Read the Whole Paper.—Much interesting local news matter will be found on *every* page of this issue. The merchants' advertisements are also interesting, as are other advertisements. The entire paper should be read, or you will miss something you should know.

A Fine Record.—Mr. J. W. Kirby informs us that he has erected over 200 monuments and tombs in Kent and the surrounding counties, with not a single job rejected. 98 per cent. of this work was put up for less than it could be bought elsewhere.

Legless Pitcher a Wonder.—Wilmington has the champion legless pitcher. William Salter, a young man who lost both of his legs and uses artificial limbs, Saturday pitched for the Christiana Athletic Club and shut out the Central Club, 8 to 0. He held his opponents to three hits and struck out 10 batsmen. He is able to run the bases and is the best player on the Christiana team.

Good Sum Realized.—The members of the Woman's Civic Club realized $40 dollars for the shipment of old papers and magazines clear of frieght. They feel encouraged to make another effort, as the experience gained in this undertaking will enable them to clear much more the next time. The money is to be used, to help pay for the cans recently placed on our streets, and the ladies wish every one to show their interest by using same and helping to keep our town neat and clean.

Secures a Position.—Mr. William H. Lambert has been appointed to a lucrative position under Gov. Goldsborough at Annapolis, and left for the Capital City on Monday morning. We are very glad indeed that Mr. Lambert has secured this good position, as his labors in behalf of the election of Goldsborough were certainly worthy of reward. Mr. Lambert has charge of the Court of Appeals building. The employees under Mr. Lambert are all Democrats, and Mr. Lambert says he is having a picnic with them.

Drowned at Plum Point.—Harry Reichert a 16 year-old lad, whose home was in Philadelphia, was drowned in the Chesapeake Bay, near Plum Point, Monday afternoon. Reichert in company with another young man, both of whom were boarding at C. B. Hazazer's summer home, were in bathing, both being good swimmers. Without warning or any cry of distress young Reichert went down to his death. The body was soon recovered and Dr. Frank W. Smith, coroner was notified. The latter decided that an inquest was unnecessary. Undertaker C. L. Dodd prepared the body for shipment to Philadelphia.

No More Colored Excursions.—The Board of Town Commissioners at its meeting on Monday night passed an ordinance prohibiting the landing of colored excursionists here. This action was the result of considerable disturbance caused by a number of drunken excursionists from Baltimore last Monday.

A Sure Thing.—Since writing the article in another column in reference to a milk station at Worton Station, etc., we have had a dispatch stating that the station will surely be established at Worton, and that the Pennsylvania capitalists who are interested in the establishment of these three stations will be at Worton on Tuesday to secure temporary quarters. A concrete building such as we discribe on another page will be erected, at a cost of $10,000, but for the present the station will be run in temporary quarters.

☞Chestertown harbor presented an unusual spectacle on Sunday evening. Seven sail vessels were anchored in the stream and tied up at wharves, while two fine yatches were "riding the ripples" in the harbor. The sail vessels were here to load wheat for shipment.

☞Mr. James G. Harris seems to be the wheat king of the county so far as the average yield is concerned. He got 650 bushels from a tillage of 20 acres, an average of 32½ bushels to the acre. The variety Mr. Harris used is Currell's Prolific, and it is good clean wheat.

☞The outbuildings on the farm of Mr. Zed R. Collins, near Centreville, were destroyed by fire Wednesday night. Cause of fire unknown.

☞Mr. John Kendall, brother of Mr. David B. Kendall, of the upper section of the county, has rented the Pearce-Chapman farm now tenanted by Mr. Harry Legg for next year. Mr. Legg goes to the farm in Flatlands which he recently bought, and now tenanted by Mr. Bert Sheppard.

☞The sale of the harness goods of the late John F. Howard drew a good crowd of bidders to Chestertown on Saturday and many bargains were purchased. The sale will be continued this afternoon at two o'clock and there are many useful articles, including a number of pieces of harness, blankets, single leather pieces, show cases, etc., to be sold.

☞Dr. G. Allen Jarman was called to the Heimitage, the home of Mrs. Williams, near Queenstown, last Friday to investigate a strange disease, which had killed several of her fine cows, a number of hogs, etc. Dr. Jarman was hurried there by Mr. Thomas A. Matthews in his auto. He believes the animals were poisoned, as every symptom pointed in that direction.

☞Some of our older residents remarked this week that this has been the coldest early part of August in 40 years. One of our younger lady residents remarked that she remembers one August when the Christian Endeavor Convention met at Wesley Chapel one day when it was so cold that winter wraps and thick carriage blankets were very comfortable in the drive down there.

☞Mr. and Mrs. A. H. Matthews, Mr. and Mrs. Arthur, of Oxford, and Miss Georgia Hughes, of Easton, were in Chestertown on Tuesday, having made the run from Oxford in Mr. Matthews' auto in 2½ hours. Mr. Matthews is thinking of investing in land here, and came to look at the Titter property near the Cliff's, which the Kent County Land Company has for sale.

☞It is reported that Mr. Kent Lambert, expert plumber, has rented the Hynson marble yard property, on Cross street, and that Mr. Lambert, who has held a position under the government in Panama for some years, will remove his family to Chestertown and engage in the plumbing business. This has been Mr. Lambert's vocation in Panama, and he is fully equipped to do all kinds of plumbing.

☞An effort has been made by interested parties to secure scholarships in the Buckingham Industrial School for Boys at Buckeystown for Masters Thomas Alfred and Charles Baker Elliott. This is a most excellent opportunity for these two very worthy little boys to secure a useful education, and it is hoped that they may be successful in securing the prizes.

☞Mr. Samuel Caldwell's sale of horses mules etc., on Wednesday was attended by a big crowd, people coming from Philadelphia, Baltimore and as far west as Pittsburg. Prices were good for everything sold. The Skirven sale on Thursday was also attended by a big crowd, and in the language of the hustling auctioneer John Jester, it was a good sale.

☞Messrs. John Schauber & Bros., manufaturers of their celebrated corn cutters, state that the prospects are very bright for a most successful season in the sale of the corn cutters. One of their agents has sent them the names of 119 prospective buyer in an adjoining State and the firm is as busy as can be making and shipping machines. They will have their annual advertisement in the TRANSCRIPT next week.
