Hearing On Railroad Extension.

Those who think that Mr. Harry C. Willis, the prime mover in the effort to induce the Pennsylvania Railroad Company to extend its line from Worton to Nicholson's station, has "laid down" are very much disappointed. Mr. Willis is not that kind. He has arranged to have a delegation of prominent farmers and shippers appear before the Public Utilities Commission on January 15th to reopen the matter with a view to a definite settlement. The farmers realize the value of this extension to them, and they are prepared to make a further effort to secure these transportation facilities. As an additional feature of the trip the delegation has been invited to inspect the large plant of the John Deere Machinery Co., near Baltimore, as guests of the management, and there will be quite a delegation from Kent in attendance at both places. We trust that Mr. Willis may be successful in his efforts before the Public Utilities Commission.
