THE WELL-DRESSED GIRL OF KENT COUNTY

will like the three-quarter length UTILITY COATS now being shown at The Ladies' Apparel Shop of Gertrude Leimbach, Baltimore. Made of material of rough weave, in the modish black and white check effect, with collars and cuffs braided; belted back, and with the collars so arranged that they can be fastened up at the throat when necessary, and turned back to form revers when the weather permits.

Not having the heavy rents and enormous operating expenses of the large department stores, the price of these smart coats at The Ladies' Apparel Shop of Gertrude Leimbach, Baltimore, is only

$9.00

And, as a lady remarked, they are "remarkably cheap."

in our methods of testing the eyes and fitting glasses. We use the latest and most approved instruments and *do not use any drugs or drops* to paralyze the muscles of the eyes as more satisfactory results can be obtained by the more modern methods without the dangerous after-effects of drops. Only those who have made a study of Optics and Anatomy of the eyes can fit glasses correctly.

If you break your glasses bring us the pieces and we will duplicate them for you.

Crimson Clover Seed

We are offering Fine New Crop DELAWARE BRAND Seed right from the heart of the Crimson Clover country. We do think prettier seed could not be had and lower in price than last year. The demand has been quite heavy, but our stock is quite large yet. If not ready for the seed now, let us book your order for future delivery.

Winner Plow Truck

This is a new one here having only been sold here for the past two seasons, but is has met with favor. It makes a riding plow of any walking plow that you have, and works fine. We can refer you to people who are using them. The whole attachment complete is only $10.00.

Plow Shears

We carry SHEARS for Vulcan, Oliver, Syracuse, Imperial and South Bend Plows. We grind shears for any make of plow, and we grind all sizes for only 10c. They do as good work after they are ground as they do when new. We have a good outfit now and can grind them very promptly.

American Fence

We have on hand all the leading sizes of American Fence, and all this Fence has been stored since its arrival last spring in our large warehouses at the depot. The prices are lower now than they are likely to be in the spring as we have already had two notices of an advance in the prices since we bought, but we are giving our customers the benefit of our early purchases.

A Never-Failing Thermometer

A prominent Kent county farmer living near Chestertown is the proud owner of a fine stallion. When discussing the hot weather of last week, on Tuesday morning last he stated that the hottest days this summer were Thursday and Friday, September 5th and 6th. "I know this is so because I can always tell hot weather from the way in which my stallion perspires. During all the summer he has not perspired at all, but on Thursday and Friday of last week, standing out here under the shade of the trees, he was wet all over, until it really looked as if the water was running off him. Yes, siree, he is a sure sign, and I know they were the hottest days." Can the Meteorological Department of the Government beat this, and does not the weather man in Baltimore need this thermometer?
