THE GRIM REAPER.

WASHINGTON GALE SKIRVEN.

Mr. Washington Gale Skirven, one of the county's most prominent farmers and highly esteemed citizens, residing on Tulip Forest farm, near Fairlee, died on Monday evening at the Richard Gundry Sanitorium, Catonsville, where he had been under treatment for a nervous breakdown. He was in his 61st year. Mr. Skirven was the youngest son of the late Capt. John T. Skirven and Sarah Granger Gale Skirven, of this county. He began farming in 1878 on the Tulip Forest farm, where he had resided since. He was a prominent member of the county and State grange, having been chaplain of Fairlee Grange since its organization. He was one of the leading members of St. James' Methodist Protestant Church, and was one of the leaders in that fine social life which has made Worton famous for lo! these many years. He was an authority on the subject of agriculture and was progressive in his methods and ideas. He is survived by a widow, who was before marriage, Miss Elizabeth Diehl, daughter of the late George Diehl. For years Mr. and Mrs. Skirven have lived a beautiful and happy wedded life, sharing each other's sorrows and joys, and assisting each other over life's rough places. They were devoted to each other, and Mr. Skirven's death leaves the widow practically alone, though in the midst of as loyal friends and relatives as live. He also leaves a sister, Mrs. Martha Colesberry, of Philadelphia, and one brother, Mr. John Walter Skirven, of Baltimore and Kent county. The children of his late brother, Thomas W. Skirven, are nephews. Funeral services were held from his late residence on Wednesday afternoon at 2 o'clock, conducted by Rev. S. B. Tredway, a former pastor, assisted by Rev. Dr. J. M. Sheridan, also a former pastor, Rev. Dr. Manley Sharpe, rector of St. Paul's, and Rev. G. A. Morris, pastor of St. James'. Interment was made in Chester cemetery. The pall-bearers were: Messrs. Charles, Frank, Harry, Lewin, Percy and Elmore Skirven. Undertaker Chas. L. Dodd had charge of the funeral arrangements.

The Sunday school convention at Wesley Chapel last Sunday was well attended in spite of the very warm weather. The addresses by Rev. B. W. Kinley and wife, Rev. O. H. Rock Hall Items.

The three month contest at Kramer's store was decided Monday 15th. The winners of prizes was a leather couch for $420.00 cash checks to Mrs. Joshua Thomas; 2nd prize to Mrs. Robert Joyner for $275.00 cash checks; 3rd prize to Mr. J. C. Ashley, a hand polished dressing table for $200.00 checks. The contest was decided by Rev. J. W. Prettyman and Prof. Geenhawk.

The leading stores of Rock Hall will close at 8 P. M. from Monday, July 22 to September 1st. Those included in the number are: M. T. Miller, T. B. Durding, M. Kramer, Jos. Downey, C. Thompson, M. Alexander, R. Wilson, M. Hammaker.

THE population of Kent has decreased through no fault of the TRANSCRIPT, Mr. Urie. If you had been frank and honest when you injected this question into your discussion, you would have said that the enormously high tax rate which your administration of county affairs from 1895 to 1903 produced—that $1.35 tax rate, together with the enormous rate of $1.85 which the extravagance of that faction of the Democratic party which is now enjoying the benefit of your political advice and counsel—the Rectionaries—are responsible for the decrease in our population. People with money to invest in property have balked at such unheard of tax rates, and those who stood the burden as long as they could, have disposed of their property and left the county. And Caroline county does not levy $45,000 for its schools, either. It levies only $30,000. Quite a difference.

SUPERINTENDENT MELVIN.

