THE POLITICAL THERMOMETER, MID-OCTOCER READING.

Wilson far in the lead; Roosevelt second; Taft third, but gradually gaining, is the latest reading of the New York Herald's thermometer. In the straw vote, 154,771 polled, Wilson's percentage is .421, Roosevelt's .299, Taft's .219 on a 1,000 basis. The canvassers explain that Roosevelt's following in reality is probably not so large as indicated, because the Progressives, like new converts, rush forward to record themselves, while those who are for Taft or Wilson are more likely to be reticent. The Herald's estimates, based on this immense straw vote in 30 States, indicates that they will go as follows:

For WILSON—Twenty-three:

New York, Ohio, Kansas, Iowa, California, Pennsylvania, Minnesota, Maryland, Kentucky, Arizona, New Jersey, Oklahoma, Massachusetts, Indiana, Nebraska, Wisconsin, Nevada, Colorado, South Dakota, Delaware, West Virginia, New Mexico, Missouri.

For TAFT—Two:

Utah, Wyoming.

For ROOSEVELT—Five

Idaho, Illinois, Washington, Michigan, Connecticut.

These include those usually considered doubtful, and to the twenty three must be added the "solid South," the only old Sothern States included being Maryland, West Virginia and Kentucky. That means eleven added to the twenty-three. Now, the Democrats feel sure of carrying Connecticut, and believe they may get Illinois and Michigan. They consider Maine certain and New Hampshire and North Dakota doubtful, while they expect to capture Montana and possibly Oregan.

Baltimore Chamber of Commerce.

The following which is contributed by Mr. John M. Dennis, Presideut of the Louis Muller Co. is especially interesting at this time.

A farmer friend of mine drew attention to the bullentin of the Storr's Experiment Station of Connecticut, giving the cost of keeping and the production of a herd of dairy cows covering a period of five years. This in detail can be secured by asking for it, but the substance of this report shows the cost of keeping a cow for one year exclusive of feed, is as follows:

Bedding for one year	$5.00
Keep of bull per cow	3.00
Labor per year per cow	35.00
Interest on money invested in cow and barn	6.75
Taxes on cow and barn	1.25
Insurance on barn	1.40
Depreciation in cow	13.00
Light, heat, medicine, disenfection, veterinarian and ice	2.00
Total	$66.00

The feed given the cows figured on the basis of $4.00 per ton for silage, with hay at $16 per ton in the mow, with grain at $36 per ton at the barn, and the net result shows the cost of making milk on the basis of these figures to be approximately 5 cents per quart, or say 20 cents per gallon. As the average price paid the farmers by the Baltimore milk dealers is 17 cents per gallon, it would seem that our farmers are producing milk at a loss, and this would be true were it not for the good market that we find in our cows at home, for our clover, hay and other products of the farm, but most essential of all for successful farming is the manure secured from our dairy herd.

We believe the price of milk is lower than it should be in justice to the farmer. This will undoubtedly be regulated in time, and we expect better prices in the near future. But irrespective of this, we desire to encourage every farmer to keep a sufficient stock to feed up all the feeding products of his farm, except wheat and such produce as can be more advantageously sold for cash and replaced with feed for stock.

Get in correspondence with our Dairy Division of the Agricultural Experiment Station at College Park, Md. Join a cow testing association and weed out your unprofitable cows. It is not impossible for your cows to average 7,000 lbs. of milk per year, and on the basis of the prices at present and this yield, you will find dairying the most profitable feature of your farm work.

Betterton Notes.

Mrs. Roton Crew is visiting friends in Baltimore.

Mrs. P. H. Taylor and daughter, Myrtle, are spending some time in Baltimore.

Mr. Wm. A. Crew and wife have gone to Philadelphia, Atlantic City and will visit Baltimore on their return home.

The festival held Saturday evening was a success in every particular. Every one patronized it and a neat sum of forty-nine dollars and twenty-three cents cleared. These same church workers expect to serve oysters and sandwiches on election day, and they earnestly desire the patronage or the voters and those who do not vote just help the good cause alone.

Mr. Chas. Davis, Sr., was the guest of his son, Mr. Chas. K. Davis, on Wednesday.

Owing to the heavy shipment of freight the Ericsson steamers are not making schedule time.

Mr. Wm. B. Price is having his cottage repainted, and it certainly looks fine.

Mr. G. B. Taylor was in our town Wednesday serveying the old Crew property now owned by Mr. L. T. Crew.

Mrs. Harvey Moore is visiting Baltimore.

Mr. Howard Owens was in Baltimore on business Wednesday.

Mrs. Charles Brice is visiting her husband in Dover, Del., and will go from there to Baltimore thence to Ruxton, Va., before returning home.

Heavy Docket at Cenretville.—The November term of the Circuit Court for Queen Anne's county, which will convene in Centreville next month, promises to be the largest in the history of the county. Already there are 35 men in Centreville jail and many others are out on bail. Besides 14 cases of violations of the liquor law, innumerable assault cases, several petty larceny charges and similiar offences, there is one murder case, a negro criminal assault case and Howard Ozman, a Baltimorean, is awaiting trial on the charge of attempting to assault a pretty 14-year-old Kent Island girl and later shooting at her several times with a pistol.

Chestertown Citizens Gladly Testify and Confidently Recommend Doan's Kidney Pills.

It is testimony like the following that has placed Doan's Kidney Pills so far above competitors. When people right here at home raise their voice in praise there is no room left for doubt. Read the public statement of a Chestertown citizen:

S. F. Robinson, stationary engineer, N. Calvert St., Chestertown, Md., says: "Besides having trouble from my bladder, I also suffered from backache. The passages of the kidney secretions were irregular and attended with pain. Doan's Kidney Pills were the best kidney medicine I ever used, giving me great relief. I heartily recommend this remedy."

"When Your Back is Lame—Remember the Name." Don't simply ask for a kidney remedy—ask *distinctly for Doan's Kidney Pills*, the same that Mr. Robinson had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

Wall Paper

Our stock of new Wall Papers is nearly all in—over 9000 rolls. We purchased at a lower price and will sell at a lower price than ever before. The cash discounts on this bill is enough profit for us. We can sell these papers at the same price our competitors pay for what they buy. The starting price is

2½c Per Single Roll up to 10c Per Roll,

but come and see these papers and prices will surprise you. We'll sell paper. We sell you the paper outright or send you a competent man to hang it. No charge for our team.

Big Reduction in the price of B. P. S. Paint.

The Patterson Sargent Co. are using what they call their Universal Label on all their different products. So to keep in touch with this move, we have decided to sell all gallon cans bearing old labels at cost

$1.75 Per Gallon.

Also Hirschberg Hollander & Co.'s Stag Semi-Paste Paint; 1 gallon makes 2 gallons at $1.75. This reduction comes in season, don't wait as these prices won't last. Back they go when this lot is gone.
