratic ticket in the fall. There is no reason why the Democratic ticket should not receive a majority of 600 in Kent this fall, unless there is some treason in the Democratic ranks.

THE strong editorial in the Sunday Sun against the vote of Senator Smith for Lorimer is a convincing evidence of the fact that the Sun will not support any man for the United States Senate who stands for corruption in politics such as the vote of Senator Smith for Lorimer demonstrated. The Baltimore Sun well says that Senator Smith is a *man's*-man, but not a *state's*-man.

SMITH FOR LORIMER.

Senator Smith voted for Lorimer. We have no doubt that he had his reasons, as he did when he voted for lumber protection. From *his* point of view his vote is a courageous act.

Senator Smith is a *man's*-man, but not a *state's*-man.—Baltimore Sun.

WHAT sensations some of our daily papers do make of trivial things! Last Sunday night the steamer Ericsson went aground on a sand bar off Poole's Island, and neither the passengers nor the steamer were in any danger. And yet a perusal of the accident in the afternoon papers of Monday pictured the affair as a miniature Titanic disaster. The exaggerated newspaper accounts of the affair were far more hair-raising and nerve-racking than were the inconveniences or discomforts of the passengers. Our daily papers should refuse to publish such stuff as this, and should not get so excited over such trival matters.

HOPE H. BARROLL, ESQ., of Kent, visited Trenton, N. J. on Tuesday morning at the ivitation of Governor Woodrow Wilson to discuss the Maryland situation relative to presidential campaign with the Governor. Mr. Barroll was accompanied by his son, L. Wethered Barroll, Esq., who has known Governor Wilson for some years, and who is president of the Johns Hopkins Woodrow Wilson Club of Baltimore. They spent about an hour with our next president, and were charmed with his striking personality. The Maryland visitors followed the conference of the Governor with Oscar W. Underwood, floor leader of the Democracy in the National House of Representatives.

THE Roosevelt State leaders conferred on Wednesday afternoon in Baltimore and completed arrangements for the State Convention of the "Bull Moose" party, which will be held at the Auditorium Theatre in Baltimore next Thursday. 125 Republicans in Baltimore and the State have signed a call for the convention. Sidney P. Townshend, Esq., of Kent, is one of the Roosevelt signers.

THE Wilson Clubs formed throughout the county last December together with those signers to petitions circulated sometime ago, will hold a grand rally sometime in the near future in which the Reactionary Woodrow Wilson Club recently formed in Chestertown, will be asked to participate. It is proposed to make this a great demonstration in the interest of Wilson and Marshall and the entire Democratic ticket and every district in the county will be asked to send a big delegation to the meeting.

WHAT excuse have the followers of Senator John Walter Smith in Kent county to offer for his voting for Lorimer? This is one of the greatest reflections ever cast against the people of the State of Maryland, who have honored Senator Smith with their highest gifts. He has betrayed his people, and has proven by his course in the Lorimer case that he not only winks at corruption in politics, but allies himself with the moneyed interests against the people. His course in the last Democratic National Convention in Baltimore city proved this, his vote for a protective tariff on lumber proved it, and his vote to retain a man in the United States whom an impartial investigating committee of the Senate found guilty of the corrupt use of money to obtain his seat in the Senate, is a further evidence that Senator Smith is a reactionary of the most pronounced type, and that so far as his vote is concerned he encourages corruption in politics. Senator Smith is not the sort of man to represent the State of Maryland in the Senate, and he is the man, who, behind the scenes, is assisting the reactionary element in Kent county Democracy to retain the fragment of power they have left. Senator Smith is the man for whom the Reactionary faction formerly known as the Organization, threw down the late Gov. Crothers, in the last gubernatorial primaries, after Gov. Crothers had proven himself to be one of the best friends the Organization faction ever had in Kent. Gov. Crothers gave the Organization *every* official in Kent county. He didn't give the Progressives even poor old Uncle Robert Calder, as he is affectionately called, and yet when Gov. Crothers wanted the Organization to get behind Senator Blair Lee for Governor in this county, they threw Gov. Crothers down with such a thud as was heard in Elkton, and stuck to Senator Smith. Let them fight Senator Smith's battles for re-election to the Senate next year. The TRANSCRIPT will never support any man who casts such a reflection upon his State as to demonstrate by his vote that he encourages the purchase of a seat in the United States Senate by the corrupt use of money.

THE BLACK FLAG ON THE FLAG POLE.

The TRANSCRIPT does not desire to prolong a controversy with the new boss of the school board any further. Everybody in Kent county knows Mr. Urie. The memory of the past, when Mr. Urie controlled that Board of County Commissioners that piled up an indebtedness of $60,000 against the tax-payers and allowed the books of the commissioners' office either to be stolen or burned, so that it was impossible to get the information that would have led to somebody's possible arrest and conviction for that wholesale squandering of the people's money, is still fresh and green. Mr. Urie has scarcely regained control of the county school board when his thirst for money again becomes so insatiate that he is willing to resort to fake figures and incorrect statements in order to hoodwink somebody into believing that the school board has gone to the dogs, the school buildings have become mere shacks, and the school teachers are all ignorant and incompetent since he lost control of the school board. The TRANSCRIPT has called his "bluff" and has informed the people of the true condition of affairs, and because we have exposed his game, he has resorted to the weapon of a vanquished foe—abuse—and charged us with *misrepresentations* 1, 2 and 3. Our real motive in this controversy, aside from informing the tax-payers as to the true condition of the county school affairs, has been to "call the fire" of the Kent News, and to let the people see and know for themselves that there is a revival of that same intimacy between Mr. Urie and the Kent News that existed in the days between 1895 and 1903. It will be observed that the Enterprise, the Republican organ in this county, closed its columns to the insertion of these unjust attacks upon our county school management, our county commissioners and our county school teachers because the editor of the Enterprise had more regard for the integrity and standing of his county government than to open the columns of his paper to what he knew were baseless and unwarranted attacks. But the Kent News, a paper that poses as the mouthpiece of the Reactionary faction of the Democratic party, and as a Democratic paper, allows its columns to be used for an attack upon a Democratic Board of County Commissioners, as conscientious a body of men as ever managed the county's affairs, allows Urie to attack the Democratic County School Board, the County Superintendent, and our faithful and efficient school teachers, and to convey the impression throughout the State that our school board has been run on borrowed funds, our county commissioners are a set of ninnies, and our school teachers are a lot of ignorant and incompetent men and women—why—simply because Urie has, by the grace of their Senator, and against the protest of the best element of the Republican party, come into control of the schools of the county, and that paper would rather tody to Urie than to be loyal to the Democratic party since *he* has the patronage and the Democrats have not. We simply want to show the people that once again the Kent News has raised the black flag of Urieism to the top of their flagpole, and the honor and integrity of our School Board, our Board of County Commissioners, our County School Superintendent and our school teachers are as nothing to the News compared with Mr. Urie's favor and patronage. This same paper never raised its voice when an investigation of the county finances was made after Mr. Urie lost control of the county in 1903. The tax-payers got their information through the TRANSCRIPT, which is the only means the people have of finding out the true conditions of affairs; and in these unkind, unjust and highly unmerited attacks upon our school management and our county commissioners the Kent News has proven itself to be a friend of Urie's—because he has control of the school board and has become a foe to the party to which it professes to belong by allowing an attempted repudiation of our school system to be published in its columns without a word of protest or defense. The Reactionary Boss of a Republican faction is once more leading the mouthpiece of the Reactionary element of the Democratic party, and as in the past, Urie will use the News, to "pull his chestnuts out of the fire."
