Everybody's Doing It,

DOING WHAT?

Why the best and only thing they can do—to save the "pennies," which, owing to the stringency of the times, are so hard to get.

Thompson knows how hard it is to make both ends meet, and now that his annual reduction sale is over, we propose to continue to give the very best bargains for the smallest amount of money obtainable. The proof of the pudding is chewing the string, and if you will give our stock an inspection and allow us to quote our prices we will cheerfully accept the result.

At last we have found the "one thing needful," and that is a guaranteed rubber boot, the ARROW BRAND, used by lumbermen and miners all over the United States to the exclusion of other brands. One merchant's sales increased from one season to the next over 500 per cent., showing the absolute reliability of the article.

Thompson is not in business for glory, but to make an honest, square livelihood, and it is his endeavor to give you your money's worth every time. Recollect, if a shoe does not wear as it ought, it is not his fault, and he will do everything to right the matter if possible. Any complaint, come right back and see if you cannot be satisfied. All dealers have complaints, and he is not an exception, but all he asks is to let him help satisfy you.

We know you cannot do better than with us. We will guarantee your money's worth, good treatment and satisfaction every time.

So do what others are doing, try us and be convinced.

Discrepancy in Bids.

Some months ago the Board of County Commissioners, a delegation of tax-payers from Still Pond and Betterton and a number of tax-payers in Chestertown were in conference with Mr. W. B. Miller and Senator E. E. Goslin, of the State Road Commission, in the commissioners' office in reference to the building of a good road from Betterton to Still Pond Station, a distance of 4.14 miles. Senator Goslin assured the delegation that a road similar to those being built in Caroline, Talbot and Wicomico counties, of shell macadam could be built for from $4,000 to $5,000 per mile.

Recently the commissioners received plans and specifications and a copy of what the commission had figured is a proper cost of this road which amounts for the 4.14 miles to $42,177.92. This discrepancy between Senator Goslin's figures and those of the State Road Commission led the Board of County Commissioners to address a letter on Wednesday to Chairman O. E. Weller to know the reason for this discrepancy, and to please explain why they should base their specifications upon a State macadam road at a cost of more than $10,000 per mile when the commissioners asked for specifications for such a road as Senator Goslin described, and which is being built in other counties of the Eastern Shore for from $4,000 to $5,000 per mile. The Board of County Commissioners is anxious to begin improving this road under State aid as soon as possible, but if they are to be charged any such sum as more than $10,000 per mile for it, they will be unable to assume the great cost of building the road. It is hoped that the Road Commission and the County Commissioners may be able to reach an agreement upon the kind of road which Senator Goslin advocated, and which he gave the County Commissioners to understand would be the kind of road upon which the plans and specifications would be prepared.

Messrs. Edward Robinson, A. J. Hackett, Frank Jarman and Arthur Prettymen left Chestertown in the latter's car on Thursday afternoon for Middletown to hear Gov. Wilson speak. They had a tire blowout this side of Kennedyville and had to abandon the trip. They came back to town in Prof. L. J. Smyth's car.

THE GRIM REAPER.

Mr. John S. Faulkner died at his home near Crumpton last Sunday, aged 58 years. He leaves a widow and one daughter. Funeral services were held on Wednesday afternoon, with interment in Galena cemetery. Undertaker Wm. H. Krusen had charge of the funeral arrangements.
