LOCAL MATTERS

Corner Stone Laid.—The corner stone of the new gymnasium at Washington College was laid on Monday in the presence of the student body and faculty by Dr. James W. Cain, the president of the college. The ceremonies were simple, but very appropriate. We shall have more to say of this handsome structure later.

Mammouth Sweet Potatoes.—We are indebted to Mr. James L. Caldwell, living on the Lockwood farm, near Chesterville, for a sweet potato that weighs FOUR pounds. We take off our hats to Mr. Caldwell, and give him the palm for sending us the finest as well as the largest specimen of sweet potato we have ever raceived. He has a fortune on his hands if he has many like it, and it has been greatly admired by our callers.

Odd Fellows Re-Organized.—Kent Lodge Independent Order of Odd Fellows No. 74 was re-organized in Galena on Monday, Sept. 16th, five new members were initiated, and officers were elected for the current term. A degree team was in attendance from Baltimore which conferred the degrees on the new members in a most pleasing manner. Several applications for membership have been received this week and a class of about 25 will be received in the near future. The officers for this term are as follows: Noble Grand, Edward C. Walters; Vice-Noble Grand, Dr. George R. Jones; Secretary, James D. Davis, Jr.; Treasurer, Harry Todd.

Mr. P. A. M. Brooks, who advertised his fine pleasure launch only once in the TRANSCRIPT, has sold the same to Mr. Thomas Massey, of this town, at a satisfactoty figure.

Mr. Arlington L. Sparks' new display windows present a most attractive appearance. They are decorated with goods very tastily, and they are a decided improvement to that part of the business section.

If you know anything we don't know, and which the people ought to know, if it is worth knowing, don't you know that it is your duty to let us know it, that the people may also know? You may know but they don't know, unless you let us know the things which you know. That will be good for all the people, don't you know.

There will be a meeting of Fairlee Grange next Wednesday evening at 7 o'clock. Light refreshments will be served.

Two important positions in Piney Neck are held by graduates of Washington College. Rev. Ollie H. Connelly is the popular pastor of Piney Neck M. E. Church and Prof. Leon Jones is the new principul of the Piney Neck High School. Both are young men of the highest christian character, and we are quite sure that they will make their influence felt for good in that community.

The recently enacted Federal law requiring all steamers carrying passengers to be equipped from September 15th until May 15th with sufficient life-saving apparatus to take care, in case of accident, of the full passenger capacity is giving steamboat companies no end of trouble, and as a result many of the Eastern Shore routes may be changed into freight traffic routes exclusively.

The engine of the freight train which leaves here at ten o'clock in the morning was derailed while shifting cars near the old depot on Wednesday morning, and required the assistance of a wreck train to "put it straight." Engineer Reed with his passenger engine did the shifting after the arrival of the morning train, and another train was sent down to "pick up" the freight along the road.
