PEOPLE'S COLUMN.

☞The columns of the TRANSCRIPT are open to the proper discussion of all topics of public interest or importance. Whether the editors agree with the sentiment expressed or not, the people should and may be heard through the TRANSCRIPT columns—the paper will be the People's Forum from which they may be heard on all subjects—purely personal matters excepted. The Editors are not responsible in any manner for articles that appear in this column.

MR. URIE "INFLUENCED" COLORED VOTERS.

MESSRS. EDITORS: With the TRANSCRIPT'S and Mr. Urie's differences we have nothing to do, nor in fact, care anything about. Mr. Urie, we judge, was perfectly jutified in securing the money or monies due his client, but we consider it at least both poor politics and a lack of good judgment when he makes such statements as eminated from him in the News of last week.

We all know Mr. Urie to be what is known as a *practical* politician, and we have often heard it alleged that when the Democratic party, in days gone by, wished a particular dirty piece of work done they knew which of their henchman to entrust with the same.

We are well aware that the TRANSCRIPT takes no exceptional interest in the 52 black people, or in fact in the 1600 or 1700 black people in Kent county, but we are also well aware that Mr. Urie's interest in the same black people is in just about the same proportion.

Mr. Urie by his statement has only confirmed the report or statement made by those who opposed him in the last Republican primaries, i e, that he had INFLUENCED the colored people to support him, and again by his own admission *influenced* them in the Presidential primaries.

Mr. Urie knows full well that the controlling influence with him is the fact that by endorsing Taft (of whom he has made the statement that it would be impossible to elect), he controls the situation in Kent county as regards State appointments, and if such were not the case it *might be*, a similar state of affairs brought about, as when he secured the State's Attorneyship for Kent county in 1895. With Messrs. Urie's and Townshend's differences of opinion we also have nothing to do, but we must confess that to us, an unpredjudiced observer, the course of Mr. Townshend in not relinquishing his party fealty, but in consistently refusing to act and serve in direct opposition to his better judgment, speaks well for his political honesty. As to Mr. Urie's boast of licking the "TRANSCRIPT'S Bull Moose Annex," we are very willing to accord him all the praise due him from such facts. We are positively sure that the "Bull Mooses" in Kent county are not members of that same "annex," and it might be possible that with their help, the Taft or Urie's boasted punishment meted out to them in the primaries be ameliorated in the general election.

To Mr. Urie we can only say, do not allow your personal animosities to becloud your judgment. Your statements would indicate that all Rooseveltians are as a body subordinate to the TRANSCRIPT, but we could name quite a number who are as *honest and sincere* in their opinions as yourself, and are as true in their Republicanism as yourself.