Superintendent of County Schools Milton Melvin will retire from office August 1. We do not assume to write Prof. Melvin's valedictory, but we simply take this means to testify to the efficiency, impartiality and ability with which he has administered the affairs of his office during the seven years of his incumbency. No superintendent the county has ever had has conducted the school affairs of the county with greater decorum, or with more success than has Prof. Melvin. He has been impartial and considerate in his relations with his most capable corps of teachers, he has been economical in the management of the school system, and he has been absolutely fair and impartial in all his business transactions. Prof. Melvin will retire from office on August 1 not only with the confidence of all those who have the real welfare of the schools at heart, but with the happy knowledge that the physical condition of the school property, the school finances, and the working force of the schools are in much better condition than when he assumed the responsibilities of the office. He will be followed by Prof. J. L. Smyth, who for a number of years has been the popular principal of the Chestertown High School. If Prof. Smyth will be as free from political domination as Prof. Melvin has been, if Prof. Smyth will be *let alone* to use his own judgment, both as to his professional and business relations as Prof. Melvin has been, *his* success will be assured, and the welfare of our public schools will be preserved.

Fish Bites.

Col. Samuel L. Wright and son, Mr. Walter Wright, and Dr. H. C. Hughes, with Capt. Charlie Harrison as guide, caught 240 perch and rock at Tolchester on Tuesday in two hours' fishing. There were 16 fine rock, the balance culi and medium perch.

Capts. Spencer Urie and Charlie Harrison have been engaged every day this week in taking parties to the fishing grounds. The sport is great, and large catches are being made every day.

Capt. Jim Middleton caught a ton of rock fish in his pound off Bramble's shore on Monday morning.

Perch and rock fishing has been fine on Swan Point bar during the past two weeks.

The biggest catch of fish made on the Atlantic coast for years was made at Angelsea, N. J., one day last week, when the deep sea fishermen caught *fifty tons* of fish in their nets.

Kennedyville Items.

The dry weather is broken. A number of local showers recently, but Sunday evening, and a part of Sunday night, to the delight of the farmers and their growing crops and gardens, a most delightful general rain. The atmosphere is considerably cooled off.

Many of our good farmers are greatly disappointed in the wheat crop, the yield of the most of those who have theshed, being very small to the acreage.

There is general gladness over the abundant hay crop, and saved in such fine condition.

Some persons criticized the spacious size of the new hay loft over the stables of Mr. W. M. Clendaniel, about the time it was, a few months ago, completed, and said: "You'll never get hay enough on the farm to fill it." That big loft, with a capacity of about 75 tons is now about full, with several big ricks in the field, and Mr. Clendaniel has cut only about half the crop of his big hay field. Could he have saved it all, it is supposed he would have had close to two hundred tons.

Mr. and Mrs. Joseph Weer, and their splendid little son, Baldwin had a most charming tour in their new car, to Chestertown and return, last Friday night, Mrs. Weer's brother, Mr. Hayes of the Prudential Life, of Dover, Del., being in Chestertown at the time came home with them and spent the night. He was much delighted with his trip in the handsome new car. The delightful rain, laying the heavy dust, is a wonderful relief to automobilists and others traveling in carriages.

Mr. Tilghman Shafer has been indisposed for the past few days, but is much improved at this writing.

Mr. and Mrs. Isaac Cleaver, after an absence for about eight or nine weeks with a daughter, Mrs. Jas. Webb, and a son, Mr. William Cleaver, and family, came back to their home in Kennedyville on Tuesday of last week. Their many friends are delighted at their return and improved health.

Mr. Geo. Rasin had a very sick horse on Saturday night, with colic, from eating new wheat.

There must now be a "hold up" in threshing until the wheat is again dry, and in condition for shipping or the garner.

TENNIS PLAYERS, TAKE NOTICE.

Open Tournament for the Eastern Shore Proposed.

Interest in tennis has been growing very rapidly of late on the Eastern Shore. No game is played as much. There is hardly a town without one or more courts. Enthusiastic players abound.

Many friends of this good, clean sport feel that the time has come for the Eastern Shore to have its annual open tournament. They have approached the Talbot county club and secured the governors' consent to use their fine courts for a gathering of all those who play the game, as soon as an entry list has been secured, and the necessary preliminary arrangements perfected.

Those who have the matter in charge are desirous of ascertaining the willingness of those interested to take part in the proposed tourney. Any reader of this journal who is a player is urged to send his or her name without delay to Dr. Henry Davies, at Easton, Md., who will furnish further information if desired.
