NEED NOT MARK FOR ELECTORS.

The following instruction has been sent out by the Supervisors of Elections to the Judges of Election:

The judges are notified that a X in the box opposite the names of the Presidential and Vice-Presidential candidates—Woodrow Wilson and Thomas R. Marshall—carries with it all of the electors, so that only one cross-mark is necessary to vote for President. In other words, according to this instruction you will have to make only three X on the ballot in order to vote the Democratic ticket.

TO PROSPECTIVE

Tomb-Stone Buyers

Any one who may desire a duplicate of any of the stones erected in Chester Cemetery by outside parties can get it here at home, and in every instance but one at considerably less. I will save you all the extra expense that a dealer away would have in erecting one here. You will not be asked to pay a penny until the work is completed. Then if it is not as good in every respect as the one now erected, you are not obliged to accept it. You take no chances whatever when you deal with me.

In all classes of Monument and Tombstone Work you will find my prices lower than city prices. We are always glad to give estimates.

Be sure to vote the Prohibition ticket by placing your X opposite the name of each person as shown in the above ticket.

The man that really believes and has faith in God readily finds a congenial political house in the Prohibition party.

The consistent and sincere temperance man and christian citizen can only stand, by vote, upon dry ground in the civic life of a christian nation.

A candidate who fails to openly declare himself against the nation-wide destruction of the liquor traffic has no claim upon the church vote or the vote of any man opposed to a licensed liquor traffic.

Young man, let your first vote be an expression of a clean conscience and sincere purpose to be on the side of civic righteousness. As an evidence of such, vote the Prohibition ticket, and such action will not be clouded with remorse.
