A GREAT FALL CAMPAIGN!

Plans are laid for great political activity this fall. We presume that every voter of the country will give expression to his best judgment of the merits of the contending parties.

Also, great preparation has been made at this store for a far-reaching campaign in valuable merchandise, and we fully believe that after a fair inspection of our goods, a comfortable majority of buyers will find it to their advantage to do their fall shopping here.

☞Everything is Ready for You Now!

TUESDAY, SEPTEMBER 24th,

Is the Opening for Showing the Latest Styles and Best Values in

FALL AND WINTER HATS!

We are pleased to state that Miss Holston, the expert trimmer, is with us again this season. Four assistants are in the workroom. Miss Kate Wheatley, with her experience and complete knowledge of the business, will have charge of the department and attend to your wants in the most approved manner.

With such competent help and a large and well-selected line of **MILLINERY** to show you, we take pleasure in soliciting your trade in this department.

SUITS!

To make provision for our growing trade in Ready-to-wear Goods, we now utilize one-half space of second floor for

Suits and Coats.

Our Suits and Coats are made for us by the reliable firm, "STRAWBRIDGE & CLOTHIER," and shipment of over one hundred Suits is here from which you can make a splendid selection.

☞Also, we take Special Measurements for Suits and Guarantee a Fit.

We suggest that you come in early before rush season comes.

FALL SHOES HERE!

We feel a just pride when it comes to the matter of Shoes. The praises of the J.K Shoes have been sung ever since the line has been represented in our store. Their wearers in this locality are getting acquainted with their merits as to style and quality, and are swelling the chorus in their praise, so that this season we expect to distribute just double the number of fine Shoes as was sold last season. There is no need to go to the city now—for no better Shoe than the J. & K. is to be found.

How Many Tomatoes Grow in Kent.

We were asked the other day if there is any way of ascertaining the exact number of baskets of tomatoes that have been shipped from this and nearby Queen Anne's county and canned by our canneries during the present season. It would be quite a job to secure the exact figures, but possibly some fellow who hasn't much to do could find out by consulting all the shipping points and canneries. Mr. Charles W. Kibler who ships for Numsen, says he had shipped about 60,000 baskets from up the river up to yesterday. The big cannery at Barnard's wharf has 600 acres contracted for, and cans at the rate of 400 cans an hour. From the way tomatoes have been coming to our canneries and leaving our shipping points, we would say that 500,000 baskets would not be a bad guess. That would be 7,352 tons. At $9.60 per ton the amount of money circulated among our farmers would be $70,579.20. Do you think it will amount to that much?
